1	Dangerous animal asset hazards.							

Precious metal asset

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt covered physical damage to:		Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit
	1.1	Precious metal asset(s)	\$500	\$500	\$1,000	\$1,000	\$2,500	\$2,500

Pressure vessel asset

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt covered physical damage to:		Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit
	1.1	Pressure vessel asset(s)	\$1,000	\$1,000	\$2,500	\$2,500	\$5,000	\$5,000
This coverage does not apply if the claim(s) is generally involving :								
1	Steam boiler system asset(s)							

Recreational motor vehicle asset

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt covered physical damage to:		Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit
	1.1	Recreational motor vehicle asset(s)	\$5,000	\$5,000	\$10,000	\$10,000	\$25,000	\$25,000

Rented or borrowed recreational motor vehicle asset

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt covered physical damage to:		Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit
	1.1	Rented or borrowed recreational motor vehicle asset(s)	\$1,000	\$1,000	\$5,000	\$5,000	\$10,000	\$10,000

Robot asset

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt covered physical damage to:		Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit
	1.1	Robot asset(s)	\$500	\$500	\$1,000	\$1,000	\$5,000	\$5,000
This coverage does not apply if the claim(s) is generally involving :								
1	Autonomous robot operation hazards							

Rented or borrowed robot asset

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt covered physical damage to:		Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit
	1.1	Rented or borrowed robot asset(s)	\$500	\$500	\$750	\$750	\$1,000	\$1,000
This coverage does not apply if the claim(s) is generally involving :								
1	Autonomous robot operation hazards							

Saddle or draft animal asset

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from an accident that first occurs during the policy period ;		Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit
2	That directly results in abrupt death or physical injury to:							
	2.1	Your saddle or draft animal asset(s) ;	\$2,500	\$2,500	\$5,000	\$5,000	\$10,000	\$10,000
This coverage does not apply if the claim(s) is generally involving :								
1	Dangerous animal asset hazards							

Rented or borrowed saddle or draft animal asset

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from an accident that results in abrupt physical injury to:		Per occurrence	Aggregate policy limit	Per occurrence	Aggregate policy limit	Per occurrence	Aggregate policy limit

			sub-limit		sub-limit		sub-limit	
	1.1	A rented or borrowed saddle or draft animal asset(s);	\$1,000	\$1,000	\$2,500	\$2,500	\$5,000	\$5,000
This coverage does not apply if the claim(s) is generally involving :								
1	Dangerous animal asset hazards							

Saddles, harness, and tack asset

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt covered physical damage to:		Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit
1.1	Saddles, harness, and tack asset(s)		\$1,000	\$1,000	\$2,500	\$2,500	\$5,000	\$5,000

Scientific instrument asset

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt covered physical damage to:		Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit
1.1	Scientific instrument asset(s)		\$1,000	\$1,000	\$2,500	\$2,500	\$5,000	\$5,000

Submerged personal asset (other than fixed asset)

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt covered physical damage to:		Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit
1.1	Submerged personal asset (other than fixed asset)(s)		\$1,000	\$1,000	\$2,500	\$2,500	\$5,000	\$5,000

Underground personal asset (other than fixed asset)

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt covered physical damage to:		Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit
1.1	Underground personal asset (other than fixed asset)(s)		\$1,000	\$1,000	\$5,000	\$5,000	\$10,000	\$10,000

Valuable papers and records asset

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt covered physical damage to:		Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit
1.1	Valuable papers and records asset(s)		\$250	\$250	\$500	\$500	\$1,000	\$1,000

Watercraft asset

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt covered physical damage to:		Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit
	1.1	Watercraft asset(s)	\$5,000	\$5,000	\$10,000	\$10,000	\$25,000	\$25,000
This coverage does not apply if the claim(s) is generally involving :								
1	Dangerous watercraft asset(s);							
2	Use without the expressed permission of the owner(s); or							
3	Any autonomous watercraft operation hazards.							

Rented or borrowed watercraft asset

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt covered physical damage to:		Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit	Per occurrence sub-limit	Aggregate policy limit
	1.1	Rented or borrowed watercraft asset(s)	\$1,000	\$1,000	\$5,000	\$5,000	\$10,000	\$10,000
This coverage does not apply if the claim(s) is generally involving :								
1	Dangerous watercraft asset(s);							
2	Use without the expressed permission of the owner(s); or							
3	Any autonomous watercraft operation hazards.							

Physical damage to covered assets

Defined scope of coverages

Air gust physical damage

The coverage only applies if:			Basic		Standard		Preferred							
1	The claim(s) directly results from abrupt :		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit						
	1.1	Air gust hazards												
2	That directly results in abrupt :		\$25,000	\$25,000	\$50,000	\$50,000	\$100,000	\$100,000						
	2.1	Physical damage to a covered asset(s).												
This coverage does not apply if the claim(s) is generally involving :														
1	An ensuing gust of air from any act of God hazards ;													
2	Physical damage to the fixed asset or personal asset (other than fixed asset) :													
	2.1	Directly resulting from one or more ensuing extreme interior atmosphere hazards ; and												
	2.2	Does not directly result from an abrupt puncture to the structural envelope of a fixed asset .												

Animal physical damage

The coverage only applies if:			The applicable covered asset limit applies
1	The claim(s) directly results from abrupt :		
	1.1	Animal activities hazards	
2	That directly results in abrupt :		
	2.1	Physical damage to covered asset(s).	
This coverage does not apply if the claim(s) is generally involving :			
1	Any other covered asset other than a fixed asset ; or		
2	Animal structural deterioration hazards.		

Animal structural deterioration collapse physical damage

The coverage only applies if:			The applicable covered asset limit applies
1	The claim(s) directly results from gradual :		
1.1	Animal structural deterioration hazards to a covered fixed asset ;		
2	That directly results in an abrupt full or partial collapse of the fixed asset .		
This coverage does not apply if the claim(s) is generally involving :			
1	Vermin hazards ; or		
2	Any other covered asset other than a fixed asset .		

Vermin physical damage

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt :		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	1.1	Vermin hazards						
2	That directly results in abrupt :							

(Continued on the next page)

	2.1	Physical damage to a covered asset(s).	\$500	\$500	\$750	\$750	\$1,000	\$1,000
--	-----	--	-------	-------	-------	-------	---------	---------

Assault or battery physical damage

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt :		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	1.1	Assault or battery hazards;						
2	That directly results in abrupt :		\$1,000	\$1,000	\$2,500	\$2,500	\$5,000	\$5,000
	2.1	Physical damage to a covered asset(s).						

Assault or battery physical damage deductible

Deductible:	\$10,000	Deductible adjustment(s) and exceptions:	N/A
-------------	----------	--	-----

Battery energy storage system pollutant damage

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt :		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	1.1	Battery energy storage system pollutant hazards;						
2	That directly results in abrupt :		\$5,000	\$5,000	\$10,000	\$10,000	\$25,000	\$25,000
	2.1	Physical damage to a covered battery energy storage system asset(s).						

Breakage and dropping physical damage

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt :		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	1.1	Breakage and dropping physical hazards;						
2	That directly results in abrupt :		\$500	\$500	\$1,000	\$1,000	\$5,000	\$5,000
	2.1	Physical damage to a covered fragile asset(s).						

Catastrophic ground cover collapse physical damage

The coverage only applies if:								
1	The claim(s) directly results from abrupt :							
	1.1	Catastrophic ground cover collapse hazards ; or						
	1.2	Ensuing physical damage that would not have occurred but for catastrophic ground cover collapse hazards , including, but not limited to:						
	1.2.1	Ensuing air gust hazards ;						
	1.2.2	Ensuing collapse hazards , including subsequently discovered structural deterioration hazards ;						
	1.2.3	Ensuing extreme interior atmosphere hazards ;						
	1.2.4	Ensuing fire hazards ;						
	1.2.5	Ensuing smoke hazards ; or						
1.2.6	Ensuing wildfire hazards .	Basic		Standard		Preferred		
2	That directly results in abrupt :		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	2.1	Physical damage to a covered asset(s).	\$25,000	\$25,000	\$50,000	\$50,000	\$100,000	\$100,000
This coverage does not apply if the claim(s) is generally involving :								
1	Earth movement hazards ;							
2	Earthquake hazards ;							
3	Mine subsidence hazards ;							
4	Seismic activity hazards ;							
5	Sinkhole activity ; or							
6	Sinkhole collapse hazards .							
7	Physical damage to the fixed asset or personal asset (other than fixed asset) :							
7.1	Directly resulting from one or more ensuing extreme interior atmosphere hazards ;							
7.2	Does not directly result from an abrupt puncture to the structural envelope of a fixed asset .							

Cold weather physical damage

Blizzard physical damage

The windstorm physical damage coverage includes blizzard hazards claim(s).	Please refer to windstorm physical damage limit
--	---

Freezing physical damage

The coverage only applies if:								
1	The claim(s) directly results from abrupt :		Basic		Standard		Preferred	
	1.1	Freezing hazards ; or						
2	That directly results in abrupt :		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	2.1	Physical damage to a covered asset(s).						
This coverage does not apply if the claim(s) is generally involving :								
1	Water leakage hazards							
2	Freezing prevention hazards							
3	Specific freezing hazards							

Ice storm physical damage

The coverage only applies if:			The applicable covered asset limit applies
1	The claim(s) directly results from abrupt :		
1.1	Ice storm hazards; or		
2	That directly results in abrupt :		
2.1	Physical damage to a covered asset(s).		
This coverage does not apply if the claim(s) is generally involving :			
1	Any other covered asset other than a fixed asset ;		
2	Snow and ice damming hazards ; or		
3	Physical damage to the fixed asset or personal asset (other than fixed asset) :		
3.1	Directly resulting from one or more ensuing extreme interior atmosphere hazards ;		
3.2	Does not directly result from an abrupt puncture to the structural envelope of a fixed asset .		

Snow and ice damming physical damage

The coverage only applies if:			The applicable covered asset limit applies
1	The claim(s) directly results from abrupt :		
1.1	Snow and ice damming hazards;		
2	That directly results in abrupt :		
2.1	Physical damage to a covered dwelling asset(s) .		
This coverage does not apply if the claim(s) is generally involving :			
1	Any other covered asset other than a fixed asset ;		
2	Ice storm hazards ; or		
3	Physical damage to the fixed asset or personal asset (other than fixed asset) :		
3.1	Directly resulting from one or more ensuing extreme interior atmosphere hazards ;		
3.2	Does not directly result from an abrupt puncture to the structural envelope of a fixed asset .		

Snow and ice damming physical damage deductible

Deductible:	\$5,000	Deductible adjustment(s) and exceptions:	Snow and ice damming physical damage table
Snow and ice damming physical damage table Deductible adjustment(s):			Deductible adjustment amount to the snow and ice damming physical damage superseding deductible
1	If working ice melt cables are used along gutters and roof edges		\$1,000 decrease
2	If all known heat leaks around interior lights or roof vents have been reasonably mitigated		\$1,000 decrease
3	If you regularly remove excess snow and ice buildup from the roof, gutters, and roof valleys as recommended by snow load rating based on the location and historical ice buildup frequency or severity		\$2,500 decrease

Snowslide-avalanche physical damage

The coverage only applies if:			The applicable covered asset limit applies
1	The claim(s) directly results from abrupt :		
	1.1	Snowslide-avalanche hazards	
2	That directly results in abrupt :		
	2.1	Physical damage to a covered asset(s).	
This coverage does not apply if the claim(s) is generally involving :			
1	Physical damage to the fixed asset or personal asset (other than fixed asset) :		
	1.1	Directly resulting from one or more ensuing extreme interior atmosphere hazards ;	
	1.2	Does not directly result from an abrupt puncture to the structural envelope of a fixed asset .	

Collapse physical damage

The coverage only applies if:			The applicable covered asset limit applies
1	The claim(s) directly results from abrupt :		
	1.1	Collapse hazards ;	
2	That directly results in abrupt :		
	2.1	Physical damage to a covered asset(s).	
This coverage does not apply if the claim(s) is generally involving :			
1	Collapse hazards that are not first set in motion by one or more of the specific collapse triggers ; or		
2	Collapse hazards that does not render:		
	2.1	The covered dwelling asset or appurtenant structure asset ; or	
	2.2	A portion of the covered dwelling asset or appurtenant structure asset ;	
	2.3	Unsafe and unfit for its intended occupancy subject to a reasonable person standard .	
3	A covered dwelling asset or appurtenant structure asset :		
	3.1	That remains standing or has not fallen into multiple pieces; and or	
	3.2	There is no clear and present danger of a total and complete collapse .	
4	Physical damage to the fixed asset or personal asset (other than fixed asset) :		
	4.1	Directly resulting from one or more ensuing extreme interior atmosphere hazards ;	
	4.2	Does not directly result from an abrupt puncture to the structural envelope of a fixed asset .	

Collision physical damage

The coverage only applies if:			The applicable covered asset limit applies	
1	The claim(s) directly results from abrupt :			
	1.1	Collision hazards ;		
	1.2	Ensuing physical damage that would not have occurred but for collision hazards , including, but not limited to:		
		1.2.1		Ensuing air gust hazards ;
		1.2.2		Ensuing collapse hazards , including subsequently discovered structural deterioration hazards ;
		1.2.3		Ensuing extreme interior atmosphere hazards ;
		1.2.4		Ensuing fire hazards ;
		1.2.5		Ensuing smoke hazards ; or
1.2.6	Ensuing wildfire hazards ;			
2	That directly results in abrupt :			
	2.1	Physical damage to a covered asset(s).		
This coverage does not apply if the claim(s) is generally involving :				
1	Aircraft asset colliding with another aircraft asset ;			
2	Automobile colliding with another automobile;			
3	A train colliding with another train; or			
4	Watercraft asset colliding with another watercraft asset .			
5	Physical damage to the fixed asset or personal asset (other than fixed asset) :			
	5.1	Directly resulting from one or more ensuing extreme interior atmosphere hazards ;		
	5.2	Does not directly result from an abrupt puncture to the structural envelope of a fixed asset .		

Construction physical damage

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt :		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	1.1	Construction hazards ;						
2	That directly results in abrupt :		\$5,000	\$5,000	\$10,000	\$10,000	\$25,000	\$25,000
	2.1	Physical damage to a covered asset(s).						
This coverage does not apply if the claim(s) is generally involving :								
1	Dangerous construction hazards							

Defective construction collapse physical damage

The coverage only applies if:			The applicable covered asset limit applies
1	The claim(s) directly results from abrupt :		
	1.1	Collapse hazards ;	
2	That directly results from the use of defective construction material in the construction, remodeling, or renovation of fixed asset(s) .		

Cosmetic physical damage

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt :		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	1.1	Cosmetic physical damage hazards:						
2	That directly results in abrupt :		\$1,000	\$1,000	\$2,500	\$2,500	\$5,000	\$5,000
	2.1	Physical damage to the exterior covering material or gutter system of a covered fixed asset .						
This coverage does not apply if the claim(s) is generally involving :								
1	A puncture of the covering material that directly results in the abrupt loss of its water-shedding ability; or							
2	A puncture of the gutter system that directly results in abrupt loss of its water-carrying ability.							

Earth movement physical damage

The coverage only applies if:					
1	The claim(s) directly results from abrupt :		Basic	Standard	Preferred
	1.1	Earth movement hazards that are generally involving the abrupt disturbance of footings, pilings, piers, anchorage, foundations, or other foundational parts of a covered fixed asset(s) ; or			

(Continued on the next page)

	1.2	Ensuing physical damage that would not have occurred but for earth movement hazards , including, but not limited to:	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	1.2.1	Ensuing air gust hazards ;						
	1.2.2	Ensuing collapse hazards , including subsequently discovered structural deterioration hazards ;						
	1.2.3	Ensuing extreme interior atmosphere hazards ;						
	1.2.4	Ensuing fire hazards ;						
	1.2.5	Ensuing smoke hazards ; or						
	1.2.6	Ensuing wildfire hazards .						
2	That directly results in abrupt :							
	2.1	Physical damage to a covered asset(s).	\$5,000	\$5,000	\$10,000	\$10,000	\$25,000	\$25,000
This coverage does not apply if the claim(s) is generally involving :								
1	Fire hazards							
2	Collapse hazards							

Earthquake physical damage

The coverage only applies if:			Per occurrence limit	Aggregate policy limit
1	The claim(s) directly results from abrupt :			
	1.1	Earthquake hazards ; or		
	1.2	Ensuing physical damage that would not have occurred but for earthquake hazards , including, but not limited to:		
	1.2.1	Ensuing air gust hazards ;		
	1.2.2	Ensuing collapse hazards , including subsequently discovered structural deterioration hazards ;		
	1.2.3	Ensuing extreme interior atmosphere hazards ;		
	1.2.4	Ensuing fire hazards ;		
	1.2.5	Ensuing smoke hazards ; or		
	1.2.6	Ensuing wildfire hazards .		
2	That directly results in abrupt :			
	2.1	Physical damage to a covered asset(s).		
3	Any earthquake hazards that occur within any consecutive 72-hour period is considered a single occurrence .			

Earthquake physical damage deductible

Deductible:	\$10,000	Deductible adjustment(s) and exceptions:	Earthquake physical damage deductible table
Earthquake physical damage deductible table deductible adjustment(s):			
If a covered dwelling asset or appurtenant structure asset had complied at the time of damage with all material federal, state, or local building codes or ordinances concerning earthquake damage prevention and mitigation, including, but not limited to:			Deductible adjustment amount to the earthquake physical damage superseding deductible
1	Conducted an approved inspection under a required construction or renovation permit for work performed;		
2	The dwelling asset had:		
	2.2	Installed bracing, anchoring, or strapping of all water heaters to resist falling or horizontal displacement;	\$5,000 decrease
	2.3	Foundation anchor bolt requirements; and	
	2.4	Bracing requirements for cripple walls.	

Electrical physical damage

Electrical physical damage (other than lightning)

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt :		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	1.1	Electrical hazards (other than lightning);						
2	That directly results in abrupt :							
	2.1	Physical damage to a covered asset(s).	\$5,000	\$5,000	\$10,000	\$10,000	\$25,000	\$25,000
This coverage does not apply if the claim(s) is generally involving :								
1	Lightning hazards							
2	An ensuing fire , including ensuing damage from necessary fire suppression actions, including, but not limited to:							
	2.1	A fire suppression system asset discharge; and						
	2.2	The use of water or chemical retardants to extinguish and prevent the spread of the fire .						

Electronic circuitry impairment physical damage

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt :		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	1.1	Electronic circuitry impairment hazards ;						
2	That directly results in abrupt :							
	2.1	Physical damage to a covered asset(s).	\$500	\$500	\$750	\$750	\$1,000	\$1,000
This coverage does not apply if the claim(s) is generally involving :								
1	Dangerous electronic circuitry impairment hazards							

Lightning physical damage

The coverage only applies if:			The applicable covered asset limit applies	
1	The claim(s) directly results from abrupt :			
	1.1	Lightning hazards ;		
	1.2	Ensuing physical damage that would not have occurred but for lightning hazards , including, but not limited to:		
		1.2.1		Ensuing air gust hazards ;
		1.2.2		Ensuing collapse hazards , including subsequently discovered structural deterioration hazards ;
		1.2.3		Ensuing extreme interior atmosphere hazards ;
		1.2.4		Ensuing fire hazards ;
		1.2.5		Ensuing smoke hazards ; or
		1.2.6		Ensuing wildfire hazards ;
2	That directly results in abrupt :			
	2.1	Physical damage to a covered asset(s).		

Explosion, explosives, and flammables physical damage

Explosion physical damage

The coverage only applies if:			The applicable covered asset limit applies
1	The claim(s) directly results from abrupt :		
	1.1	Explosion hazards ;	
2	That directly results in abrupt :		
	2.1	Physical damage to a covered asset(s).	
This coverage does not apply if the claim(s) is generally involving :			
1	Dangerous explosives and flammables hazards		
2	High-pressure vessel explosion hazards		

Explosives and flammables physical damage

The coverage only applies if:			The applicable covered asset limit applies
1	The claim(s) directly results from abrupt :		
	1.1	Explosives and flammables hazards;	
	1.2	Ensuing physical damage that would not have occurred but for explosives and flammables hazards , including, but not limited to:	

(Continued on the next page)

		1.2.1	Ensuing air gust hazards ;	
		1.2.2	Ensuing collapse hazards , including subsequently discovered structural deterioration hazards ;	
		1.2.3	Ensuing extreme interior atmosphere hazards ;	
		1.2.4	Ensuing fire hazards ;	
		1.2.5	Ensuing smoke hazards ; or	
		1.2.6	Ensuing wildfire hazards ;	
2	That directly results in abrupt :			
2.1	Physical damage to a covered asset(s).			
This coverage does not apply if the claim(s) is generally involving :				
1	Physical damage to the fixed asset or personal asset (other than fixed asset) :			
1.1	Directly resulting from one or more ensuing extreme interior atmosphere hazards ;			
1.2	Does not directly result from an abrupt puncture to the structural envelope of a fixed asset .			

High-pressure vessel explosion physical damage

The coverage only applies if:				Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt :			Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	1.1	High-pressure vessel explosion hazards ;							
2	That directly results in abrupt :								
	2.1	Physical damage to a covered asset(s):		\$100,000	\$100,000	\$200,000	\$200,000	\$300,000	\$300,000
This coverage does not apply if the claim(s) is generally involving :									
1	Physical damage to the fixed asset or personal asset (other than fixed asset) :								
	1.1	Directly resulting from one or more ensuing extreme interior atmosphere hazards ;							
	1.2	Does not directly result from an abrupt puncture to the structural envelope of a fixed asset .							

Extreme interior atmosphere physical damage

Fixed assets

The coverage only applies if:				Basic		Standard		Preferred	
1	The claim(s) directly results from abrupt :			Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit

1	The claim(s) directly results in abrupt :							
	1.1	Bodily injury ; or						
	1.2	Property damage .						
2	The claim(s) directly results from one or more:		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	2.1	Care services hazards	\$10,000	\$10,000	\$25,000	\$25,000	\$50,000	\$50,000
	This coverage does not apply if the claim(s) is generally involving :							
1	Dangerous care services hazards							

Collision liabilities

The coverage only applies if:			The blanket covered personal liabilities limit applies
1	The claim(s) directly results in abrupt :		
	1.1	Bodily injury ; or	
	1.2	Property damage .	
2	The claim(s) directly results from one or more:		
	2.1	Collision hazards	
This coverage does not apply if the claim(s) is generally involving :			
1	Dangerous collision hazards		

Communication tower asset liabilities

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results in abrupt :							
	1.1	Bodily injury ; or						
	1.2	Property damage .						
2	The claim(s) directly results from one or more:		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	2.1	Communication tower asset(s)	\$25,000	\$25,000	\$50,000	\$50,000	\$100,000	\$100,000

Computer hardware asset

Bodily injury liabilities

The coverage only applies if:			The blanket covered personal liabilities limit applies
1	The claim(s) directly results in abrupt :		
	1.1	Bodily injury ;	
2	The claim(s) directly results from one or more:		
	2.1	Computer hardware asset(s)	
This coverage does not apply if the claim(s) is generally involving :			
1	Computer software asset		
2	Embedded computer system		
3	Personal electronic device asset		

Property damage liabilities

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results in abrupt :							
	1.1	Property damage ;						
2	The claim(s) directly results from one or more:		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	2.1	Computer hardware asset(s)						
			\$1,000	\$1,000	\$2,500	\$5,000	\$5,000	\$10,000
This coverage does not apply if the claim(s) is generally involving :								
1	Computer software asset							
2	Embedded computer system							
3	Personal electronic device asset							

Computer software asset

Bodily injury liabilities

The coverage only applies if:			The blanket covered personal liabilities limit applies
1	The claim(s) directly results in abrupt :		
	1.1	Bodily injury ;	
2	The claim(s) directly results from one or more:		
	2.1	Computer software asset(s)	
This coverage does not apply if the claim(s) is generally involving :			
1	Computer hardware asset		
2	Embedded computer system		
3	Personal electronic device asset		

Property damage liabilities

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results in abrupt :							
	1.1	Property damage;						
2	The claim(s) directly results from one or more:		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	2.1	Computer software asset(s)	\$1,000	\$1,000	\$2,500	\$5,000	\$5,000	\$10,000
This coverage does not apply if the claim(s) is generally involving :								
1	Computer hardware asset							
2	Embedded computer system							
3	Personal electronic device asset							

Construction liabilities

The coverage only applies if:			Basic		Standard		Preferred							
1	The claim(s) directly results in abrupt :		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit						
	1.1	Bodily injury ; or												
	1.2	Property damage .												
2	That directly resulted from one or more:		\$100,000	\$100,000	\$200,000	\$200,000	\$300,000	\$300,000						
	2.1	Construction hazards												
This coverage does not apply if the claim(s) is generally involving :														
1	Dangerous construction hazards													
2	Scaffolding hazards													

Contract liabilities

The coverage only applies if:			The blanket covered personal liabilities limit applies
1	The claim(s) directly results in abrupt :		
	1.1	Bodily injury ; or	
	1.2	Property damage .	
2	The claim(s) directly results from one or more:		
	2.1	Contract hazards	
This coverage does not apply if the claim(s) is generally involving :			
1	Dangerous contract hazards		

Crowd liabilities

The coverage only applies if:			The blanket covered personal liabilities limit applies
1	The claim(s) directly results in abrupt :		
	1.1	Bodily injury ; or	
	1.2	Property damage .	
2	The claim(s) directly results from one or more:		
	2.1	Crowd hazards	
This coverage does not apply if the claim(s) is generally involving :			
1	Dangerous crowd hazards		
2	Emergency mismanagement hazards		

Dangerous personal asset (other than fixed asset) liabilities

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results in abrupt :							
	1.1	Bodily injury ; or						
	1.2	Property damage .						
2	The claim(s) directly results from one or more:		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	2.1	Dangerous personal asset (other than fixed asset)	\$100,000	\$100,000	\$200,000	\$200,000	\$300,000	\$300,000

Defamation liabilities

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results in abrupt :							
	1.1	Bodily injury ; or

	2.1	Elevator or mechanical walkway asset(s)	\$1,000	\$1,000	\$5,000	\$5,000	\$10,000	\$10,000

Emergency mismanagement liabilities

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results in abrupt :							
	1.1	Bodily injury ; or						
	1.2	Property damage .						
2	The claim(s) directly results from one or more:		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	2.1	Emergency mismanagement hazards	\$100,000	\$100,000	\$200,000	\$200,000	\$300,000	\$300,000

Explosion liabilities

The coverage only applies if:			The blanket covered personal liabilities limit applies
1	The claim(s) directly results in abrupt :		
	1.1	Bodily injury ; or	
	1.2	Property damage .	
2	The claim(s) directly results from one or more:		
	2.1	Explosion hazards	
This coverage does not apply if the claim(s) is generally involving :			
1	Dangerous explosion hazards		
2	Emergency mismanagement hazards		
3	High-pressure vessel explosion hazards		
4	Pressure vessel asset(s)		

Explosives and flammables liabilities

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results in abrupt :							
	1.1	Bodily injury ; or						
	1.2	Property damage .						
2	The claim(s) directly results from one or more:		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	2.1	Explosives and flammables hazards	\$100,000	\$100,000	\$200,000	\$200,000	\$300,000	\$300,000
	This coverage does not apply if the claim(s) is generally involving :							
1	Dangerous explosives and flammables hazards							
2	Emergency mismanagement hazards							

Fire and smoke liabilities

Fire liabilities

The coverage only applies if:			The blanket covered personal liabilities limit applies
1	The claim(s) directly results in abrupt :		
	1.1	Bodily injury ; or	
	1.2	Property damage .	
2	The claim(s) directly results from one or more:		
	2.1	Fire hazards	
This coverage does not apply if the claim(s) is generally involving :			
1	Dangerous fire hazards		
2	Electrical fire hazards		
3	Emergency mismanagement hazards

4	Fire legal hazards
5	Wildfire hazards

Smoke liabilities

The coverage only applies if:			The blanket covered personal liabilities limit applies
1	The claim(s) directly results in abrupt :		
	1.1	Bodily injury ; or	
	1.2	Property damage .	
2	The claim(s) directly results from one or more:		
	2.1	Smoke hazards	
This coverage does not apply if the claim(s) is generally involving :			
1	Arson		
2	Emergency mismanagement hazards		
3	Smoke legal hazards		
4	Wildfire hazards		

Fire legal bodily injury liabilities

The coverage only applies if:			The blanket covered personal liabilities limit applies
1	The claim(s) directly results in abrupt :		
1.1	Bodily injury ;		
2	The claim(s) directly results from one or more:		
2.1	Fire legal hazards		
This coverage does not apply if the claim(s) is generally involving :			
1	Dangerous fire legal hazards		

Fire legal property damage liabilities

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results in abrupt :

This coverage does not apply if the claim(s) is generally involving :								
1	Dangerous smoke legal hazards							

Wildfire bodily injury liabilities

The coverage only applies if:			The blanket covered personal liabilities limit applies
1	The claim(s) directly results in abrupt :		
	1.1	Bodily injury ;	
2	The claim(s) directly results from one or more:		
	2.1	Wildfire hazards	
This coverage does not apply if the claim(s) is generally involving :			
1	Arson		
2	Emergency mismanagement hazards		
3	Fire legal hazards		

Wildfire property damage liabilities

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results in abrupt :							
	1.1	Property damage ;						
2	The claim(s) directly results from one or more:		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit
	2.1	Wildfire hazards						
This coverage does not apply if the claim(s) is generally involving :								
1	Arson							
2	Emergency mismanagement hazards							
3	Fire legal hazards							

Firearm or weapon asset

Bodily injury liabilities

The coverage only applies if:			Basic		Standard		Preferred	
1	The claim(s) directly results in abrupt :							
	1.1	Bodily injury ;						
2	The claim(s) directly results from one or more:		Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit	Per occurrence limit	Aggregate policy limit

Basic common policy conditions and restrictions

Basic policy understandings

1	This insurance policy's language is drafted to be reasonably informative and understandable.
2	It is agreed that the insurance policy's language will be generally construed in favor of coverage;
3	But will not be interpreted in a forced, contorted, or strained manner to extend or restrict its provisions nevertheless:
3.1	Defined words and phrases are given specific or technical meanings; and
3.2	Exclusively control concerning this policy;
3.3	Undefined words and phrases retain their natural and ordinary meanings in common dictionaries.
4	Words and phrases cannot be taken out of context, irrationally construed, or read in isolation.
5	Provisions of this insurance policy must be read in context and reference to the policy as a whole.
6	If there is a conflict between a common policy definition encompassing more than one:
6.1	Class, kind, nature, category, or type;
6.2	Use or operation;
6.3	Person or organization;
6.4	Business, trade, or profession;
6.5	Act(s), error(s) or omission(s);
6.6	Locations;
6.7	Injury, loss, or damage;
6.8	Scope of operations and activities;
6.9	Asset, property, substance, material, object, or thing;
6.10	Liabilities, fines, damages, defense costs , legal expenses;
6.11	Property exposures, perils, or hazards;
6.12	Policy endorsement; and
6.13	A COVERED RISK(S) OR NON-TRANSFERRED RISK(S) MORE SPECIFICALLY DESCRIBED, THE MORE SPECIFICALLY DESCRIBED LANGUAGE SUPERSEDES AND CONTROLS.

When physical damage limits and covered asset limits apply

1	When a combination of physical damage to covered assets limits and one or more sub-limited covered dwelling assets , sub-limited covered appurtenant structure assets , and/or sub-limited personal asset (other than fixed asset) apply to the same covered physical damage claim:
1.1	The coverage with the smallest limit applies;
1.2	To the extent apportionment does not apply;
1.3	When the applicable asset limit(s) or sub-limit(s) exceed the physical damage to covered asset limit, the physical damage to covered asset limit will supersede the applicable asset limit(s) or sub-limit(s);
1.4	When the physical damage to covered assets limit exceeds the applicable asset limit(s) or sub-limit(s), the applicable asset limit(s) or sub-limit(s) will supersede the physical damage to covered assets limit.
2	EXAMPLE 1: Concerning an earthquake occurrence that results in:
2.1	A covered physical damage claim for a dwelling asset that is subject to a limit of \$500,000; and
2.2	The earthquake physical damage is subject to a sub-limit of \$50,000;
2.3	Because the total covered asset claim amount (\$500,000) exceeds the earthquake physical damage amount (\$50,000), the earthquake physical damage limit supersedes the dwelling asset limit(s).
3	EXAMPLE 2: Concerning an earthquake occurrence that results in:
3.1	A covered physical damage claim for a fine art asset that is subject to a sub-limit of \$5,000; and
3.2	A covered physical damage claim for ensuing fire to an appurtenant structure asset that is subject to a sub-limit of \$25,000; and
3.3	The earthquake physical damage is subject to a sub-limit of \$50,000;
3.4	Because the total covered asset claim amount (\$5,000 + \$25,000=\$30,000) does not exceed the earthquake physical damage amount (\$50,000), the applicable asset sub-limits supersede the earthquake physical damage limit.

Applicability of insurance

1	The insurance does not apply in whole or in part to:
1.1	Non-transferred risks
1.2	Risk(s) retained by you and or transferred to others;
2	The insurance only applies to:
2.1	Covered physical damage or theft loss, including ensuing covered dwelling occupancy disruption , if any; and
2.2	Covered liabilities, including covered defense costs , if any:
2.2.1	That is transferred to us , in whole or in part;
2.2.2	But only to the extent such coverage claim(s) are expressly covered and limited by this policy.

Scope of coverage

1	The insurance provided by this policy does not apply to any claim that falls outside the applicable defined scope of coverage;
2	Regardless, as to whether or not:
2.1	The applicable defined scope of coverage, when read in harmony with all applicable and expressly defined words and phrases:
2.1.1	Broadens the scope of coverage that applies; or
2.1.2	Narrows the scope of coverage that applies.

Endorsements supersede

Notwithstanding the specific terms, limits, deductible(s) , self-insured retention(s) , and all other conditions of this policy:	
1	Every policy endorsement(s);
2	Concerning the matters of each endorsement(s);
3	Control and supersede all other conflicting terms, limits, deductibles , self-insured retentions , and all other conditions of this policy.

Independent defense counsel

In the event a covered person or covered organization is entitled by law to select independent defense counsel at our expense, the following shall apply:	
1	All legal fees and all other litigation expenses we must pay to that defense firm are limited to the rates we would usually pay to a defense firm that we retain in the ordinary course of business in defense of similar claims, arbitration, or litigation in the community where the event occurred or is being litigated.
2	We may exercise our right to require any such defense firm to have certain minimum qualifications concerning their experience and competency in defending claims similar to those pending against you .
3	We may refuse to pay your costs of your defense firm:
3.1	If such firm is without an in-force professional errors and omissions insurance with a reasonable coverage limit under the circumstances;
3.2	That is also provided by an "A-" rated or better insurer(s);
4	Regarding any such defense firm, you agree that such a defense firm will respond to our request for information regarding the claim or litigation.
5	You may freely and fully waive your right to select independent counsel at any time by your signed consent.

Insurable interest

This insurance does not apply to covered assets, any interest in to covered assets, or arising from covered assets except for the benefit of persons having an insurable interest in the covered asset(s) at the time of the loss.

Severability of policy provisions

The provisions of this policy are severable.	
1	The invalidity or unenforceability of any policy term(s) or condition(s) shall not affect the validity or enforceability of the other policy term(s) or condition(s).
2	If any provision of this policy, or the application and effect on any person, organization, or any circumstance, is invalid or unenforceable:
2.1	The remainder of this policy and the application of such policy term(s) or condition(s) on another person(s), organization(s); or
2.2	Any circumstances shall not be affected by such invalidity or unenforceability;
3	Nor shall such invalidity or unenforceability affect the validity or enforceability of such policy term(s), condition(s), or the application thereof in any other jurisdiction; and
4	In the event of invalid or unenforceable policy term(s) or condition(s):
4.1	By a judge in a lawsuit against us , a suitable and equitable substitute be imposed to carry out the intent and purpose of such invalid or unenforceable policy term(s) or condition(s) as determined under binding arbitration .

4.2	By an arbitrator or arbitration panel, a suitable and equitable substitute be imposed to carry out the intent and purpose of such invalid or unenforceable policy term(s) or condition(s).

Notice concerning disclaimer for underinsurance

1	We expressly disclaims any and all liability concerning any alleged warranty, guarantee, or representation:
1.1	Concerning coverage adequacy or claim eligibility under this insurance policy;
1.2	Related to any information, guidance, and coverage recommendations provided herein for underwriting purposes;
1.3	Including, but not limited to:
1.3.1	Underinsurance resulting from insufficient policy limits, sub-limits, or non-transferred risks ;
1.3.2	Inaccurate or outdated replacement cost estimations, including those derived from third-party valuation tools or proprietary models;
1.3.3	Inadequate inflation guard adjustments, whether due to market volatility, supply chain disruptions, labor shortages, or regulatory changes;
1.3.4	Failure to meet actual cash value or full replacement cost thresholds at the time of loss;
1.3.5	Losses arising from misinterpretation or reliance upon policy illustrations, summaries, or agent communications not expressly incorporated into this insurance policy;
2	All insurance policies are subject to the terms, conditions, defined scope of coverage, non-transferred risks , claims reporting, restrictions, endorsements, and declarations contained therein;
3	It is the sole responsibility of the first-named insured to:
3.1	Conduct periodic reviews of coverage limits and endorsements;
3.2	Obtain independent appraisals or construction cost assessments;
3.3	Ensure that policy provisions are sufficient to meet anticipated rebuilding costs.
4	No oral or written representations made by your broker of record or affiliated personnel shall modify, expand, or supersede the express terms of the insurance policy.
5	This disclaimer shall be construed in accordance with applicable home state insurance laws and shall not be deemed a waiver of any rights or defenses available under statutory or contractual remedies.

Notice concerning loss run statements

We shall provide to the first-named insured within 15 days after we receives the first-named insured 's written request for a loss run statement :	
1	We shall notify your broker of record that the loss run statement was provided to the first-named insured .
2	The loss run statement provided will contain a claims history with us for the preceding 5 years ; or
3	If the claims history is less than 5 years , a complete claims history with us .
4	We will not charge any fee to prepare and provide one loss run statement each renewal.

Notice concerning senior citizens

1	We permit the first-named insured , if a senior citizen:
1.1	As defined by the applicable state law;
1.2	To designate a third-party to whom we shall transmit notices of cancellation, nonrenewal and conditional renewal.
2	The senior citizen insured shall notify us that a third-party has been so designated.
2.1	Such notification shall be delivered to us by email, read receipt requested; and
2.2	Shall be effective not later than ten days from the date of receipt by us .
2.3	The notification must contain, in writing, an acceptance by the third-party designee to receive notices of cancellation, nonrenewal and conditional renewal from the insurer.
3	Should the third party designee desire to terminate his or her status as a third party designee, such designee shall provide written notice to both the senior citizen first-named insured and us .
4	Should the senior citizen first-named insured desire to terminate the third-party designation, the senior citizen first-named insured shall provide written email notice to us .
5	The email transmission to the third-party designee of any notice of cancellation, nonrenewal or conditional renewal:
5.1	Shall be in addition to a copy of such email document transmitted to the senior citizen first-named insured ; and
5.2	When a third-party is so designated all such notices shall be emailed clearly marked on its face with the following: "IMPORTANT INSURANCE POLICY INFORMATION: OPEN IMMEDIATELY."
6	Designation as a third-party shall not constitute acceptance of any liability on the third-party for services provided to such senior citizen.
7	We shall notify our senior citizen first-named insured annually in writing of the availability of:
7.1	The third-party designee notice procedure; and
7.2	Provide information on how our senior citizen first-named insured can commence this procedure;
7.3	However, such notice need not be provided once our senior citizen first-named insured has made a designation.

Basic physical damage

Basic physical damage insuring agreement

1	Subject to the first-named insured 's full compliance in utmost good faith with:
1.1	All policy defined words and phrases, endorsements, and warranties ; and
1.2	All applicable policy precedent, concurrent and subsequent conditions;
1.3	Including, but not limited to:
1.3.1	The first-named insured must satisfy their burden of proof;
1.3.3	That a scheduled covered physical damage to covered assets claim(s) falls within the applicable defined scope of coverage;
1.3.4	Regardless, as to whether the applicable defined scope of coverage:
1.3.4.1	When read in harmony with all applicable and expressly defined words and phrases herein;
1.3.4.2	Broadens the scope of coverage that applies; or
1.3.4.3	Narrows the scope of coverage that applies; and
1.3.5	That the first-named insured must report each covered occurrence and ensuing claim(s) and potential claim(s) in the manner required and within applicable claim reporting period; and
1.3.6	That the first-named insured must disclose all material facts during the application process;
1.4	All policy endorsements.
2	We will pay up to the scheduled covered physical damage or loss limit of insurance stated on the applicable declaration page:
2.1	For a covered direct physical damage to a covered asset claim(s), including:
2.1.1	Loss of a covered asset by theft or mysterious disappearance ; and
2.1.2	Ensuing covered dwelling occupancy disruption , if any, that the first-named insured incurred after the stated waiting period , if any;
2.2	If the covered claim(s):
2.2.1	Exceeds all applicable deductible(s) stated on the applicable declaration page;
2.2.2	Directly result from a covered scheduled physical damage or loss; and
2.2.3	The covered physical damage or loss first occurs during the policy period ; and
2.3	If the claim(s) is not generally involving a non-transferred risk .

Burden of proof

Before any coverage applies and payment is due under this insurance policy:	
1	The first-named insured must first prove to us that the claim(s) is not generally involving a non-transferred risk; and
2	That the claimed injury, physical damage or loss is covered, in whole or in part, in accordance with the following:
2.1	By a preponderance of all the evidence presented;
2.2	Which means we must be persuaded by the evidence that the claim(s) is more probably covered than not covered.

Policy limit

The basic physical damage policy limit applies to all covered physical damage , subject to the following:	
1	This insurance does not apply to non-transferred risks ;
2	Important disclosures and additional conditions;
3	All superseding exceptions; and
4	All claims payable under the basic physical damage policy limit are subject to the annual aggregate policy limited stated on the declaration pages.
5	The applicable basic physical damage coverage limit shall automatically be reinstated for the remainder of the policy period :
5.1	Upon the complete repair or replacement date of the lost or damaged covered asset(s);
5.2	By the amount, we paid for the covered repair or replacement.

Additional conditions and restrictions

The following additional conditions and restrictions apply:	
1	All covered claim(s) under this insurance policy shall be presumed to result from a single occurrence unless the party seeking a finding for multiple occurrences satisfies the burden of proving multiple occurrences apply by clear and convincing evidence.
2	This coverage is subject to apportionment of physical damage ;

3	We may examine, assess, investigate, defend, settle, and resolve:
3.1	Any covered claim(s);
3.2	At our sole judgment and discretion; and
4	The applicable physical damage policy limit:
4.1	Is the most we will pay for one or more covered claims per policy period; and
4.2	Applies per scheduled covered location subject to the applicable policy limit that applies to all covered location(s); and
4.3	Is subject to prior partial or total policy limit exhaustion; and
5	The payment of the applicable policy limit is subject to all applicable policy timely claim reporting requirements, warranties, representations, exceptions, definitions, policy limits, policy period, and all other terms and conditions, including, but not limited to:
5.1	All policy changes issued by us; and
5.2	Your transferred risk burden of proof concerning claim(s) generally involving, in whole or in part, one or more non-transferred risks;
5.3	Your burden of proof for an exception concerning:
5.3.1	Coverage asset(s) exceptions' terms, restrictions, and conditions, if any; and
5.3.2	Covered physical damage(s) exceptions' terms, restrictions, and conditions, if any; and
5.4	Your utmost good faith compliance.
6	Covered dwelling occupancy disruption, if any:
6.1	That did not occur during any waiting period; and
6.2	That exceeds all applicable deductible(s).
7	Subject to your utmost good faith satisfaction of:
7.1	All policy changes issued by us; and
7.2	Your transferred risk burden of proof concerning claim(s) generally involving, in whole or in part, one or more non-transferred risks;
7.3	Your burden of proof for an exception concerning:
7.3.1	Coverage asset(s) exceptions' terms, restrictions, and conditions, if any; and
7.3.2	Covered physical damage(s) exceptions' terms, restrictions, and conditions, if any.
8	This coverage does not apply to:
8.1	Any physical damage(s) of a covered asset(s);
8.2	Covered dwelling occupancy disruption, if the loss occurred during an applicable waiting period;
8.3	That is generally involving one or more:
8.3.1	Non-transferred risks; or
8.3.2	Claim(s) that you would not have incurred but for one or more non-transferred risks;

Blanket covered personal liabilities

Additional condition precedent to coverage

Burden of proof

Before any coverage applies and payment is due, the first-named insured must first prove to us :		
1	That the claim(s) is not generally involving a non-transferred risk ;	
2	That all known information concerning any actual or potential claim(s) made was reported to us in writing within 730 days of:	
2.1	The policy expiration date;	
2.2	The mid-term coverage change date;	
2.3	Policy cancellation date;	
2.4	Whichever date occurs first.	
3	That the claimed injury, physical damage or loss is covered, in whole or in part, in accordance with the following:	
3.1	If the ensuing claim(s) per occurrence is less than \$10,000, the first-named insured has the burden of proving such claim(s):	
3.1.1	By a fair preponderance of all the evidence presented;	
3.1.2	Which means we must be persuaded by the evidence that the claim(s) is more likely covered than not covered.	
3.2	If the ensuing claim(s) per occurrence exceed \$10,000, the first-named insured has the burden of proving such claim(s):	
3.2.1	By clear and convincing evidence;	
3.2.2	That leaves us with a firm belief or conviction:	
3.2.3	That it is highly likely that the factual contentions of the claim(s) are true;	
3.2.4	But not necessarily beyond a reasonable doubt.	

Insuring agreement

1	Subject to the first-named insured 's full compliance in utmost good faith with:
1.1	All policy defined words and phrases; and
1.2	All applicable policy precedent, concurrent and subsequent conditions;
1.3	Including, but not limited to:
1.3.1	The first-named insured must satisfy their burden of proof;
1.3.3	That a covered liabilities claim(s) falls within the applicable defined scope of coverage;
1.3.4	Regardless, as to whether the applicable defined scope of coverage, when read in harmony with all applicable and expressly defined words and phrases:
1.3.4.2	Broadens the scope of coverage that applies; or
1.3.4.3	Narrows the scope of coverage that applies; and
1.3.5	That the first-named insured must report each covered occurrence and ensuing claim(s) and potential claim(s) in the manner required and within applicable claim reporting period; and
1.3.6	That the first-named insured must disclose all material facts during the application process;

1.4	All policy endorsements.
2	We will pay up to the applicable limit or sub-limit of insurance stated on the applicable declaration page:
2.1	For a covered legal damages claim(s):
2.1.1	Including ensuing covered defense costs , if any;
2.1.2	That we incur under our general duty to defend on your behalf; and
2.2	If the covered claim(s):
2.2.1	Exceeds all applicable self-insured retention(s) stated on the applicable declaration page;
2.2.2	Directly result from a covered personal liabilities claim; and
2.2.3	First occurs during the policy period ; and
2.2.4	Directly results in abrupt :
2.2.4.1	Bodily injury ; or
2.2.4.2	Property damage .
3	This coverage does not apply if the claim(s) is not made and reported to us in writing within the applicable time period, and is generally involving :
3.1	One or more non-transferred risk(s) ;
3.2	Specific covered liabilities subject to a separate coverage limit; or
3.3	Any claim(s) made and not reported to us within 730 days of:
3.3.1	The policy expiration date;
3.3.2	The mid-term coverage change date;
3.3.3	Policy cancellation date;
3.3.4	Whichever date occurs first.

Scheduled covered personal liabilities

Burden of proof

Before any coverage applies and payment is due, the first-named insured must first prove to us :	
1	That the claim(s) is not generally involving a non-transferred risk ;
2	That all known information concerning any actual or potential claim(s) made was reported to us in writing within 730 days of:
2.1	The policy expiration date;
2.2	The mid-term coverage change date;
2.3	Policy cancellation date;
2.4	Whichever date occurs first.
3	That the claimed injury, physical damage or loss is covered, in whole or in part, in accordance with the following:
3.1	If the ensuing claim(s) per occurrence is less than \$10,000, the first-named insured has the burden of proving such claim(s):
3.1.1	By a fair preponderance of all the evidence presented;
3.1.2	Which means we must be persuaded by the evidence that the claim(s) is more likely covered than not covered.
3.2	If the ensuing claim(s) per occurrence exceed \$10,000, the first-named insured has the burden of proving such claim(s):
3.2.1	By clear and convincing evidence;
3.2.2	That leaves us with a firm belief or conviction:
3.2.3	That it is highly likely that the factual contentions of the claim(s) are true;
3.2.4	But not necessarily beyond a reasonable doubt.

Insuring agreement

1	Subject to the first-named insured 's full compliance in utmost good faith with:
1.1	All policy defined words and phrases; and
1.2	All applicable policy precedent, concurrent and subsequent conditions;
1.3	Including, but not limited to:
1.3.1	The first-named insured must satisfy their burden of proof;
1.3.3	That a covered liabilities claim(s) falls within the applicable defined scope of coverage;
1.3.4	Regardless, as to whether the applicable defined scope of coverage, when read in harmony with all applicable and expressly defined words and phrases:
1.3.4.2	Broadens the scope of coverage that applies; or
1.3.4.3	Narrows the scope of coverage that applies; and
2	We will pay up to the applicable limit or sub-limit of insurance stated on the applicable declaration page:
2.1	For a covered legal damages claim(s):
2.1.1	Including ensuing covered defense costs , if any;
2.1.2	That we incur under our general duty to defend on your behalf; and
2.2	If the covered claim(s):
2.2.1	Exceeds all applicable self-insured retention(s) stated on the applicable declaration page;
2.2.2	Directly result from a covered personal liabilities claim; and
2.2.3	First occurs during the policy period ; and
2.2.4	Directly results in abrupt :
2.2.4.1	Bodily injury ; or
2.2.4.2	Property damage .
3	This coverage does not apply if the claim(s) is not made and reported to us in writing within the applicable time period, and is generally involving :
3.1	One or more non-transferred risk(s) ;
3.2	Any claim(s) made and not reported to us within 730 days of:
3.2.1	The policy expiration date;
3.2.2	The mid-term coverage change date;
3.2.3	Policy cancellation date;
3.2.4	Whichever date occurs first.

Common claims conditions

General claims instructions

WE WILL INVESTIGATE, NEGOTIATE, DEFEND, AND SETTLE ALL COVERED CLAIMS WITH THE FIRST-NAMED INSURED OR ON BEHALF OF THE APPLICABLE COVERED PERSON OR COVERED ORGANIZATION AT OUR SOLE DISCRETION.	
1	Read this policy carefully as you consider each claim.
2	The policy design differs in material ways from standard policies.
3	In some instances, coverage is broader; and
4	In other instances, coverage is more restricted.
5	Each claim is subject to all applicable policy terms, definitions, conditions, restrictions, and exclusions.

Other claims instructions

Abandonment

1	Abandoning assets to us is prohibited, and such action will not constitute evidence of a total loss of a covered asset for claim purposes.
2	We are not obligated to accept any damaged assets you desire to physically relinquish to us , including all associated legal rights and responsibilities.

Actual cash value

1	The actual cash value of a lost or damaged covered asset(s) may be significantly less than its replacement cost .
2	When actual cash value applies to the covered valuation of a covered asset(s);
3	Regardless of whether or not the covered asset(s) has sustained partial physical damage or total theft loss;
4	If, at the time of such covered physical damage or total theft loss;
5	The covered asset(s) has:
5.1	An insignificant value;
5.2	A value lopsided to replacement cost less depreciation and obsolescence ; or
5.3	Is a junk asset ;
5.4	A determination of actual cash value is not required.

Additional rights and advice concerning claim processing

The following additional rights and duties concerning claim processing are subject to:	
1	Being required under applicable state insurance statutes and regulations; and
2	Conditions that are beyond our control; and
3	This section does not create a civil cause of action by an individual covered person(s) and organization(s) , or a class of person(s) or organizations(s) against us ; and
4	This section does not prohibit us from exercising our right to:
4.1	Repair damaged property; or
4.2	Otherwise, settle a claim(s) in compliance with the terms of an applicable policy.

You have the right to:

Receive from us an acknowledgment of your reported claim(s) within 14 days after the date the claim was reported in writing to us as required under the policy.	
1	Upon written request, receive from us within 30 days after submitting a complete proof-of-loss statement to us :
1.1	Confirmation that your claim(s) is covered in full, partially covered, or denied; or
1.2	Receive a written statement that the claim(s) is being investigated.
2	Within 90 days , subject to any dual interest noted in the policy:
2.1	Receive full settlement payment for the covered claim(s); or
2.2	Payment of the undisputed portion of your claim; or
2.3	Our denial in whole or in part of the claim(s).
3	If provided under applicable law under stated circumstances and subject to certain restrictions:
3.1	Free mediation of a disputed claim(s);
3.2	By the applicable Department of Insurance.
4	Neutral evaluation of the disputed claim(s) if the claim(s) is for certain covered damages provided by your policy.
5	Assistance with any insurance claim(s) or questions on handling your claim by phone at the toll-free phone number stated on the applicable Department of Insurance website.

You are advised to:

Contact us before entering into any contract for repairs to confirm any managed repair policy provisions or optional preferred vendors.	
1	Make and document necessary emergency repairs to prevent further damage.
1.1	Keep the damaged property; and
1.2	If feasible, keep all receipts and take photographs of damage;
1.3	Before and after any repairs.
2	Carefully read any contract that requires you to:
2.1	Pay out-of-pocket expenses or a fee that is based on a percentage of the insurance proceeds;
2.2	That you may receive for repairing or replacing your covered asset(s).
3	Confirm that your chosen contractor is licensed to do business in the applicable state.
4	You can verify a contractor's license and check for any complaints against him or her by calling the applicable state agency.
4.1	You should also ask the contractor for references from previous work.
4.2	You should require all contractors to provide proof of insurance before beginning repairs.

4.3	You should take precautions if the damage requires you to leave your home, including:
4.3.1	Securing your covered asset(s) or covered location(s) ; and
4.3.2	Turning off your main gas, water, and electricity services; and
4.3.3	Contacting us and provide a phone number where you can be reached.

Admission of liability

In the event of covered physical damage the first-named insured :	
1	Shall make no statement without our consent that will assume any obligation or admit any liability;
2	For any physical damage ;
3	For which coverage may or may not apply.

Anti-discrimination pledge

1	We have made no distinction or discrimination between the applicant or covered person(s) and organization(s) as to: 1.1 Disqualifications for a particular coverage or rejection of application; 1.2 The premiums or rates, rebates, or discounts used to determine charges or credits for this insurance policy; 1.3 The fees charged or commissions paid; 1.4 The service to be rendered on any policy;
2	Based upon: 2.1 Race, color, creed, national origin, or disability; 2.2 Sex or marital status; 2.3 Being a victim of domestic violence; or 2.4 Past lawful travel experiences;
3	Except this pledge shall not: 3.1 Preclude us from refusing to issue, renew, or cancel a policy; 3.2 Based on sound underwriting and actuarial principles reasonably related to actual or anticipated loss experience.
4	We shall notify the first-named insured of our specific reasons for refusing to issue, renew, or cancel such policy.

Antique values

We will not pay the additional cost to repair, replace, or reproduce obsolete or antique construction.

Claim denial

1	If we determine that a claim is not covered, we will let the first-named insured ; and
2	The applicable covered person, covered organization, or claimant knows, in writing via email (read receipt) of the details supporting our denial.
3	Notwithstanding any covered person(s)'s, covered organization(s)'s, or claimant(s)'s appraisal or lawsuit, we reserve our right to deny any claim.

Claim investigation

1	Unless otherwise provided by this policy of insurance or by law, within 10 working days after we receive proof of loss statements: 1.1 We shall begin such investigation as is reasonably necessary; 1.2 Unless factors beyond our control cause the failure to begin such investigation; 1.3 Which prevents the commencement of such an investigation.
2	Your inquiries about coverage concerning this insurance contract are not claim activity unless the policyholder files an actual claim, which results in a company investigation of the claim.

Claim payment

1	We will notice our intentions concerning our claims payment options within 30 days after receiving the applicable covered person(s), covered organization(s), or claimant(s)'s sworn proof-of-loss statement.
2	We will pay the first-named insured unless another covered person(s) and organization(s) holds a legal interest or right to be paid, in whole or part.
3	We will adjust all losses with the applicable covered person(s), covered organization(s), or claimant(s).
4	The first-named insured or the applicable claimant must submit a written proof-of-loss statement within 60 days after we request it, including using the forms we supply if requested by us .
5	Our payment for a covered claim will be made within 60 days after we receive a properly executed proof-of-loss statement: 5.1 If each applicable covered person, covered organization, or claimant has fully complied with all the applicable policy conditions in utmost good faith ; and 5.2 Reach an agreement with the applicable covered person, covered organization, claimant; or 5.3 A final judgment has been entered, or 5.4 There is a valid appraisal award.
6	We will not pay any claimant more than the applicable claimant's financial interest in the covered asset at the time of covered damage.
7	Even if more than one person has an insurable interest in the covered asset, we will not be liable to any claimant for any claim(s) of more than the amount of that claimant's interest at the time of loss or more than the applicable limit or sub-limit.

Payment of settlement

In any case in which we and the applicable person(s) or organization(s) have agreed in writing to the settlement of a claim:	
1	We shall tender payment according to the terms of the agreement no later than 20 days after such settlement is reached.
2	The tender of payment may be conditioned upon execution by such person(s) or organization(s) of a written release mutually agreeable to us and the claimant: 2.1 But if the payment is not tendered within 20 days or such other date as the agreement may provide; 2.2 It shall bear interest at a rate of 6 percent per year from the date of the agreement; 2.3 However, if the tender of payment is conditioned upon the execution of a release; 2.4 The interest shall not accrue until the release is fully executed and delivered to us .

Claim payment restriction for suspected fraud

Regardless of whether or not there is any policy provision to the contrary:	
1	Upon written notice to the first-named insured ;
2	We may deny a claim(s) payment(s) in a case(s) of probable claim(s)'s fraud(s) under the law; 2.1 Until the first-named insured proves to us with clear and convincing evidence; 2.2 That no covered person(s) and organization(s) committed any material claim(s)'s fraud under the law; 2.3 That directly or indirectly benefited them or to deliberately sabotage the claims(s).

Claim settlement pledge

We will not:	
1	Without just cause; or
2	Perform with such frequency as to indicate a general claim practice;
3	The following: 3.1 knowingly misrepresent to a claimant(s) relevant facts or policy provisions relating to a coverage(s) at issue; 3.2 Fail to acknowledge with reasonable promptness important communications as to claims arising under a coverage(s) at issue; 3.3 Fail to adopt and implement reasonable standards for the prompt investigation of claims arising under a coverage(s) at issue; 3.4 Fail to act in good faith to effectuate prompt, fair, and equitable settlements of claims submitted: 3.4.1 In which liability has become reasonably clear; 3.4.2 Except where there is a reasonable basis supported by specific information available for review that the claimant has caused the loss to occur by arson . 3.4.3 After receiving a properly executed proof of loss, we shall advise the first-named insured and claimant(s) of acceptance or denial of the claim within 30 working days ; 3.5 Compel the first-named insured to institute a lawsuit(s) to recover amounts due under its policies by offering substantially less than the amounts ultimately recovered in suits brought by the first-named insured ; 3.6 Fail to disclose applicable coverage(s) promptly.

Claims scenario illustrations disclaimer

1	Claims scenario illustrations are identified by language under an appropriate heading and shaded in gray;
2	Any claims scenario illustrations are for fictional demonstration purposes only; and
3	They do not modify the coverage or policy terms and conditions.

General claim(s) restrictions

1	Except to such extent as may otherwise be provided in this insurance policy;
2	Each coverage provided in this policy is limited generally to covered claim(s): 2.1 2.2 2.3 2.4 2.5
3	Please review the policy carefully and discuss the coverage with your broker of record .

Insurable interest

This insurance does not apply to:	
1	The covered assets; or
2	Any interest in covered assets; or
3	Arising from covered assets;
4	Except for the benefit of persons or organizations having an insurable interest in the covered asset(s) at the time of the loss: 4.1 4.2 4.3 4.4

Interest in the claim's payment

Any payment of an initial or supplemental claim(s) or portion of such claim(s) made:	
1	90 days after we receive notice of a claim(s); or
2	More than 15 days after delays caused by factors beyond our control that reasonably prevented such payment;
3	Whichever is later; and
4	Shall bear interest at the rate outlined in the applicable law; and
5	Such interest shall begin to accrue from the date we receive notice of the claim.
6	If there is a right to prejudgment interest: 6.1 6.2

Limit stacking

1	We will not pay for any injury, loss, or damage paid by another party at no cost to the first-named insured .
2	Intra-policy stacking of policy limits or sub-limits provided under this policy is prohibited, as is inter-policy stacking of multiple insurance policy limits or sub-limits successively issued by us .
3	If multiple policies issued by us to the first-named insured , or multiple coverage limits or sub-limits within this policy, potentially provide benefits for the same claim(s) or occurrence(s) : 3.1 3.2
3.3	If coverage under this policy is applicable to damages that are also covered under a prior policy issued by us, the limit available under this policy will be reduced by the amount of damages paid under any prior policy.
3.4	These limitations apply irrespective of: 3.4.1 3.4.2 3.4.3 3.4.4 3.4.5 3.4.6 3.4.7
3.5	This insurance does not pay for the same injury, loss, damage, or defense costs payable to you or your indemnitees under any other insurance policies, governmental indemnities, insurance programs, or product warranties, including extended warranties.
3.6	We will not pay more than the actual loss or damage to a covered asset.

Limits exhaustion

1	All insurance afforded by this policy for each separate coverage ends upon the exhaustion of the stated limit.
2	No other limits of insurance apply to any injury, loss, damage, claim, or expense arising from the same occurrence : 2.1 2.2 2.3
3	No other limits of insurance apply to any injury, loss, damage, claim, or expense covered under an applicable coverage limit: 3.1 3.2 3.3 3.4
4	The applicable insurance policy limit or sub-limit is exhausted when we pay the entire limit of insurance in one or more of the following ways: 4.1 4.2 4.3 4.3.1 4.3.2 4.3.3
5	We may exercise an option outlined above after conducting an utmost good faith claim investigation in which: 5.1 5.2 5.3 5.3.1 5.3.2 5.3.3
6	If we pay the applicable policy limit, we shall have no further obligations to the covered person(s), covered organization(s), or indemnitee(s) for the injury, loss, or damage that initiated the policy limit payment.
7	If we pay the applicable policy limit, the covered person(s), covered organization(s), or indemnitee(s) shall accept such payment of the applicable policy limit.

Loss reduction obligations

1	In the event of covered physical damage ;
2	Including ensuing covered dwelling occupancy disruption costs, if any;
3	The first-named insured must reduce covered physical damage or covered dwelling occupancy disruption costs, if possible, by: 3.1 3.1.1 3.1.2 3.2 3.3

3.4 Salvaging the damaged covered asset.

No bailee protection

No person or other legal entity shall have any rights or coverage under this policy concerning:

1 A covered person(s) and organization(s)' covered property entrusted to another person or other legal entity under a contract; and

2 Such a person or other legal entity is legally responsible for the safe keeping and return of the covered property to the covered person(s) and organization(s).

Notice

1 In the event of covered physical damage;

2 The first-named insured must see that the following are done:

2.1 Promptly give us notice of the covered physical damage;

2.2 Including ensuing covered dwelling occupancy disruption costs, if any; and

2.3 The covered assets involved; and

2.4 Promptly send us any legal papers or notices received;

2.5 Concerning the covered physical damage.

3 Notice(s) obligation under this insurance must be made by the first-named insured at the email address stated on the declaration page(s);

4 Notice to your broker of record does not constitute notice to us or fulfill the first-named insured's notice obligation to us under this insurance policy.

Our claim rights

1 Without limitation of our rights or defense, none of the following acts by or on behalf of us shall be deemed to constitute a waiver of any provision of a policy or our defenses thereunder:

1.1 Acknowledgment of the receipt of notice of loss or claim under the policy.

1.2 Furnishing forms for reporting a loss or claim, giving information relative thereto, making proof of loss, or receiving or acknowledging receipt of any such forms or proofs completed or uncompleted.

1.3 Investigating any loss or claim under any policy or engaging in negotiations looking toward a possible settlement of any such loss or claim.

2 We are contractually obligated to pay only those claims specifically covered by this insurance and only to the extent such claims are covered, in whole or in part, subject to all applicable policy limits, restrictions, definitions, and conditions.

2.1 We reserve the sole right to determine if an appeal of a judgment will be undertaken.

2.2 We have no obligation to appeal any adverse judgment against you that you desire us to undertake or provide any appeal, attachment, or similar bond on an appeal we consent to undertake.

3 When something happens that may result in a claim, you agree to permit us, and we have the right to take all actions we deem necessary within a reasonable time frame, including, but not limited to:

3.1 Communicating with each potential claimant to gather all the information necessary to assess the claim;

3.2 Inspecting the injured, covered assets and location;

3.3 Photographing and recording the damage;

3.4 Conducting cause and origin analysis;

3.5 Taking samples for inspection and testing purposes; and

3.6 Inspecting and making copies of each applicable covered person's, covered organization's, or claimant's accounting records:

3.6.1 Which may be necessary to determine the loss amount; and

3.6.2 Provide each applicable covered person, covered organization, or claimant with a sworn proof-of-loss statement form.

4 You or your representative, assigns, indemnitee, or third-party claimant must submit to an examination under oath if we request one, and:

4.1 We can examine each applicable person under oath at our sole discretion.

4.2 The applicable person must sit for such an examination at such a reasonable time as we request.

4.3 The applicable person must answer our questions about any matter relating to this insurance or the claim.

4.4 The applicable person must provide all records we request as part of an examination under oath.

4.5 The applicable person must sign the examination.

Pair or set

1 If there is a total loss of any part of a pair or set of covered personal assets or personal belongings;

2 We agree to pay the full value of the set to the applicable owner.

3 The applicable owner must surrender the remainder of the set to us as a precondition to our payment.

Payment of claims for dual-interest property

We shall transmit claims payments directly to the first-named insured by electronic funds transfer or other necessary and allowable payment method:

1 Payable to the first-named insured only;

2 Without requiring a dual endorsement from any lender;

3 Unless the covered asset(s) is subject to a recorded security interest by a lender(s) scheduled on the declaration page(s).

Preservation of covered assets

The first-named insured must use all reasonable means to protect covered assets from further covered damage.

Proving the amount of your physical damage claim

1 In the event of covered physical damage;

2 Including ensuing covered dwelling occupancy disruption costs, if any;

3 The first-named insured shall have the responsibility;

4 At your own expense;

5 For providing documentation to us:

5.1 That demonstrates covered physical damage to a covered asset;

5.2 Including ensuing covered dwelling occupancy disruption costs, if any;

5.3 That contains your calculations of the dollar amount of the covered physical damage to a covered asset;

6 Including ensuing covered dwelling occupancy disruption costs, if any;

7 That you claim is covered.

Recovery of stolen asset

If we recover a stolen covered asset, we will notify the applicable covered person, covered organization, or claimant as soon as possible.

Re-opened claim(s) and supplemental payment(s)

Within 90 days after we receive notice of a request to reopen a closed claims for supplemental claim(s) from the first-named insured:

1 We shall pay or deny such supplemental claim or a portion of the supplemental claim;

2 Unless the failure to pay is caused by factors beyond our control that reasonably prevent or delay such payment or denial, in whole or in part.

Salvage rights

If we pay a claim for a covered asset in whole or in part:

1 We reserve the right, at our sole discretion, to retain all salvage and salvage rights;

2 When any salvage or recovery is received after our payment, in whole or in part, for such covered claim(s);

3 The amount of the covered claim(s) will be adjusted as if the amount of salvage or recovery had been known at the time the loss was originally determined;

4 Any amounts consequently found to be due to us or the first-named insured;

5 It will be paid promptly by the responsible party.

Service provider disclaimer

We may recommend a building contractor or service provider skilled in techniques of damage prevention, mitigation, repair, restoration, or replacement, engineering, cause and origin investigation, and architectural and legal services:

1 If we do, we do so for your convenience only; and

2 If you choose to use them, please be advised that:

2.1 We do not guaranty their work, parts, or services; and

2.2 We fully disclaim all liability for their accident(s), act(s), errors(s), or omission(s);

2.3 That is generally involving your relationship with them; and

2.4 No policy provisions are superseded or modified as a result of such relationship.

Third-party claim review restriction

1	If we may have a third-party review each bill submitted for defense costs coverage;
2	We will not compensate such third-party reviewer based on any of the following:
2.1	A percentage of the amount by which a bill is reduced for payment;
2.2	The number of claims or the cost of services for which the reviewer has denied authorization or payment; or
2.3	An agreement that no compensation will be due unless one or more bills are reduced for payment.

Time limit on windstorm claim notice

1	A windstorm physical damage claim, supplemental claim, or reopened claim;
2	Under this insurance policy is barred;
3	Unless notice of the claim, supplemental claim, or reopened claim was given to us :
3.1	Under the terms of the policy; and
3.2	Within 365 days after:
3.2.1	The hurricane first made landfall; or
3.2.2	The windstorm or hailstorm (other than generally involving a hurricane) caused the covered physical damage .
3.3	This condition does not supersede any applicable limitation on civil actions, statute of limitations, or repose provided under the law.

Valued policy law

Please refer to the regulatory issues endorsement.

Your duties concerning governmental recoveries

When governmental funds, insurance, indemnities, and recoveries are available for compensation resulting from any injury, loss, or damage, you must immediately and actively seek all the government benefits available to reduce your loss.

Your duty to acknowledge communications regarding claims

1	Upon our receiving communication concerning a claim, we shall, within 14 calendar days , review and acknowledge receipt of such communication:
1.1	Unless payment is made within that period of time; or
1.2	Unless the claimant(s) is represented by counsel and the situation is beyond those communications necessary to provide forms and instructions;
1.3	Unless the failure to acknowledge is caused by factors beyond our control which reasonably prevents such acknowledgment.
1.4	If the acknowledgment is not in writing, a notification indicating acknowledgment shall be made in our claim file and dated.
1.5	A communication made to or by your broker of record concerning a claim does not constitute communication to us .
2	If the communication constitutes a notification of a claim:
2.1	Our acknowledgment shall be responsive to the communication;
2.2	The acknowledgment shall provide necessary claim forms and instructions, including an appropriate telephone number;
2.3	Unless the acknowledgment reasonably advises the claimant that the insurer does not cover the claim.

Claims disclosure

Claim reporting

1	We have claims professionals across the United States ready to adjust your claim 24/7 for reporting claims.
2	For all claims inquiries, please call our claims professionals at the number stated on the declaration page(s).

Collateral source off-set

Any amount payable under any applicable policy limit(s) shall be adjusted not to exceed the total covered injury, loss, or damage incurred:	
1	By taking into account any amount paid or payable to the claimant under any other:
1.1	Primary, excess, private, public, individual, or business insurance;
1.2	Self-insured retention, self-insurance , captive insurance fund; or
1.3	A government-funded insurance or disaster indemnity.

Damage appraisal dispute

If the applicable covered person, covered organization, or claimant does not agree with us about the loss or damage amount:	
1	The applicable covered person, covered organization, or claimant must:
1.1	First, notify us in writing within 30 days of receiving our written calculation of the loss or damage amount;
1.2	Hire a licensed appraiser at their expense to reevaluate our calculation of the loss or damage amount;
1.3	Make their licensed appraiser's evaluation available to us in writing within 90 days of the notice of disagreement; and
1.4	The applicable covered person, covered organization, or claimant, and we shall then make every reasonable effort;
1.5	To mutually agree on calculating the loss or damage amount within 60 days of receipt of the covered person's, covered organization, or claimant's licensed appraiser's evaluation.
2	If the licensed appraiser for a covered person, covered organization, or claimant and we cannot agree:
2.1	The licensed appraiser representing the covered person, covered organization, or claimant; and
2.2	Our licensed appraiser;
2.2.1	Shall jointly select an impartial third-party licensed appraiser;
2.2.2	To reevaluate the calculation of the loss or damage amount; and
2.2.3	This third-party appraiser's cost shall be borne equally between the covered person, covered organization, claimant, and us .
2.2.4	If an impartial third-party licensed appraiser cannot be agreed to within 30 days by both parties:

(Continued on the next page)

2.2.4.1 Either party may request;	
2.2.4.2 That a court judge with the jurisdiction appoints an impartial third-party licensed appraiser.	
3	An agreement between any one of the two licensed appraisers and the impartial third-party appraiser will be binding on all the parties.
4	Even if a covered person, covered organization, or claimant has submitted a valid appraisal :
4.1	Such covered person, covered organization, or claimant will retain their right to sue us ;
4.2	Subject to all applicable policy terms and conditions.

Duty to defend

Covered liabilities

Duty to defend:	
1	We may examine, assess, investigate, defend, settle, and resolve;
2	At our sole judgment and discretion;
3	Any covered liability occurrence , allegation, investigation, claim or litigation, arbitration, or other legal proceedings.

Covered physical damage

Duty to defend:	
1	We have no duty to defend you ;
2	Against litigation or arbitration proceedings;
3	Including defense costs , if any;
4	Generally involving :
4.1	Claim(s) by a third-party owner(s) of a damaged or stolen asset(s);
4.2	However, at our option, we may defend you at our expense.

Self-insured retention(s)

1	The stated self-insured retention(s) applies per each covered liability occurrence ; and
2	The self-insured retention(s) deduction is limited to the single largest applicable self-insured retention amount per covered liability occurrence .

Ex-gratia payments

1	We may, at our option, issue ex-gratia payments ;
2	Regardless of whether the insurance coverage may not apply to the claim seeking coverage;
3	Issuance of ex-gratia payments shall not be an admission against our interest, nor shall it invalidate any other reservation of rights under this policy.
4	These payments do not create a binding legal obligation to repeat the payment in future cases.
5	We are generally free to decide whether or not to offer such payments again, even under similar circumstances.
6	We make ex-gratia payments based on legitimate, non-discriminatory reasons and we do not discriminate concerning protected characteristics (e.g., race, gender, age) that could violate anti-discrimination laws.
7	Payment of ex-gratia payments do not establish a custom or implied expectation.

Reservation of rights

1	When we issue a covered person, covered organization, or indemnatee a notice ;
2	We are reserving our rights to end any duty to defend owed to a covered person or covered organization, or indemnatee :
2.1	It is because this insurance coverage may not apply to the claim(s) or litigation(s) seeking coverage;
2.2	Because one or more of the policy terms or conditions preclude coverage;
2.3	Including, but not limited to:
2.3.1	The claim(s) is generally involving one or more non-transferred risk(s) ;
2.3.2	The claim(s) is generally involving one or more claim(s) barred due to the date of first occurrence falling outside the policy period ;
2.3.3	The claim(s) were not reported to us per policy requirements concerning form and timing.
3	When we defend a covered person or covered organization, or indemnatee under such a reservation of rights notice :
3.1	If we later determine that the claim(s) or litigation(s) is not covered;
3.2	We have the right to end our defense and further investigation; and
3.3	Demand reimbursement from all covered person(s) and organization(s) :
3.3.1	Jointly and severally;
3.3.2	All uncovered claim expenses and defense costs , including, but not limited to all investigation and litigation costs, attorney fees, expert witness fees, and all other expenses we have paid or incurred in their defense.
4	We will not deny liability coverage or our duty to defend based on a particular coverage or defense:
4.1	Under any policy provision; or
4.2	Under any applicable law;
5	Unless:
5.1	Within 30 days after we knew or should have known of the coverage defense;
5.2	We provide a written notice of reservation of rights to assert a coverage defense to the first-named insured ;
5.3	By registered or certified mail sent to the last known address of the first-named insured or by hand delivery; and
5.4	Within 60 days of compliance with the above; or
5.5	The receipt of a summons and complaint naming a covered person(s) and organization(s) as a defendant;
5.6	Whichever is later; but
5.7	In no case later than 30 days before trial;
5.8	We will:
5.8.1	Give written notice to the first-named insured by registered or certified mail of our refusal to defend the first-named insured ;
5.8.2	Obtain from the first-named insured a nonwaiver agreement following full disclosure of the specific facts and policy provisions upon which the coverage defense is asserted and the duties, obligations, and liabilities of the first-named insured during and following the pendency of the subject litigation; or
5.8.3	Retain independent counsel, which is mutually agreeable to the parties. Reasonable fees for the counsel may be agreed upon between the parties or, if no agreement is reached, shall be set by the court.

Transfer of rights – innocent covered person(s) and organization(s)

1	If we pay an innocent covered person(s) and organization(s) ;
2	For injury, loss, or damage that is generally involving one or more violation(s) of law hazards;
3	Perpetrated by or at the behest of another covered person(s) and organization(s) :
3.1	The recovery rights of the innocent covered person(s) and organization(s) ;
3.2	Against the guilty covered person(s) and organization(s) for such injury, loss, or damage;
3.3	Shall automatically be transferred to us in the amount of our payment; and
3.4	The innocent covered person(s) and organization(s) is prohibited from waiving our rights to recovery in their stead;
3.5	Before or after such injury, loss, or damage occurred.

First-named insured’s disclosures and additional conditions

Additional conditions concerning first-named insured’s roof and structure qualification standards

In determining your qualification for windstorm physical damage to covered assets coverage:	
1	We will not deny coverage solely based on the age of each covered dwelling asset ; but
2	We will consider:
2.1	The roof and siding condition due to unrepaired damage, wear and tear damage, maintenance neglect; and
2.2	The wind resistance of each covered dwelling asset(s) and
2.3	Measures undertaken by you to protect the covered dwelling asset against windstorm physical damage to covered assets or hail physical damage to covered assets.

Knowledge of circumstances or facts

This insurance policy requires the first-named insured to provide written notice of a claim to us using email within the prescribed time frame:	
1	The first-named insured has a duty to see that all covered person(s) and organization(s) representatives;
2	Including, but not limited to:
2.1	Lender(s) ;
2.2	Indemnitee(s) ; or
2.3	Franchisor(s) ;
3	Are properly trained to make the first-named insured aware of:
3.1	An accident(s) , act(s), occurrence(s) , error(s), omission(s), the discovery or knowledge of circumstance(s), situation(s), condition(s), transaction(s), fact(s), or decision(s);
3.2	That could lead to a claim(s) under this insurance;
3.3	Such covered person(s) and organization(s) must understand that failure to report it can promptly void or impair insurance coverage;
4	The first-named insured is considered to know about a claim:
4.1	When a person(s) in management or supervision that represents covered person(s) and organization(s) has learned of the claim at the time of such circumstances; or
4.2	Facts that could lead to a claim(s) under this insurance are discovered; and
4.3	Are immediately reported to us .

The first-named insured's bankruptcy or insolvency

The following conditions apply:	
1	In the event of bankruptcy, default, illiquidity, or insolvency of the first-named insured , any entity compromising the first-named insured , or the estate of the first-named insured ;
2	The first-named insured , any entity compromising the first-named insured , or the estate of the first-named insured will not be relieved of any payments, obligations, or duties under this policy.

Additional claims conditions and restrictions (covered liabilities)

Covered liabilities

If other insurance is in force and available for payment to you or your indemnitee for injury, loss, or damage, including defense costs , also covered by this insurance:	
1	This policy is excess over all the other insurance policies unless specifically otherwise provided for as primary;
2	Whether the other policies are issued as primary, excess, contingent, or on any other basis.
3	Therefore, we will pay only for our portion of the amount of the injury, loss, or damage, if any, that exceeds:
3.1	The aggregate policy limits of all such other insurance limits applicable to the loss (as if our liability insurance has not been issued); and
3.2	The aggregate deductions of all deductible(s) and self-insured retention(s) under all other applicable insurance.
3.3	We will then share the residual covered loss with any other insurance that was not purchased specifically to apply above the limits of insurance shown on the declaration pages of this insurance.
4	When all the other policies authorize contribution by equivalent allocation, we will allow this method also:
4.1	Under this approach, each insurer pays an amount equal to the amount paid by each other insurer;
4.2	Until it has exhausted its applicable limit of insurance; or
4.3	The covered claim or claims is or are fully funded;
4.4	Whichever occurs first.
5	When any other policies fail to authorize contribution by equivalent allocation, this insurance will contribute based on the ratio of its applicable insurance limit to all insurers' total applicable insurance limits.

Injured person – medical examination

Each injured person (or someone acting for each injured person if applicable) will:	
1	Submit to one or more physical examinations by a medical provider of our choice as we reasonably require at our cost.
2	Give us written proof of claim, under oath if we require, as soon as is feasible; and
3	Sign an authorization for us to acquire copies of the injured person's pertinent medical reports and historical medical records.

Investigation and settlement

We will examine, assess, investigate, defend, and resolve any claim, arbitration, litigation, or other legal proceedings at our sole judgment.	
--	--

Limits priority

In the event of a liability claim that is brought against multiple covered person(s) and organization(s) under this insurance, we will apply the applicable covered liabilities limit or sub-limit of insurance in the following order:	
1	The first-named insured ;
2	The first-named insured's executive director or officer , stockholders, limited liability company members, and limited liability company managers;
3	All other covered person(s) and organization(s) stated on the declarations pages;
4	The first-named insured's employee(s) ; and then
5	All other covered person(s) and organization(s) in the order you deem appropriate with our consent.

Per-occurrence limit

A single liability occurrence includes all injuries, losses, and damage resulting from or set in motion by:	
1	A single act or multiple acts of the same perpetrator or perpetrators;
1.1	A joint act of multiple perpetrators;
1.2	A single error or omission or multiple errors or omissions by the same person or persons or;
1.3	A series of similar, repeated, continuous, or other linked acts or events closely associated in time and place such that a reasonable person would consider them to be a single occurrence ; or
1.4	A series of similar, repeated, continuous, or otherwise closely linked acts committed by the same criminal perpetrator regardless of time and place.
2	This limitation applies regardless of the number of:
2.1	Injuries, losses, or instances of damage;
2.2	Differing discoveries, magnitudes, or manifestations of injuries, losses, or damage; or
2.3	Persons, claimants, organizations, or indemnitees involved.
3	This limitation applies to all liability claims related to, arising out of, based on, attributable to, or in any way involving, directly or indirectly, the same nexus or related nexus events, all of which shall:
3.1	Be one occurrence ; and
3.2	Subject to the applicable per- occurrence limit or sub-limit stated on the declarations pages.
3.3	This limit of per- occurrence liability applies regardless of:
3.3.1	The date of discovery of the injury, loss, or damage;
3.3.2	The amount of time over which continuous, repeating, or connected intermittent events occurred;
3.3.3	The aggregate number or monetary amount of losses, damages, or expenses incurred; or
3.3.4	The aggregate number of repetitions, alterations, actions, or forms of communication that involve the same common nexus or related common nexus events.
3.4	This limit of per- occurrence liability also applies regardless of the aggregate number or dollar amount of:
3.4.1	Wrongful acts committed;
3.4.2	Negligent acts committed;
3.4.3	Errors or omissions committed;
3.4.4	Statutory or criminal violations committed;
3.4.5	Victims, perpetrators, claimants, covered person(s), covered organization(s), or indemnitee(s) involved;
3.4.6	Transactions, facts, matters, circumstances, practices, statements, or decisions involved;
3.4.7	Claims made; or
3.4.8	Plaintiffs, trials, mediations , arbitrations, depositions, hearings, and related court, administrative, or regulatory appearances are involved.

Policy limit

Unless expressly stated otherwise, each applicable stated policy limit or sub-limit is the most we will pay for all covered claims and expenses that first occur during the policy period , and each policy limit applies irrespective of:	
1	The number or monetary amount of injuries, losses, damage, and expenses incurred;
2	The number of covered person(s), covered organization(s), or indemnitee(s) involved;
3	The number of claims made;
4	The number of persons, organizations, or indemnitee(s) making claims;
5	The number of appearances you make at trials, mediations , arbitrations, depositions, hearings, and related court, administrative, or regulatory appearances; and
6	The wrongful acts, negligent acts, errors or omissions, or statutory violations committed by you .

Property damage – loss of use

Loss-of-use coverage applies to that portion of a covered property damage liability claim that consists of financial damage ensuing from:	
1	The loss of use of a physical damaged tangible asset; and
2	The loss of use of a physical asset that was not physically damaged but that was dependent on a damaged physical asset; or
3	Concerning a pollutant , the loss of use of a tangible asset that is not physically polluted, ruined, or contaminated:
3.1	But that must necessarily be abandoned, withdrawn from use, or judged inaccessible for safety reasons;
3.2	Because of a pollutant ;
3.3	Shall be considered to have occurred at the first time and date of the pollutant incident that caused it.
3.4	Loss-of-use damage does not apply in addition to the applicable limit or sub-limit of insurance.
3.5	All such loss of use shall be considered to occur on the date that the covered occurrence first happened.

Severability of interests

1	Each of the covered person(s) and organization(s) covered by a policy shall have the same protection as if the policy had been issued individually to the covered person(s) and organization(s) :
1.1	Provided that the inclusion under the policy of more than one covered person(s) and organization(s) shall not operate to increase the total liability of the insurer beyond the limit of liability stated in the policy;
1.2	This provision expressly does not supersede or change the restrictions and limitations of the innocent covered person(s) and organization(s) risks section;
2	This condition will not increase the applicable limit or sub-limit of insurance.

Third-party claimant(s)

Nonjoinder and recovery

1	No person(s) or organization(s) that are not covered person(s) and organization(s) under the terms of this insurance may join us as a party defendant with you before the rendition of a verdict.
2	Also, if we pay any imposed costs or attorney’s fees which would be recoverable by you but for the fact that we paid such costs or fees we shall be considered a party to recover such fees or costs.

Required coverage disclosure

If expressly compelled by applicable law, we will provide, within 30 days of the written request of the third-party claimant, a statement, under oath, of our authorized designee setting forth the following information concerning this policy of insurance:	
1	Our name;
2	The name of the covered person(s) and organization(s) ;
3	The limits of the third-party liability coverage;
4	A statement of any policy or coverage defense which such insurer reasonably believes is available to such insurer at the time of filing such statement; and
5	A copy of the policy.

Additional claims conditions (other than covered liabilities)

Additional requirements in case loss occurs

The first-named insured shall:	
1	Email written notice to us of any physical damage without unnecessary delay;
2	Protect all covered assets from further physical damage ;
3	As soon as the affected location can be accessed:
3.1	Separate the damaged and undamaged covered assets;
3.2	Put the damaged and undamaged covered assets in the best possible order;
3.3	Furnish us a complete inventory of the destroyed, damaged, and undamaged property;
3.4	Showing in detail quantities, costs, actual cash value , and amount of loss claimed; and
4	Within 60 days after the loss, unless the time is extended in writing by us :
4.1	The first-named insured shall render to us a proof of loss, signed and sworn to by the first-named insured ;
4.2	Stating the knowledge and belief of the first-named insured as to the following:
4.2.1	The time and origin of the loss;
4.2.2	The interest of the insured and all others in the property;
4.2.3	The actual cash value of each asset and the amount of physical damage incurred;
4.2.4	All encumbrances thereon;
4.2.5	All other contracts of insurance, whether valid or not, covering any of said property;
4.2.6	Any changes in the title, use, occupation, location, possession, or exposures of said property since the issuing of this policy;
4.2.7	By whom and for what purpose any covered dwelling asset or appurtenant structure asset ; and
4.2.8	The several parts thereof were occupied at the time of loss; and
4.2.9	Whether or not it then stood on the leased ground; and
4.2.10	Shall furnish a copy of all the descriptions and schedules in all policies; and
4.2.11	If required and obtainable, verified plans and specifications of any dwelling asset or appurtenant structure asset and their respective fixtures or machinery that suffered physical damage .
5	The first-named insured , as often as may be reasonably required, shall:
5.1	Exhibit to any person designated by us all that remains of any covered assets;
5.2	Submit to examinations under oath by any person named by us , and subscribe the same; and
5.2.1	Produce for examination all books of account, bills, invoices, and other vouchers, or certified copies thereof if originals be lost, at such reasonable time and place as may be designated by us or our representative; and
5.2.2	Permit extracts and copies thereof to be made.
6	We shall inform the first-named insured that tax returns may be privileged against disclosure under applicable state law but may be necessary to process or determine the claim.
7	We shall notify every claimant that they may obtain, upon request, copies of claim-related documents that relate to the evaluation of damages, including, but not limited to:
7.1	Repair and replacement estimates and bids, appraisals , scopes of loss, drawings, plans, and reports;
7.2	Third party findings on the amount of loss, covered damages, and cost of repairs, and all other valuation, measurement, and loss adjustment calculations of the amount of loss, covered damage, and cost of repairs.
7.3	However, the following documents are excluded from disclosure by us :
7.3.1	Attorney work product and attorney-client privileged documents;
7.3.2	Documents that indicate fraud by the first-named insured ;
7.3.3	Documents that contain medically privileged information; and
7.3.4	Documents containing claims reserve estimates or methodology.
7.4	Within 15 calendar days after receiving a request from the first-named insured for claim-related documents, we shall provide the first-named insured with copies of all claim-related documents, except those excluded documents.
8	Nothing in this condition shall be construed to affect existing litigation discovery rights.

Adjusters

We will assign an adjuster to be primarily responsible for a claim handling:	
1	We shall, in a timely manner, provide the first-named insured with a written status summary report of any decisions or actions that are substantially related to the disposition of a claim;
2	Including, but not limited to:
2.1	The amount of losses to covered assets;
2.2	The retention or consultation of design or construction professionals;
2.3	The amount of coverage for losses to covered assets; and
2.4	All issues in dispute; and
2.5	All outstanding information requests due from the first-named insured .

Asset valuation

Covered asset(s)

1	REPLACEMENT COST VALUATION APPLIES TO COVERED DAMAGE TO A COVERED ASSET;
2	Subject to any applicable deductible(s) or self-insured retention , this policy section only applies to covered damage to a covered asset;
3	Unless superseded on the declaration pages, this insurance is subject to each separate applicable covered asset valuation stated below:
3.1	New construction or renovation asset: covered damage will be paid on an actual cash value basis;
3.2	Newly acquired personal belonging asset: covered damage will be paid on an actual cash value basis;
3.3	Antiques, fine arts, paintings, and/or statuary or similar articles;
4	Which by their inherent nature cannot be replaced with a new article;
5	Will be paid on an actual cash value basis;
6	Articles whose age or history contribute substantially to their value;
7	Including, but not limited to memorabilia, souvenirs, and collector's items;
8	Will be paid on an actual cash value basis;
9	Covered asset(s) not maintained in good or workable condition;
10	Including, but not limited to, junk or covered assets held for parts;
11	Will be paid on an actual cash value basis;
12	The covered asset which, at the time of loss, is:
12.1	Either obsolete or useless to the first-named insured ;
13	Will be paid on an actual cash value basis;
14	Covered assets of others' covered damage will be paid on an actual cash value basis;
15	If the declaration pages indicate:
15.1	That functional replacement cost applies instead; or
15.2	That actual cash value applies instead;
16	If the first-named insured decides not to restore or replace the covered asset;
17	When a replacement or repair asset of like kind and quality is;
18	No longer available; or
19	Cannot be legally manufactured or constructed;
20	Will be paid on an actual cash value basis.

Covered asset(s) concerning windstorm

1	Replacement cost valuation claims adjustment process applies;
2	To covered windstorm physical damage ;
3	To a covered asset;
4	Subject to the following exceptions:
4.1	Cosmetic damage is subject to the stated sub-limit of insurance; and
4.2	Covering materials are subject to an actual cash value claims adjustment process.
4.3	Antique or historically protected assets are subject to a functional replacement cost claims adjustment process;
4.4	Personal belonging assets are subject to an actual cash value claims adjustment process.
5	Please refer to the replacement cost section of this policy for further information regarding replacement cost .

Collapse additional conditions

Claim payment limits

We will limit our total claim(s) payment to the actual cash value of the damage from one or more collapse hazards :	
1	Which does not include underpinning or grouting; or
2	Any other repair technique performed below the existing foundation of the covered dwelling asset(s) or appurtenant structure asset(s) ;
3	Until the first-named insured enters into a contract for the performance of structural stabilization or foundation repairs in accordance with the recommendations set forth in our engaged professional engineer's report;
4	In which case, the claim payment will qualify for replacement costs if scheduled on the declaration page.

Claims without utmost good faith

If the first-named insured has submitted a claim(s) without utmost good faith grounds for submitting such claim:	
1	The first-named insured shall reimburse us for 50 percent of the actual costs of the analyses and services provided;
2	However, the first-named insured is not required to reimburse us more than \$2,500 with respect to any one claim; and
3	If the first-named insured is required to pay reimbursement:
3.1	Only if the first-named insured requested the analysis and services provided; and
3.2	We , before ordering the analysis;
3.3	Informed the first-named insured in writing of the first-named insured's potential liability for reimbursement; and
3.4	Gave the first-named insured the opportunity to withdraw the claim.

Payments for repairs

1	Upon our obtaining the written approval of any lender(s) ;
2	We will make payment directly to the persons selected by the first-named insured ;
3	To perform the land and building stabilization and foundation repairs without liability for errors or omissions;
4	Concerning any work performed or construction operations and completed operations.

Rebate restrictions

The first-named insured or any covered person(s) and organization(s) may not accept a rebate from any person(s) or organization(s):	
1	If we obtain, written certification:
1.1	That there is no damage from one or more collapse hazards ; or
1.2	That the cause of the damage was not from one or more collapse hazards .

Sinkhole activity restrictions

We will not non-renew this policy on the basis of filing claims for sinkhole activity :	
1	if the total of such payments does not equal or exceed the policy limits of coverage for the policy in effect on the date of loss, for property damage to the covered dwelling asset , as set forth on the declarations page; or
2	If the policyholder repaired the structure asset in accordance with the engineering recommendations upon which any payment or policy proceeds were based.
3	If we pays such limits, we will not non-renew this policy.

Structural stabilization and foundation repairs requirements

1	In order to prevent additional damage to the dwelling asset or appurtenant structure asset :
1.1	The first-named insured must enter into a contract for the performance of structural stabilization and foundation repairs within 90 days ;
1.2	After we confirm coverage for the damage from one or more collapse hazards , and notifies the first-named insured of such confirmation; and
1.3	This time period is tolled if either party invokes the expert assessment process; and
1.4	Begins again 10 days after the conclusion of the expert assessment process.
2	In addition, if one or more collapse hazards are verified as the covered cause of the claimed structural damage :
2.1	The stabilization and all other repairs to the dwelling asset or appurtenant structure asset and other covered assets;

2.2	Must be completed within 12 months after entering into your pre-approved contract for repairs unless:
	2.2.1 There is a mutual agreement between the insurer and the policyholder;
	2.2.2 The claim is involved with the expert assessment process;
	2.2.3 The claim is in litigation; or
	2.2.4 The claim is under appraisal, binding arbitration, or mediation.
3	In addition, if one or more collapse hazards is verified as the covered cause of the claimed structural damage after the first-named insured enters into the contract for the performance of structural stabilization and foundation repairs:
3.1	We will pay the amounts necessary to begin and perform such repairs as the work is performed and the expenses are incurred.
3.2	We will not require the policyholder to advance payment for such repairs other than satisfying any applicable deductible(s) .
3.3	If repair covered has begun and the professional engineer selected or approved by us determines that the repair cannot be completed within the policy limits;
3.4	At our option, we will complete the professional engineer's recommended repair; or
3.5	Tender the applicable policy limit to the first-named insured without a reduction for the repair expenses incurred.

The first-named insured's commitments to repair

If a covered dwelling asset or appurtenant structure asset suffers damage from one or more collapse hazards :	
1	The first-named insured must repair such damage or loss in accordance with our engaged professional engineer's recommended repairs.
2	However, if our engaged professional engineer determines that the repair cannot be completed within policy limits;
3	At our option, we will pay to complete the repairs recommended by our engaged professional engineer or tender the applicable policy limit to the first-named insured .

Evidence of claim

You or your representative, assigns, indemnatee , or third-party claimant must:	
1	Record all expenses for emergency; and
2	Make temporary repairs to protect the covered assets from further damage; and
3	Such expenses will be considered in the settlement process, subject to all the terms, conditions, and provisions of this policy.
4	Such expenses will not increase the applicable limit of insurance.
5	You or your representative, assigns, indemnatee , or third-party claimant must:
5.1	Isolate damaged covered assets from undamaged, covered assets; and
5.2	Organize them for inspection by our representatives or us ;
5.3	Permit us to inspect the damaged property before you restore it, replace it, or make final repairs to it unless we permit you to proceed in writing via email, read receipt; and
5.4	Provide us with a complete and detailed inventory of the damaged and undamaged property, including quantities, costs, values, and amount of loss claimed for each item.

Limits and sub-limits of insurance

1	The applicable insurance limit is stated on the declaration pages associated with each coverage, including sub-limits that apply.
2	Sub-limits are not additional insurance but represent the maximum limit we will pay for covered claims under each sub-limited coverage.
3	Sub-limits may apply to all or one or more portions of a loss or damage.
4	If only one sub-limit applies to all the loss or damage, the most we will pay is the applicable sub-limit of each occurrence limit stated on the declaration pages.
5	If only one sub-limit applies to any portion of a loss or damage, then the applicable sub-limit of each occurrence limit stated on the declaration pages is the most we will pay for that portion of the loss.
6	If more than one sub-limit applies to all the loss or damage, then the most we will pay is the single smallest applicable sub-limit of each occurrence limit stated on the declarations pages.
7	If more than one sub-limit applies to any portion of the loss or damage, then the most we will pay is the single smallest sub-limit of each occurrence limit stated on the declarations pages, which applies to that portion of the loss.
8	Each sub-limit is subject to a policy limit stated on the declarations pages:
8.1	This policy limit is the most we will pay for all claims, losses, or occurrences attributed to the sub-limit.
8.2	The policy limit is the most we will pay under this policy, regardless of the number or monetary sum of all claims made.

Personal assets (other than fixed assets) additional proof-of-loss conditions

1	The covered person(s) and organization(s) must not discard or destroy any damaged personal asset (other than fixed asset) unless we preapprove such action in writing;
2	The preservation of any damaged personal asset (other than fixed asset) is especially important if multiple causes of loss contributed to the damage and there is a reasonable and legitimate question as to the scope of coverage or which damage was caused by each cause:
3	The discard or destruction of any damaged personal asset (other than fixed asset) :
3.1	Will deprive us of our right to investigate and we have no duty to pay when if we are deprived of the opportunity to adequately investigate the claim; and
3.2	Will result in a forfeiture of coverage pursuant to the condition requiring your utmost good faith cooperation.
4	The first-named insured has the duty to prove the claim(s) as required in this insurance policy, including, but not limited to:
4.1	Preserving any damaged personal asset (other than fixed asset)(s) for our inspection; or
4.2	Providing photos with valid meta data intact or automatic date stamp of any damaged personal asset (other than fixed asset) ; or
4.3	The receipt for the purchase of any personal asset (other than fixed asset)(s) or other documented proof of ownership;
5	A spreadsheet without supporting documentation, photographs, or receipts will not be considered sufficient.

Proof-of-loss statement

The first-named insured shall, within 60 days after the loss, unless the time is extended in writing by us :	
1	The first-named insured shall render to us a proof of loss, signed and sworn to by the first-named insured ;
2	Stating the knowledge and belief of the first-named insured as to the following:
2.1	The time and origin of the loss;
2.2	The interest of the first-named insured and all others in the property;
3	The actual cash value of each asset and the amount of physical damage incurred;
4	All encumbrances thereon;
5	All other contracts of insurance, whether valid or not, covering any of said property;
6	Any changes in the title, use, occupation, location, possession, or exposures of said property since the issuing of this policy;
7	By whom and for what purpose any covered dwelling asset ; and
8	The several parts thereof were occupied at the time of loss; and
9	Whether or not it then stood on the leased ground; and
10	Shall furnish a copy of all the descriptions and schedules in all policies; and
11	If required and obtainable, verified plans and specifications of any dwelling asset and their respective fixtures or machinery that suffered physical damage .

Reconstruction location option

In the event of a total loss of a covered dwelling asset :	
1	The first-named insured may:
1.1	Rebuild at a new location; or
1.2	Purchase an already-built dwelling asset at a new location; and
2	Subject to:
2.1	The applicable limit of insurance; or
2.2	The amount that would have been paid had the covered dwelling asset been rebuilt at its original location;
2.3	Whichever is less; and
3	We shall make no deduction for the value of land at the new location.

Replacement cost

General

1	We will pay no more than the actual cash value of the loss or damage until actual repair or replacement is complete.
2	At our option, we may pay for loss or damage on a replacement cost basis if the loss or damage is less than \$2,500.

(Continued on the next page)

Restoring or replacing covered assets

1	If we determine that your covered damage to a covered asset claim is covered, we will make payment subject to the following:
1.1	The applicable limit(s) or sub-limit(s) of insurance;
1.2	Less any applicable deductible and self-insured retention ; and
1.3	The stated valuation option.
2	At our discretion, we will:
2.1	Pay the applicable covered person, covered organization, or claimant the cost of restoring or replacing the lost or damaged covered asset, whichever is less;
2.2	Restore, reconstruct, or replace the covered asset with another asset of like kind and quality;
2.3	Pay the applicable covered person, covered organization, or claimant the value of the lost or damaged covered asset; or
2.4	Take all or any part of the covered asset at the settled amount or appraised value.
3	If you fail to restore or replace the damaged covered asset within 365 days from the date of loss, we will owe only the applicable actual cash value of the damaged portion of the covered asset.
4	If we pay you the actual cash value for covered damage that is eligible for replacement cost coverage:
4.1	You have 365 days from the covered damage date to repair or replace the covered asset and, upon full repair or replacement; and
4.2	Request a supplemental payment equal to the difference between the actual cash value amount and the replacement cost .
4.3	In the event of a stolen or damaged covered asset, in no event will the total amount paid by us , plus the applicable deductible , exceed the total amount necessarily spent to repair or replace the stolen or damaged covered asset.

Time limit on replacement cost

1	This policy requires the first-named insured to repair, rebuild, or replace the lost or damaged covered asset(s) to:
1.1	Collect the full replacement cost ; or
1.2	Applicable policy limit;
1.3	Whichever is less; and
2	We shall pay the actual cash value of the lost or damaged covered asset(s):
2.1	Until the lost or damaged covered asset(s) is fully restored or replaced;
2.2	But once the lost or damaged covered asset(s) is repaired, rebuilt, or replaced:
2.2.1	We shall pay the difference between the actual cash value payment made and the replacement cost reasonably paid;
2.2.2	To replace the lost or damaged covered asset(s);
2.2.3	Subject to the limits stated in the policy.
3	The first-named insured will use all commercial means necessary to complete the repair, rebuild, or replacement as soon as practical but shall not exceed 365 days from the date we make the first payment toward the actual cash value .

Tenant improvements

1	The lessor is the owner of the described dwelling asset in which you are a tenant .
2	We will adjust covered damage to the leased dwelling asset with the owner and any applicable lender .
3	Any payment made to the lender will fulfill the first-named insured's claims under this insurance concerning the leased dwelling asset .
4	Concerning the first-named insured's tenants' improvements and betterments, we will adjust those losses directly with the first-named insured unless barred by the lease.

Time limit extension due to widespread disaster

1	In the event of a widespread disaster causing:
1.1	A delay or delays in approval for repair, rebuild, or replacement;
1.2	Or other circumstances that are beyond the control of the first-named insured , including, but not limited to:
1.2.1	Unavoidable construction permit delays;
1.2.2	The lack of necessary construction materials; or
1.2.3	The unavailability of contractors to perform the necessary restoration or reconstruction work;
2	We shall provide the first-named insured an additional 180 days for the expressed good causes;
3	If the first-named insured acts in good faith and with reasonable diligence to complete the restoration or reconstruction work.

Policy language dispute

The parties to this insurance policy agree to binding arbitration to settle policy language disputes even though such procedure involves limited discovery, inability to obtain preliminary relief, and without a judicial review or intervention right because:	
1	Arbitration proceedings will be conducted privately;
2	Arbitration eliminates forum shopping or battles for home court advantage between the parties;
3	The parties to an arbitration will choose the persons who will serve as arbitrators with experience in complex or technical matters, where most judges and juries will have no expertise in the area;
4	Arbitration is often faster or less expensive, on average than litigation;
5	Arbitration proceedings discourage frivolous claims and encourage settlement by shifting all costs to the losing party;
6	Arbitration is significantly lower in formality and rule hassles or political and public pressures that plague court proceedings; and
7	Arbitration awards are often as easy to enforce and, in some instances, may be easier to enforce than judgment (s) from judges and juries.

Additional conditions and restrictions

Apportionment

When apportionment applies

THIS POLICY SECTION ONLY APPLIES TO PHYSICAL DAMAGE TO COVERED ASSET CLAIMS .	
1	When a combination of one or more simultaneous, sequential, or concurrent covered losses or damage occur; or
2	When a combination of one or more simultaneous, sequential, or concurrent covered loss or damage occurs in a combination of one or more qualified simultaneous, sequential, or concurrent:
2.1	Non-transferred risks ;
2.2	Including any risk(s) that are expressly designated on the declaration pages in whole or in part, as otherwise non-transferred risks as an asset or class of assets:
2.2.1	Including any ensuing dwelling occupancy disruption or damages; or
2.3	Classes of damage, including any ensuing dwelling occupancy disruption .
2.4	We will apportion the covered damage among the applicable:
2.4.1	Coverage limits;
2.4.2	That, in our judgment, reflects a fair apportionment of each applicable damage to the total covered damage based on a fair and reasonable preponderance of all evidence made available by you at the time of your claim and our investigation.
3	In the event of an apportionment , we will calculate or determine each applicable deductible based on the amount of each covered damage before apportionment .
4	In the event of covered loss or damage that results in multiple types of damage, we will only pay for the covered damage portion.

Ensuing physical damage

1	All physical damage ensuing from one or more of the following hazards:
1.1	Are included in the applicable coverage associated with the hazard that initially resulted in the ensuing physical damage ;
1.2	Supersede all other coverages; and
1.3	Are not subject to apportionment .
2	The applicable hazards include:
2.1	Catastrophic ground cover collapse hazards
2.2	Assault or battery hazards
2.3	Earth movement hazards
2.4	Earthquake hazards
2.5	Mine subsidence hazards
2.6	Riot or civil commotion hazards
2.7	Seismic activity hazards
2.8	Sinkhole collapse hazards

2.9	Violent human event hazards
2.10	Volcanic action hazards

When apportionment does not apply

Non-apportionable event

1	Apportionment does not apply to any claim that is generally involving one or more of the following hazards:
1.1	Biohazard risks hazards;
1.2	Biotechnology hazards;
1.3	Catastrophic global hazards;
1.4	Coverage forfeiture hazards;
1.5	Nuclear and radiation hazards;
1.6	Ocean or tidewater hazards;
1.7	Prior act or occurrence hazards;
1.8	Terrorism hazards;
1.9	War hazards; or
1.10	Weapon of mass destruction hazards; and
2	Any claim generally involving one or more of the hazards listed above that would otherwise be subject to apportionment is forfeited; and
3	All applicable physical damage shall fall under the scope of the applicable hazard(s).

Apportionment examples

Apportionment between two covered damages

This example is for illustrative purposes only and does not modify the coverage or conditions.	
CLAIM PARAMETERS	
1	You insure a covered asset for \$250,000, which is the limit stated on the declarations pages.
2	There is a 2% windstorm deductible .
2.1	There is a \$5,000 flood damage deductible .
2.2	There is a \$50,000 flood damage limit stated on the declarations pages.
APPORTIONMENT CLAIMS ADJUSTMENT	
1	The covered asset suffers a total loss resulting from a hurricane event involving a flood from a storm surge and tornadic winds.
2	Apportionment of the loss: we determine that 25% of the damage was flood damage and 75% of the damage was windstorm damage based on the preponderance of all evidence reasonably available at the time of our investigation.
2.1	Windstorm payment: \$182,500
2.2	The scheduled deductible of 2% applies to the windstorm damage and is calculated first: 2% of \$250,000 = \$5,000.
2.3	\$250,000 x 75% apportionment = \$187,500.
2.4	\$187,500 - \$5,000 = \$182,500.
2.5	Flood payment: \$50,000
2.6	The scheduled deductible of \$5,000 applies to the flood damage and is subtracted first:
2.6.1	\$250,000 x 25% apportionment = \$62,500.
2.6.2	\$62,500 - \$5,000 = \$57,500.
2.7	The \$50,000 flood damage limit applies: \$57,500 - \$50,000 = \$7,500 self-insured.
2.8	Our total payment: \$232,500 (windstorm damage of \$182,500 + flood damage of \$50,000 = \$232,500).
2.9	Your self-insured amount: \$17,500
2.10	Windstorm damage deductible of \$5,000 + flood damage deductible of \$5,000 + excess flood damage of \$7,500 = \$17,500.

Our additional rights and responsibilities

Concerning audit

1	The first-named insured consents to our right to audit the first-named insured's pertinent records.
2	This right applies as we determine necessary for occasional underwriting, rating, and claims purposes.
3	However, we have no obligation to perform any audit at any time.
4	If we cannot conduct an audit because of the failure of a covered person(s) and organization(s) , including their representatives, indemnitees , and assigns, to cooperate with us , we may cancel this insurance in whole or in part.

Concerning broker authorization

1	Minus a letter of authorization by the first-named insured , we recognize your broker of record as your exclusive broker regarding this insurance.
2	As earned during the policy period , the commissions due on this insurance policy will transfer to the first-named insured's new broker of record on the date we approve the change.

Concerning our bankruptcy or insolvency

The following conditions apply:	
1	In the event of bankruptcy, default, illiquidity, or insolvency of us , any entity compromising us or our estate;
2	We , any entity compromising us or our estate, will not be relieved of any payments, obligations, or duties under this policy.

Concerning our right to recover defense costs

1	We are entitled to reimbursement of a payment made to settle a claim if it was determined in a subsequent action that the policy did not provide coverage; and
2	We are entitled to reimbursement of defense costs made to defend a claim(s) if it was determined in a subsequent action that the policy did not provide coverage and no duty to defend was owed; and
3	The inability to recover such payments and defense costs would result in unjust enrichment by you of payment(s) and defense costs for a claim(s) that is not covered by the policy and, hence, for which you paid no premium ;
4	Provided:
4.1	A written nonwaiver agreement or a court order granting us the right to participate in a settlement;
4.2	Without waiving the right to reimbursement of the payment(s); and
4.3	We expressly reserved the right to settlement payment and defense costs recovery in writing;
4.4	We provided a defense to you under a reservation of its rights, including:
4.4.1	A reservation of our right to seek reimbursement should the facts at trial prove that the policy did not cover the incident, resulting in liability; or
4.4.2	We file a declaratory judgment action after the underlying case has been adjudicated;
4.4.3	An offer to defend that clearly and expressly states that the failure to reject the offered defense within the stated period will constitute an acceptance;
4.4.4	Reimbursable payment(s) and defense costs begin accruing on the date of your written acceptance or default acceptance;
5	Including, but not limited to:
5.1	Payments and defense costs attributed to:
5.1.1	Periods of self-insurance ;
5.1.2	Claims that clearly and unequivocally did not trigger a duty to defend;
5.1.3	A declaratory judgment action;
5.2	A court-ordered reimbursement of our payment(s) towards and defense costs of defending uncovered claims;
5.3	Clearly uncovered claims, which we consistently identified as such or judicially determined that no duty to defend ever existed;
5.4	Our notification to the first-named insured of a reasonable settlement offer, and we gave the first-named insured an opportunity to accept the offer or assume its own defense;
6	Subject to a fair and reasonable allocation of payment(s) and defense costs among the claims:
6.1	First by us ; and
6.2	If you disagree, by determination or ratification under binding arbitration ;
7	Regardless of:
7.1	Your withheld consent;
7.2	Your alleging a waiver of any of our coverage defenses;
7.3	Your explicit rejection of the terms of the reservation of rights, but you benefited from our defense nonetheless;
7.4	An allegation that our obligation to defend you remains so long as there remained any question whether the policy covered the underlying claim(s);
7.5	Being a voluntary payment(s) or defense;
7.6	Being a first-party or third-party clamant(s);
7.7	Multiple-triggered policies;

7.8	Claims that are at least possibly within the scope of coverage when such claims are later found to be outside the policy coverage(s);
7.9	Our meaningful or implied control of the defense and settlement negotiations;
7.10	Expressly provided for or by default absent a statute or agreement to the contrary;
7.11	The applicability or imposition of the “American Rule”, which applies to claims for attorney's fees by prevailing litigants;
7.12	Being a complex litigation action or a multi-count complaint in which some claims were potentially covered and others are not, and allocation of payments and defense costs among the claims is necessitated, including:
7.12.1	Any obligation to provide coverage for prevailing party attorney's fees, as costs;
7.12.2	That could be allocated solely to claims that are not potentially covered; and
7.12.3	Even though defense costs for covered and noncovered claims may seem overlapped.

Concerning our rights concerning governmental indemnities

1	When governmental funds, insurances, indemnities, and recoveries are available to you for compensation;
2	Resulting from any injury, loss, or damage;
3	We shall be entitled to recover the portion of funds paid for indemnity;
4	That equals the amount we paid over any deductible you paid.

Concerning our subrogation rights

1	Each covered person(s) and organization(s) , including its representatives, indemnitee(s) , assigns, and the claimant, must do all that is essential to preserve our subrogation rights .
2	Each covered person, covered organization, and claimant is responsible for seeing that no other covered person, covered organization, or claimant’s actions or decisions negatively affect our recovery rights .
3	At our request, each covered person(s) and organization(s) , including their representatives, indemnitees , assigns, or claimants, must:
3.1	Make a claim and transfer those claims and rights to us ;
3.2	Help us enforce each claim as necessary;
3.3	Execute or cause to be executed all papers and render all assistance requested by us ;
3.4	Refrain from taking any action that, in any way, increases our exposure under this policy;
3.5	Do all that is essential and within their power to secure our rights;
3.6	Refrain from taking any action or delaying or failing to take obligatory action that precludes or hinders our legal or financial recovery rights after an incident or event resulting in a paid claim; and
3.7	Cooperate with us in all investigations, including investigations regarding the application for and coverage under this policy.
4	At our option, the applicable covered person, covered organization, or claimant will commence litigation, if necessary, to transfer subrogation rights to us and otherwise assist us in enforcing them legally within 30 days of our request.
5	Any recovery shall be applied first to subrogation expenses, second to the loss we paid, and third to the deductible or self-insured retention if any.
6	Any additional amounts recovered and paid to us shall be tendered to the applicable covered person, covered organization, claimant, or the first-named insured if we cannot locate the applicable person.

Concerning risk inspections

1	The first-named insured consents to our right to perform risk inspections of each covered location and covered asset to which this insurance applies.
2	If we cannot conduct these inspections because a covered person(s) and organization(s) , including any of their representatives, indemnitees , or assigns, does not cooperate with us , we may cancel this insurance in whole or in part.
3	This right to make inspections does not obligate us to inspect or limit us to one inspection per policy period .
4	By consenting to our right to perform inspections, the first-named insured also consents to our right to delegate this authority to our third-party service providers.
5	We may give the first-named insured reports on our inspection findings and make recommendations to the first-named insured .
6	We are not obligated to make any inspections, give first-named insured reports on our inspection findings, or make recommendations.
7	DISCLAIMER:
7.1	We do not make safety inspections.
7.2	We do not perform inspections relating to the health or safety of workers or the public.
7.3	We do not warrant that covered locations or structure assets are safe or healthful or comply with applicable laws, regulations, codes, or standards.
7.4	We do not conduct any inspections or make recommendations regarding boilers, pressure vessels, or elevators.
7.5	Any report we provide is for the exclusive use of the first-named insured , your broker of record , and us .
7.6	No other party may rely upon any portion of our report for any reason whatsoever.
7.7	Any report we issue does not determine or warrant that any risk, property, or operation is safe, healthful, or fully compliant with any law, rule, or regulation.
7.8	This disclaimer applies not only to us but also to our contracted third-party service providers.

Policy changes

General policy changes

Only the first-named insured is authorized to request changes to the policy.	
1	This policy can only be changed by us in writing.
2	Any restrictive or extension coverage changes outlined in a policy change endorsement shall supersede any conflicting policy terms and conditions that might otherwise restrict or extend coverage.
3	No certificate of insurance , proposal, or other evidence of insurance document(s) that describes this policy amends, alters, or extends the coverage provided by this policy.
4	The following changes will be stated in the revised declaration pages of a policy as of the time and date approved by us :
4.1	The requesting of, agreement to, and acceptance of any policy changes during the policy period ;
4.2	All future policy changes that the first-named insured requests, and we accept; and
4.3	Future policy changes that we make during the policy period .
5	Concerning any certificate of insurance , proposal, or other evidence of insurance documents evidencing this policy:
5.1	No certificate of insurance , proposal, or other evidence of insurance documents shall extend or restrict any coverage or benefit:
5.1.1	That is not expressly stated in this insurance policy;
5.1.2	To which the certificate of insurance , proposal, or other evidence of insurance documents refers;
5.2	No certificate of insurance , proposal, or other evidence of insurance documents shall confer to any person(s) or organization(s) any rights beyond those expressly provided by this policy;
5.3	Regardless of:
5.3.1	Minimum insurance requirements, coverage limits, terms, or other conditions;
5.3.2	In any insurance specifications or solicitations of bids;
5.3.3	As part of a competitive insurance procurement process; or
5.3.4	Extrinsic evidence to the contrary:
5.3.4.1	Concerning extra-contractual grants, extensions or restrictions, or clarification;
5.3.4.2	Regarding the terms of the policy or policy change declaration.

Non-cancellation policy changes

The following policy changes do not constitute a policy cancellation:	
1	Any policy change requested by the first-named insured during the policy period or at renewal; and
2	Any policy change made by us for underwriting purposes during the policy period or at renewal, including, but not limited to, those affecting:
2.1	Subjects of this insurance;
2.2	Coverages;
2.3	Rating territory;
2.4	Limits and deductible(s) ;
2.5	Reporting time frames;
2.6	Self-insured retention(s) ;
2.7	Restrictions and exclusions; or
2.8	Rates and premiums .
3	Renewal policy we may offer to renew this policy for a successive term.
4	When we offer to renew this policy, to accept that offer, the first-named insured must pay the renewal premium before the renewal policy effective date.
5	If the renewal premium is not paid before the renewal policy coverage effective date, coverage will cease on this policy's expiration date.
6	Concerning renewal policy:

(Continued on the next page)

6.1	A renewal policy may contain a change in policy terms.
6.2	If such change occurs:
6.2.1	The insurer shall give the named insured advance written notice summarizing the change;
6.2.2	Which may be enclosed along with the written notice of renewal premium ; or
6.2.3	Sent separately within the timeframe required under the law to provide a notice of nonrenewal to the first-named insured .
6.2.4	We will also provide a sample copy of the notice to your broker of record before; or
6.2.5	At the same time that notice is provided to the first-named insured .
6.2.6	Such notice will be entitled notice of change in policy terms.
6.2.7	Proof of emailing the notice of change in policy terms to the first-named insured at the email address shown on the policy declaration page(s) shall be deemed sufficient proof of notice .
6.3	If a renewal policy includes the addition of optional coverage:
6.3.1	That increases the premium to the first-named insured ;
6.3.2	The first-named insured may reject the addition of the optional coverage; and
6.3.3	Receive a full refund for such optional coverage;
6.3.4	If requested within 60 days of the effective date.

Superseding endorsement(s)

The following conditions apply:	
1	Non-transferred risks specifically covered under an endorsement do not apply to the extent:
1.1	It is covered in whole or in part under an endorsement(s); or
1.2	Excluded in whole or in part under an endorsement(s);
2	Policy and superseding individual endorsement conditions and restrictions; and/or
3	Multiple superseding endorsement conditions and restrictions.

Premiums and fees

Allocation of monies received

We will apply monies received in the following order of priority:	
1	Past due premiums and fees due on expired or canceled policies issued by us ;
2	Past due audit premiums , if any;
3	Past due premiums on active policies;
4	Past due fees on active policies;
5	Then current account charges; and
6	Any instructions from you to the contrary are null and void.

Federal, state, county, and municipal fees

If required by law, we must collect the applicable fees imposed in addition to any premiums due.	
--	--

Installment fees

We charge an installment fee stated on the declaration page(s) in addition to the premiums due for each installment payment.	
--	--

Insufficient funds fees

You will be charged the fee stated on the declaration page(s) for payment failure due to a bank notice of insufficient funds.	
---	--

Late fees

You will be charged a late fee, stated on the declaration page(s) for payments paid after the due date.	
--	--

Notice of renewal premiums

If expressly required by your home state statute and stated on the declaration page(s):	
1	We shall mail or deliver to the first-named insured at least 30 days advance written electronic notice of the renewal premium for this policy.
2	If we fail to provide such 30 days notice of a renewal premium that results in a premium increase:
2.1	The coverage under the policy remains in effect at the existing rates;
2.2	Until 30 days after the notice is given; or
2.3	Until the effective date of replacement coverage obtained by the first-named insured ;
2.4	Whichever occurs first.

Policy change endorsement

You will be charged and credited for all mid-term changes per our rates in force at the effective date of the change.	
---	--

Policy premium credits and refunds

1	If your premium account with us has a credit balance, we will use those credits toward your future payments.
2	If your account has an overall credit balance at expiration, we will issue the first-named insured a refund using the same account the first-named insured used to make the electronic payment(s).

Premium payment grace period

WE OFFER NO PREMIUM PAYMENT GRACE PERIOD UNDER ANY OTHER CONDITION(S) OTHER THAN AS EXPRESSLY STATED IN THIS CONDITION, AND ONLY TO THE EXTENT REQUIRED BY LAW IN THE AFTERMATH OF A WIDESPREAD DISASTER AND DECLARATION OF A STATE OF EMERGENCY:	
1	We will offer a grace period for payment of premiums for this insurance policy;
2	For that portion of the policy premiums for physical damage to a covered asset(s);
3	For those covered asset(s) located within the affected area under a state of emergency declaration;
4	For up to a maximum grace period of 60 days :
4.1	After the initial disaster occurrence ;
4.2	A declaration or state of emergency; or
4.3	The expiration date of this policy;
4.4	Whichever is less.
5	Failure to pay all premiums prior to the policy expiration date:
5.1	That would have been otherwise earned during the grace period;
5.2	Will result in suspension of coverage for claim(s) occurring during the grace period.
6	This benefit does not require any change to:
6.1	Our billing practices regarding billing, automatic payment, or cancellation for nonpayment; and
6.2	The first-named insured 's obligation to pay all premiums :
6.2.1	Prior to the expiration of this policy;
6.2.2	Including those premiums temporarily excused during the grace period;
7	If physical damage to a covered asset(s) coverage was canceled for nonpayment of premiums :
7.1	We will reinstate the coverage without a lapse in coverage during the grace period or late fees:
7.1.1	If reinstatement is requested by the first-named insured ; and
7.1.2	Such reinstatement shall become effective upon receipt of all premiums due by us .

Premium, taxes and fees financing

1	All premiums , taxes and fees are set forth on the applicable insurance declaration page; and
2	The first-named insured may select from the premiums , taxes and fees installment plans offered by us ;
3	Alternative premium financing outside of this insurance contract of any premiums , fees, and taxes is strictly prohibited;
4	Regardless of financing available through:
4.1	Your broker of record ; or
4.2	A commercial financial institution; or
4.3	A commercial premium finance company;
4.4	Another person(s) or organization(s).

Special premium credits

Loss-free premium credit warning

1	If your loss history is clear from paid claims for three consecutive years before the inception date of this policy, we will credit your calculated annual premium for an additional 20% reduction.
---	--

2	In case of a paid claim(s) or incurred defense costs during this policy, you will not qualify for the credit at renewal, and your renewal premium will increase.
3	This premium increase is in addition to any other premium increase or decrease due to a change in risks or underwriting judgment rating debits or credits.
4	Each paid loss stays on your claims history for three years after expiration.
5	The loss-free premium credit will automatically be reapplied upon three consecutive policy periods without a new paid claim(s) or incurred defense costs .
6	The \$3,500 claims payment would have resulted in \$6,000 in additional premiums assuming no change in risks or underwriting judgment rating debits or credits; and
7	in retrospect, the policyholder would have been better off rescinding the claim and paying for it out-of-pocket to preserve the loss-free credit (\$6,000 in additional premium - \$3,500 claim = \$1,500 policyholder savings).
8	We will remind you at the time of claims payment of your loss-free credit if applicable and allow you to reimburse us if you choose to preserve it at renewal.

Loss-free premium credit warning example

AN EXAMPLE FOR ILLUSTRATIVE PURPOSES ONLY:	
1	Current policy annual premium is \$10,000 - \$2,000 (20% loss-free credit) = \$8,000
2	We pay a \$3,500 claim payable during the policy period .
2.1	At the first renewal, and your calculated annual renewal premium is \$10,000 + \$2,000 (20% increase for loss of "loss free" credit) = \$12,000
2.2	At the first renewal, and your calculated annual renewal premium is \$10,000 + \$2,000 (20% increase for loss of "loss free" credit) = \$12,000
2.3	At the first renewal, and your calculated annual renewal premium is \$10,000 + \$2,000 (20% increase for loss of "loss free" credit) = \$12,000

Premiums

Minimum premiums

1	The policy may also be subject to the minimum earned premium if stated on the declaration pages.
2	If the first-named insured cancels, we will not refund more than 25% of the total advance premium .

Policy fees

1	Policy fees are stated on the declarations pages.
2	Policy fees are fully earned at the policy's inception and, therefore, non-refundable.

Premium payment

1	The first-named insured promises to pay all premiums when due and in full promptly.
2	In the event of a mid-term coverage addition, the additional premiums will be calculated pro-rata by comparing the time the policy was in force to the policy period's length and refunded to the first-named insured .
3	The first-named insured's or lender's failure to make timely payment of a premium to us shall be considered a request by the first-named insured or lender to cancel.
4	All premiums must be paid directly to us .
5	Any payment to your agent or your broker of record is not a payment to us .
6	The first-named insured's cancellation will not waive any premium due or fee obligations under this insurance.

Premium financing

Any direct or indirect use of a third-party premium finance plan or other extensions of credit on payment of this insurance policy's premiums is strictly prohibited.

Refunds

Decrease in coverage

In the event of a mid-term coverage deletion, premium refunds will be calculated pro-rata by comparing the time the policy was in force to the policy period's length and credited to the first-named insured .
--

Policy cancellation

1	If this policy is canceled, we will send the first-named insured any premium refund due.
2	In the event of a mid-term policy cancellation, premiums will be calculated on a pro-rata basis by comparing the amount of time the policy was in force to the length of the policy period and will be paid to the first-named insured (less applicable minimum earned premium or policy fees if any).

Total loss

1	It is understood and agreed that in the event of a total loss to a covered asset under the policy, the entire policy premium for that covered asset shall be earned in full.
2	No premium refund shall be due to the first-named insured or lender .

Your duties concerning governmental recoveries

When governmental funds, insurance, indemnities, and recoveries are available for compensation resulting from any injury, loss, or damage, you must immediately and actively seek all the government benefits available to reduce your loss.

Your broker of record

1	You vetted to your satisfaction a professional, experienced, licensed, and insured insurance broker; and
2	You appointed them to:
2.1	Exclusively represent your interests above their interests; and
2.2	Negotiate optional policy terms, conditions, limits, restrictions; and
2.3	Communicate with us on your behalf.
3	All warranties and representations made by your broker of record shall be relied upon by us as if made by the first-named insured .
4	Your broker of record is:
4.1	As stated on the applicable declaration page;
4.2	Not our agent; and
4.3	Does not represent us directly or in a dual capacity at any time.

Your broker of record compensation

1	We pay your broker of record a commission for data input and the placement of this insurance policy with us under a confidential broker contract .
2	We do not pay your broker of record an additional bonus commission for steering business, volume, loss ratio, or any other measure.

Notice of collection, transmission, and storage of insurance-related information

1	Personal information may be collected from persons other than the individual or individuals proposed for coverage.
1.1	Such information, as well as other personal or privileged information:
1.1.1	Subsequently collected by us or our program administrators , reinsurers, actuaries, claims administrators and adjusters, inspection and loss control personnel;
1.1.2	May, in certain circumstances, be disclosed to third parties without your authorization;
1.2	Nevertheless, a right of access and correction exists concerning all personal information collected; and
1.3	This condition shall serve as your notice , if required, under applicable law.
2	We adhere to industry standards for collecting, using, and disclosing information gathered in connection with this insurance policy and ensuing transactions by us .
3	Such standards endeavor to maintain a balance between the need for information by those conducting the business of insurance and the public's need for fairness in insurance information practices, including the need:
3.1	To minimize intrusiveness;
3.2	To meet regulatory and legal requirements;
3.3	To enable covered persons or organizations to ascertain:
3.3.1	What information is being or has been collected about them in connection with insurance transactions; and
3.3.2	To have access to such information to verify or dispute its accuracy;
3.4	To limit the disclosure of information collected in connection with insurance transactions; and
3.5	To enable insurance applicants and policyholders to obtain the reasons for any adverse underwriting decision;
4	The obligations imposed by this condition shall apply to us and our program administrators , reinsurers, actuaries, claims administrators and adjusters, inspection and loss control personnel, and our data and record storage and destruction personnel or contractors; and
5	The protections granted by this condition are limited to the following:
5.1	Person(s) and organization(s) who are the subject of information collected, received, or maintained in connection with insurance transactions involving this policy and related changes, binders, or certificates of insurance delivered, issued for delivery, or renewed; and
5.2	All covered persons or organizations who engaged in or sought to engage in insurance transactions involving this insurance policy and related changes, binders, or certificates of insurance delivered, issued for delivery, or renewed;
6	The following protections are hereby granted:
6.1	We will not use or authorize the use of pretext interviews to obtain information in connection with an insurance transaction:
6.1.1	Provided, however, that a pretext interview may be undertaken to obtain information from a person or institution;
6.1.2	That does not have a generally or statutorily recognized privileged relationship with the person to whom the information relates;
6.1.3	To investigate a claim where there is a reasonable basis for suspecting criminal activity, fraud, material misrepresentation, or material nondisclosure in connection with a claim;
6.2	We will grant the person(s) to whom the information relates the right of access and correction concerning all personal information collected;
6.3	We shall specify those questions designed to obtain information solely for underwriting, marketing, or research purposes from the person(s) and organization(s) asked in connection with this insurance policy or ensuing transaction;
6.4	We will only use:
6.4.1	A compliant disclosure authorization process
6.4.2	A compliant investigative consumer report process
6.4.3	A complaint adverse underwriting decision process

1.3	Drivers under the influence of narcotics, intoxicants , or drugs; or
1.4	Uses of the automobile asset(s) :
1.4.1	Intentional damage or willful and wanton misconduct;
1.4.2	Unauthorized entrustment;
1.4.3	For illegal purposes;
1.4.4	Racing or speed contest;
1.4.5	Towing or pushing another vehicle or any other object; or
1.4.6	Off-roading or extended travel on unimproved road surfaces.

Taxi or ride-sharing hazards

The phrase taxi or ride-sharing hazards means:	
1	The lawful transport of a person(s) and their good(s) or other cargo as a public service;
2	Generally involving:
2.1	Commercial taxi, shuttle bus, or other customer courtesy transportation vehicle; or
2.2	Paid transport or rentals employing technology to link enrolled user passengers needing transportation services with the drivers with automobile asset(s) employed in such ride-sharing and transportation services, including but not limited to:
2.2.1	While logged into the network preparing for pick up, loading, transporting, delivering, and unloading passengers and cargo;
2.2.2	Including, but not limited to the following networks: Uber, Lyft, Uber Eats, Grubhub, DoorDash or similar organization; or
2.2.3	The strict, contractual, or negligent liabilities of the automobile asset(s) owner or agents.
3	Including, but not limited to:
3.1	State regulations concerning this public service;
3.2	Including but not limited to driver qualification concerning training, background checks, fingerprints, driving in unfamiliar areas, technology distraction, or their motor vehicle driving records;
4	Regardless of whether or not the following factors apply:
4.1	The automobile asset(s) ownership or the ownership's permissions, policies, rules or allowances;
4.2	The motor vehicle financial responsibility laws or other laws applicable to taxi or ride-sharing hazards concerning minimum levels of insurance and other regulations;
4.3	The transportation services technology used, or other marketing services, organizations, brokers or agents involved;
4.4	The distance transported or elapsed time of transport;
4.5	The method of payment or compensation type or amount;
4.6	The driver's licensure requirement compliance;
4.7	The driver being logged on to the technology used or not at the time of the accident ; or
4.8	The number or age of person(s) or type of cargo transported
4.9	The incidental, on-demand, temporary substitute, or primary use of the automobile asset(s) for transportation services.

Valet parking services hazards

The phrase valet parking services hazards means:	
1	A nonowned automobile asset(s) ;
2	Lawfully operated by you on a covered location ;
3	With the owner's expressed permission to park their automobile asset .

Backup generator system asset risks

Backup generator system asset

The phrase backup generator system asset means:	
1	Power apparatus engine (gasoline, diesel, biofuels, steam, propane, or liquid natural gas);
2	Electrical generator, transformers, connectors, adapters, surge protectors, or cables;
3	Dedicated meters, racking, foundations and mounting, holders, organizers, electrical panels, switchgear or connectors, and cords;
4	Dedicated computer hardware asset and computer software asset , if any.

Battery energy storage system asset risks

Battery energy storage system asset

The phrase battery energy storage system asset means:	
1	Electrical storage facilities that use higher energy density and more compact batteries to:
1.1	Provide electricity when off the power grid;
1.2	Balance the power grid;
1.3	Help manage unavoidable peaks and troughs in power generation from renewable energy sources such as wind and solar; and
1.4	Decentralize energy networks, increasing their efficiency by locating sources of power close to where it is consumed;
2	Including, but not limited to, the following battery types:
2.1	Lithium-ion, lead acid, or cadmium;

2.2	Sodium-ion, iron-air cells, or nickel;
2.3	Lithium-iron-phosphate; or
2.4	Lithium-nickel or manganese-cobalt;
2.5	And any combination of any of these.

Breakage and dropping risks

Breakage and dropping physical hazards

The phrase breakage and dropping physical hazards means:	
1	The ruination, destruction, marring, scratching, chipping, cracking, shattering, dinging, or breaking of a fragile asset(s) ;
2	Due to mishandling, mispacking, dropping, fumbling, or otherwise losing control; and
3	The fragile asset(s) :
3.1	Collide with another object or ground; or
3.2	Becomes lost and unretrievable due to being dropped into water, into crevasses or holes;
4	Including, but not limited to ensuing miscalibration, tuning, or total malfunction.

Fragile asset

The phrase fragile asset means:	
1	Personal asset (other than fixed asset) ;
2	That are susceptible to breakage and dropping physical damage ;
3	Due to their composition, materials, design, or repetitive daily use;
4	Including, but not limited to:
4.1	Aerial drone asset ;
4.2	Cameras and lenses;
4.3	Ceramics and porcelain personal asset (other than fixed asset) ;
4.4	Computer software asset, computer hardware asset, electronic data asset, and personal electronic device asset , including, but not limited to:
4.4.1	Smartphones and tablets;
4.4.2	Laptops;
4.4.3	Handheld scanners or barcode readers;
4.4.4	Walkie-talkies or radios;
4.4.5	Electronics internal components;
4.4.6	Printers and scanners;
4.5	Fine art asset ;
4.6	Glass items;
4.7	Light bulbs;
4.8	Measuring tools;
4.9	Medical devices;
4.10	Musical instrument asset ;
4.11	Power tools;
4.12	Robot asset ;
4.13	Scientific instrument asset ;
4.14	Screens;
4.15	Televisions and sound equipment; or
4.16	Watches and clocks.

Cancel culture risks

Cancel culture hazards

The phrase cancel culture hazards means:	
1	An actual, threatened, or public call;
2	To suspend or terminate support for a person(s) or organization(s) and their work or product; or
3	To bully, infringe, limit, or negate free speech in any form, on any media;
4	Whether lawful or not;
5	Due to communication(s), opinion(s), or action(s) deemed offensive or false or in violation of their values or policies;
6	By another person(s) or organization(s);
7	Including, but not limited to:
7.1	Abortion, fetal tissue,
7.2	Age or social security funding issues;
7.3	Animal rights issues;
7.4	Bullying or body-shaming issues;
7.5	Child support or divorce issues;
7.6	Climate change hazards issues;
7.7	Pollution, fracking, nuclear power, waste, or environmental issues
7.8	Disease control issues;
7.9	Drug legalization or abuse issues
7.10	Employment, collective bargaining, or right-to-work issues;
7.11	Equity of standing concerning economics, race, sexual orientation, ethnicity, or religion issues;
7.12	Firearm or weapon issues;
7.13	Freedom of speech issues;
7.14	Gender identity or gender roles issues;
7.15	Governance, mandates, emergency powers, or civil rights issues;
7.16	Hate speech or hate crime issues;
7.17	Healthcare issues;
7.18	Human cloning, fertility, or other ethical population issues;
7.19	Immigration or border control issues;
7.20	Indigenous people issues;
7.21	Islamophobia issues;
7.22	LGBT adoption issues;
7.23	Medical, genetic, or DNA issues;
7.24	National debt issues, deficit spending, or balanced government budgets;
7.25	Police brutality issues; or
7.26	Pornography, human trafficking, or prostitution issues;
7.27	Privacy issues;
7.28	Prosecution or imprisonment issues;
7.29	Racial profiling or other racial issues;
7.30	Religion and separation of church and state issues;
7.31	Reparations for slavery and wronged Indigenous peoples issues
7.32	Same-sex marriage issues;
7.33	School choice, student rights and debt, teacher rights, or other education issues;
7.34	Social economic or poverty issues;
7.35	Suicide or euthanasia issues;
7.36	Taxation issues;
7.37	Vaccination issues;
7.38	Voting issues;
7.39	War issues; or
7.40	Xenophobia or nativism issues; or
8	You directly or indirectly exert pressure on person(s) and organizations to:
8.1	Disenfranchise, terminate employment or contracts, demote, de-platform, suspend, marginalize, defame, incite violence, instigate, or maintain intolerance, or cancel the offender's social media account(s), public appearances or speaking engagements and, in the case of businesses deemed offensive, organizing boycotts of their product(s), or otherwise systematically exclude anyone who disagrees with your views; or
8.2	Call for the firing, demotion, de-platforming, suspension, marginalization, defaming, inciting violence, instigating, or maintaining intolerance, disenfranchising, or canceling the offender's social media account(s), public appearances or speaking engagements and, in the case of businesses deemed offensive, organizing boycotts of their product(s), or otherwise systematically excluding anyone who disagrees with your social views.

Care services risks

Care services hazards

The phrase care services hazards means your volunteer supervisory care, custody, or control of:	
1	An infant or child commonly referred to as baby-sitting or childcare services;
2	A mentally or physically disabled person;
3	A mentally or physically infirm elderly person, commonly referred to as eldercare or assisted living services; or
4	A guest :
4.1	Who remains under a doctor's continuing care and restrictions after discharging due to:
4.1.1	Medical procedures or therapies received; or
4.1.2	Recent hospitalization;
4.2	Who checks into a covered dwelling asset directly from the hospital before returning home because the guest :
4.2.1	Needs to convalesce more; or
4.2.2	Needs to attend a follow-up visit to the doctor or medical facility.

Dangerous care services hazards

Please refer to the care services risk group in the **non-transferred risks** endorsement.

Catastrophic ground cover collapse risks

Catastrophic ground cover collapse hazards

The phrase catastrophic ground cover collapse hazards means geological activity that results in all the following:	
1	A collapse of the ground cover that occurs abruptly;
2	A depression in the ground cover that is visible to the naked eye;
3	Structural damage to a covered fixed asset (s), including their foundation(s); and
4	The covered fixed asset (s), being condemned and ordered to be vacated by the governmental agency authorized by law to issue such an order for that covered fixed asset (s).

Catastrophic ground cover collapse land restoration expenses

The phrase catastrophic ground cover collapse land restoration expenses means:	
1	Any incurred costs;
2	That directly results from the necessary restoration of land; and
3	That directly results from catastrophic ground cover collapse hazards at a covered location .

Class action risks

You as a co-defendant class action hazards

The phrase you as a co-defendant class action hazards means:	
1	A class action suit;
2	That names the first-named insured as a co-defendant; and
3	That does not name the first-named insured as a lead defendant.

You as the sole defendant class action hazards

The phrase you as the sole defendant class action hazards means:	
1	A class action suit;
2	That names the first-named insured as the sole defendant.

Cold weather risks

Blizzard

The word blizzard means:	
1	A single severe snowstorm with high winds and low visibility;
2	With snowfall accumulating over 12 inches of falling and drifting snow;
3	Accumulating in drifts; and
4	Occurring over a continuous period.

Blizzard damage debris hazards

The phrase blizzard damage debris hazards means the costs:					
1	To remove debris or damaged trees generally involving a blizzard ; and				
2	The debris or damaged tree collides with a covered dwelling asset , resulting in: <table><tr><td>2.1</td><td>Structural damage; or</td></tr><tr><td>2.2</td><td>The puncturing of the structural envelope; or</td></tr></table>	2.1	Structural damage ; or	2.2	The puncturing of the structural envelope ; or
2.1	Structural damage ; or				
2.2	The puncturing of the structural envelope ; or				
3	The debris or damaged tree is deposited within a covered dwelling asset ; or				
4	The debris or damaged tree poses an imminent danger to a covered dwelling asset .				

Blizzard hazards

The phrase blizzard hazards means:	
1	All causes of loss;
2	Including any sequential or concurrent contributory causes to loss or damage;
3	Generally involving a blizzard .

Cold weather hazards

The phrase cold weather hazards means all physical damage that is generally involving atmospheric temperatures below 32 degrees Fahrenheit, including, but not limited to:	
1	Blizzard hazards
2	Ice storm hazards
3	Freezing hazards
4	Frost heaving hazards
5	Snow and ice damming hazards
6	Snowslide-avalanche hazards
7	Weight of snow and ice collapse hazards

Ice lens

The phrase ice lens means:	
1	A layer or band of pure ice that forms within freezing, moist soil, or rock;
2	That creates a temperature gradient that draws water upward from deeper layers, forming a distinct lens of ice;
3	Which if freezing continues and water remains available, the lens grows thicker and form multiple lenses can stack, pushing the soil surface upward - a process known as frost heave.

Ice storm hazards

The phrase ice storm hazards means:	
1	A storm characterized by the accumulation of at least 0.25 inches of ice on exposed cold surfaces;
2	Forming a layer of ice known as glaze;
3	Caused by freezing rain or other precipitation that freezes.

Freezing ensuing water deterioration hazards

The phrase freezing ensuing water deterioration hazards means:					
1	Any ensuing water damage to a floor, ceiling, wall covering, ceiling, or framing;				
2	Due to an abrupt rupture that directly results from freezing hazards ;				
3	Including, but not limited to: <table><tr><td>3.1</td><td>Excessive humidity, seeping, condensation, splashing, or accumulation water; or</td></tr><tr><td>3.2</td><td>Waterborne debris, steam, or water vapor.</td></tr></table>	3.1	Excessive humidity, seeping, condensation, splashing, or accumulation water; or	3.2	Waterborne debris , steam, or water vapor.
3.1	Excessive humidity, seeping, condensation, splashing, or accumulation water; or				
3.2	Waterborne debris , steam, or water vapor.				

Freezing hazards

The phrase freezing hazards means:	
1	Having reached a temperature of less than 32 degrees Fahrenheit or zero degrees Celsius; and
2	Resulting in a thickening or solidification of liquids; or
3	The formation of frost on or systemic ice crystals within or throughout any substance or matter.

Freezing prevention hazards

The phrase freezing prevention hazards means one or more of the following:									
1	You fail to monitor temperature conditions in any covered dwelling asset : <table><tr><td>1.1</td><td>Before and during freezing hazards weather conditions;</td></tr><tr><td>1.2</td><td>Before recharging water systems after draining them from water and other water-based liquids to prevent freezing if the heating system has not been restored to proper and adequate capacity to prevent freezing;</td></tr><tr><td>1.3</td><td>To make sure heating systems and other measures are preventing freezing hazards;</td></tr></table>	1.1	Before and during freezing hazards weather conditions;	1.2	Before recharging water systems after draining them from water and other water-based liquids to prevent freezing if the heating system has not been restored to proper and adequate capacity to prevent freezing;	1.3	To make sure heating systems and other measures are preventing freezing hazards ;		
1.1	Before and during freezing hazards weather conditions;								
1.2	Before recharging water systems after draining them from water and other water-based liquids to prevent freezing if the heating system has not been restored to proper and adequate capacity to prevent freezing;								
1.3	To make sure heating systems and other measures are preventing freezing hazards ;								
2	Failure to remedy known deficiencies in structural envelope , insulation, heating systems, auxiliary heating systems, generators, fuel storage or supply chains, drains, drain fields, or prior unrepaired damages that cause or contribute to freezing hazards ;								
3	Failure of insulation due to unknown or undiscovered deterioration or hidden damage: <table><tr><td>3.1</td><td>If undiscovered even after periodic visual maintenance inspections;</td></tr><tr><td>3.2</td><td>Unless no such inspections were made by the first-named insured within the last 365 days;</td></tr></table>	3.1	If undiscovered even after periodic visual maintenance inspections;	3.2	Unless no such inspections were made by the first-named insured within the last 365 days ;				
3.1	If undiscovered even after periodic visual maintenance inspections;								
3.2	Unless no such inspections were made by the first-named insured within the last 365 days ;								
4	You fail to maintain the energy source of a covered dwelling asset's heating system: <table><tr><td>4.1</td><td>Supplied with an uninterrupted supply of fuel or electricity, including a temporary rental of a backup generator;</td></tr><tr><td>4.2</td><td>Switched on in the event an electrical breaker or another shut-off switch is deactivated or erroneously switched off;</td></tr></table>	4.1	Supplied with an uninterrupted supply of fuel or electricity, including a temporary rental of a backup generator;	4.2	Switched on in the event an electrical breaker or another shut-off switch is deactivated or erroneously switched off;				
4.1	Supplied with an uninterrupted supply of fuel or electricity, including a temporary rental of a backup generator;								
4.2	Switched on in the event an electrical breaker or another shut-off switch is deactivated or erroneously switched off;								
5	You fail to use adequate and properly sized temporary: <table><tr><td>5.1</td><td>Electrical space heaters, fans, and suitable outlets, wiring, or extension cordage;</td></tr><tr><td>5.2</td><td>Liquified natural gas or propane space heaters supplied with fuel.</td></tr></table>	5.1	Electrical space heaters, fans, and suitable outlets, wiring, or extension cordage;	5.2	Liquified natural gas or propane space heaters supplied with fuel.				
5.1	Electrical space heaters, fans, and suitable outlets, wiring, or extension cordage;								
5.2	Liquified natural gas or propane space heaters supplied with fuel.								
6	You fail to close and secure (lock or latch) all doors, windows, or any other openings requiring temporary insulation and boarding up;								
7	You fail to monitor any temporary heating source for mechanical or electrical breakdown or deactivation during use;								
8	You fail to properly insulate any of the following items exposed or otherwise at risk from freezing hazards : <table><tr><td>8.1</td><td>Unheated or inadequately heated interior spaces or exposed areas due to a construction or renovation decision, or inherent design flaw or deficiency in the heating system(s) or use of insulation;</td></tr><tr><td>8.2</td><td>Fire suppression system asset;</td></tr><tr><td>8.3</td><td>Incoming waterlines, pipes, or tubing;</td></tr><tr><td>8.4</td><td>Outgoing drains and sewage lines;</td></tr></table>	8.1	Unheated or inadequately heated interior spaces or exposed areas due to a construction or renovation decision, or inherent design flaw or deficiency in the heating system(s) or use of insulation;	8.2	Fire suppression system asset ;	8.3	Incoming waterlines, pipes, or tubing;	8.4	Outgoing drains and sewage lines;
8.1	Unheated or inadequately heated interior spaces or exposed areas due to a construction or renovation decision, or inherent design flaw or deficiency in the heating system(s) or use of insulation;								
8.2	Fire suppression system asset ;								
8.3	Incoming waterlines, pipes, or tubing;								
8.4	Outgoing drains and sewage lines;								

(Continued on the next page)

8.5	Irrigation or water treatment systems;
8.6	Any connected tanks or vessels, valves, meters, pumps, radiators, heat-exchangers, dehumidifiers or humidifiers, condensers or condensation systems, or instrumentation;
8.7	Any sprinklers and sprinkler heads, standpipes, or hydrants,
8.8	You fail to properly protect or move personal asset (other than fixed asset) exposed or otherwise at risk from freezing hazards .

Frost heaving

The phrase frost heaving means:	
1	A geological and engineering phenomenon where soil is lifted upward due to the formation of an ice lens beneath the surface during freezing conditions;
2	Resulting in:
2.1	Surface cracking and deformation;
2.2	Bumps, cracks, and uneven surfaces;
2.3	Water drainage problems;
2.4	Including, but not limited to repeated freeze-thaw cycles that accelerate deterioration.

Frost heaving hazards

The phrase frost heaving hazards means:	
1	Any personal asset (other than fixed asset) or fixed asset(s) that are not protected from the effects of frost heaving ;
2	Shallow foundation design, if required by code or weather zone susceptible to damaging freeze and thaw cycles.

Snow and ice damming hazards

The phrase snow and ice damming hazards means:	
1	An ice dam and the gradual buildup of melting and refreezing of snow, rain, or ice; or
2	Any physical damage that is generally involving the failure of snow and ice guards to:
2.1	Prevent snow from dangerously sliding off a roof; or
2.2	Allow stationary snow and ice to slowly and safely melt off the roof.

Snowslide-avalanche hazards

The phrase snowslide-avalanche hazards means:	
1	Snow and ice;
2	That is disturbed and breaks free;
3	Colliding with and carrying soil, rocks, trees, and other debris;
4	Down a steeply sloped surface, mountainside, cutbank, or avalanche chute.

Specific freezing hazards

The phrase specific freezing hazards means freezing hazards that are generally involving :	
1	Your failure or inability to prove:
1.1	That you made a reasonable effort;
1.2	While exercising good faith, due diligence, and sound judgment;
1.3	To maintain the temperature inside the entire covered fixed asset ;
1.4	Above freezing under the circumstances; and
1.5	Specifically, to maintain all reasonable freezing hazards prevention measures that are more than simply supplying the electricity or fuel to the applicable heating system(s);
2	A covered fixed asset that suffered a prior loss from freezing hazards :
2.1	Including any abrupt or gradual ensuing water damage; and
2.2	The first-named insured failed to implement reasonable changes to prevent future freezing hazards .
3	You deliberately left the water running unattended:
3.1	That results in an overflow or backup of water;
3.2	From freezing impaired outgoing drains or sewage lines; or
4	Freezing hazards that occur to:
4.1	A vacant fixed asset ;
4.2	A newly constructed or renovated fixed asset :
4.2.1	But only to the part of the newly constructed or renovated fixed asset that is under construction or renovation;
4.2.2	That portion of the existing fixed asset that is exposed to freezing hazards due to construction or renovation;
4.2.3	That you fail to maintain adequate heat or fail to drain completely and shut off the water supply.

Weight of snow and ice collapse hazards

The phrase weight of snow and ice collapse hazards means:	
1	Weight, load, or stress of accumulating snow and ice;
2	That has accumulated on the roof or sides of a fixed asset ;
3	That results in collapse .

Collapse risks

Animal physical damage structural deterioration

The phrase animal physical damage structural deterioration means structural deterioration hazards that is generally involving an animal.	
---	--

Collapse

The word collapse means:	
1	The complete or total separation, breakdown, falling apart, or destruction that is generally involving a loss of structural integrity; or
2	The partial loss of structural integrity separation, breakdown, falling apart, or destruction that is generally involving a loss of structural integrity; and
3	Renders the covered fixed asset , in whole or in part, unfit and unusable, untenable, or subject to condemnation.

Collapse hazards

The phrase collapse hazards means:	
1	The abrupt , complete, or partial loss of structural integrity of a covered fixed asset ; or
2	The gradual , complete, or partial loss of structural integrity of a covered fixed asset ;
3	That results in or culminates in an actual or imminent collapse .

Collapse limited concurrent triggers

The phrase collapse limited concurrent triggers means only the following:	
1	If hidden from your view during routine maintenance and inspection; and
2	Unknown to you before an abrupt covered collapse ; and
3	If first discovered during the policy period :
3.1	Defective construction triggers ;
3.2	Structural deterioration hazards ;
3.3	Insect physical damage structural deterioration ;
3.4	Animal physical damage structural deterioration .

Collapse limited hazards

The phrase collapse limited hazards means:	
1	The abrupt total and complete loss of structural integrity of a covered fixed asset ; or
2	The partial loss of structural integrity; and
3	That was first set in motion and directly resulted from one or more covered triggering damages; and
4	That renders:
4.1	The covered fixed asset ; or
4.2	A portion of a covered fixed asset ;
4.3	That a reasonably prudent person would clearly and immediately determine under the same circumstances;
4.4	That the covered fixed asset is unsafe and unfit for its intended occupancy;

4.5	Because:
	4.5.1 The covered fixed asset has fallen into multiple pieces and is no longer standing; or
	4.5.2 There is a clear and present danger of a total and complete collapse .

Collapse triggering hazards

The phrase collapse triggering hazards means:	
1	One or more of the following scheduled covered damages;
2	That directly results in an abrupt collapse :
3	3.1 Specific collapse triggers
	3.2 Collapse limited concurrent triggers

Defective construction triggers

The phrase defective construction triggers means:	
1	The use of defective construction materials or methods in fixed asset remodeling; or
2	Renovating the covered fixed asset if the collapse physical damage to covered personal asset (other than fixed asset) or fixed asset(s) loss:
	2.1 First occurs during the policy period and during the construction, remodeling, or renovation; or
	2.2 After the construction, remodeling, or renovation is complete;
	2.3 If the collapse physical damage to covered personal asset (other than fixed asset) or fixed asset(s) is concurrently caused by one or more of the specific collapse triggers .

Insect physical damage structural deterioration

The phrase insect physical damage structural deterioration means structural deterioration hazards that is generally involving an insect .	
--	--

Structural deterioration hazards

The phrase structural deterioration hazards means:	
1	A physical decline in functional integrity of a covered fixed asset :
	1.1 That is hidden from view during routine maintenance and inspection; and
	1.2 That is unknown to you before a covered collapse occurs; and
	1.3 That is first discovered and reported to us in writing during the policy period .

Specific collapse triggers

The phrase specific collapse triggers means only one or more of the following:	
1	Collision physical damage including, but not limited to:
	1.1 Concurrent direct physical damage ;
	1.2 That is connected to, adjacent to, or in close proximity of the collapsed covered fixed asset(s) ;
	1.3 Which has been collaterally damaged as a direct result of an abrupt covered collapse of the collapsed covered fixed asset ;
2	Explosion hazards ;
3	Fire hazards ;
4	Hailstorm hazards ;
5	Lightning hazards ;
6	Riot or civil commotion hazards ;
7	Sewage hazards ;
8	Sinkhole collapse hazards ;
9	Smoke hazards ;
10	Vandalism hazards ;
11	Volcanic action hazards ;
12	Water leakage hazards ;
13	Windstorm hazards ;
14	Weight of people or personal asset (other than fixed asset) damage; or
15	Damage from the weight of rain, snow, ice, or sleet that collects on the roof or sides of a fixed asset .

Collision risks

Collision hazards

The phrase collision hazards means an abrupt and accidental impact or crash involving:	
1	An object and a covered personal asset (other than fixed asset) or fixed asset(s) ;
2	A covered personal asset (other than fixed asset) or fixed asset(s) colliding with another covered personal asset (other than fixed asset) or fixed asset(s) ; or
3	Including, but not limited to:
	3.1 Upset and overturn of a covered automobile asset or motor vehicle asset , upon which the covered personal asset (other than fixed asset) are being transported;
	3.2 A crash, pinching, cutting, slamming, entrapment, or other failure or malfunction of an elevator or mechanical walkway asset .

Dangerous collision hazards

Please refer to the collision risk group in the non-transferred risks endorsement.	
---	--

Communication tower asset risks

Communication tower asset

The phrase communication tower asset means a structure asset used for:	
1	Transmitting, re-broadcasting, relaying, or receiving:
	1.1 Television signals or data;
	1.2 Radio signals or data;
	1.3 Internet signals or data;
	1.4 Telescope signals or data;
	1.5 Satellite signals or data;
	1.6 Cellular phone signals or data; or
	1.7 Other wireless signals or data;
2	Aircraft asset or watercraft asset warning signals;
3	Advertising signage; or
4	Wildlife nesting or roosting;
5	Remote weather sensing, measuring, or data collection;
6	Closed circuit security television, video, or photography equipment mounting and operations.

Construction risks

Aerial lifts

The phrase aerial lifts means:

Earthquake risks

Earthquake ensuing hazards

The phrase earthquake ensuing hazards means the following hazards that first occur in whole or in part within 72 hours of one or more earthquake hazards :		
1	Catastrophic ground cover collapse hazards ;	
2	Earth movement hazards ;	
3	Freezing hazards ;	
4	Lightning hazards ;	
5	Mine subsidence hazards ;	
6	Ocean or tidewater hazards ;	
7	Seismic activity hazards ;	
8	Sinkhole activity ;	
9	Sinkhole collapse hazards ;	
10	Smoke hazards ;	
11	Snowslide-avalanche hazards ;	
12	Volcanic action hazards ;	
13	Wildfire hazards ;	
14	Windstorm hazards ;	
15	Terrorism hazards ;	
16	Tsunami;	

17	Standing waves, slosh, or seiches; or
18	Water line abrupt rupture or gradual leakage from a dwelling water system or fire suppression system;
19	Unless the above earthquake hazards :
19.1	Occurred independently of the earthquake hazards ; and first or concurrent occurrence of one or more of the specific occurrence(s) above; and
19.2	Did not cause or contribute to the cause of the earthquake hazards .

Earthquake hazards

The phrase earthquake hazards means:	
1	An abrupt shaking or tremor of the Earth’s surface due to the release of energy in the Earth’s crust that creates seismic waves;
2	Earthquake-propelled debris, rubble, or wreckage;
3	Slippage on a fault;

4.3	A body of water.

Volcanic earthquake

The phrase volcanic earthquake means:	
1	A separate type of earthquake;
2	That is first set in motion by volcanic action ; and
3	Occurs concurrently or sequentially with a tectonic earthquake .

Electric vehicle charging system asset risks

Electric vehicle charging system asset

The phrase electric vehicle charging system asset means:	
1	Permanently installed charging stations for level 2 charging;
2	EV charger, transformers, connectors, adapters, surge protectors, and cables;
3	Dedicated meters, racking, holders, organizers, electrical panels, switchgear and connectors, and cords;
4	Dedicated computer hardware asset and computer software asset , if any.

Electrical breakdown risks

Electrical breakdown hazards

The phrase electrical breakdown hazards means:	
1	The malfunction of covered personal asset (other than fixed asset) that are generally involving any electrical disturbance;
2	Resulting in a full or partial cessation of function;
3	Including, but not limited to:
3.1	Electrical current leakage, deteriorated dielectric strength, and the ensuing short circuits;
3.2	Degradation of the maximum operating frequency of an electronic chip;
3.3	Electrical overload hazards
3.4	Electrical testing hazards
3.5	Electromigration effects hazards
3.6	Human error hazards
3.7	Inadequate maintenance hazards
3.8	Manufacturing or installation defect hazards
3.9	Radiation effects hazards
3.10	Thermal effects hazards
3.11	Your unprotected electronic data hazards

Electrical overload hazards

The phrase electrical overload hazards means:	
1	The malfunction, or failure of covered electrical equipment or machinery to operate;
2	Due to electrical breakdown hazards that are generally involving :
2.1	Overloading, latch-ups, or overly parasitic apparatus;
2.2	Transmission line reflections and ground bounces;
2.3	Reverse bias; or
2.4	Current crowding.

Electrical testing hazards

The phrase electrical testing hazards means:	
1	The malfunction, or failure of covered electrical equipment or machinery to operate:
2	Due to electrical breakdown hazards that are generally involving :
2.1	An electrical insulation breakdown test of any type of electrical equipment or machinery; or
2.2	An electrical test of any electrical equipment or machinery attempted or conducted during manufacturing, renovation, repair, installation, or replacement of such equipment or machinery.

Electromigration effects hazards

The phrase electromigration effects hazards means:	
1	The malfunction, or failure of covered electrical equipment or machinery to operate:
2	Due to electrical breakdown hazards that are generally involving :
2.1	The momentum transfer from moving electrons;
2.2	That results in circuit failure:

2.2.1	Due to the gradual displacement of metal atoms; and
2.2.2	The formation of voids and hillocks in the conductor.

Electronic packaging

The phrase **electronic packaging** means the design and production of enclosures for electronic devices ranging from individual semiconductor devices up to complete **computer hardware asset** (including a mainframe computer or server), **computer software asset**, **firmware**, or **electronic data**.

Human error hazards

The phrase human error hazards means:	
1	The malfunction, or failure of covered electrical equipment or machinery to operate;
2	Due to electrical breakdown physical damage that is generally involving :
2.1	Overheating due to inadequate ventilation and cooling;
2.2	In correction, adjustment, or setting of a meter, transformer, switch or breaker operation or settings;
2.3	An uncorrected misalliance of electrical components or charging voltage; or
2.4	Failure to use electrical surge protection devices.

Inadequate maintenance hazards

The phrase inadequate maintenance hazards means:	
1	The malfunction, or failure of covered electrical equipment or machinery to operate:
2	Due to electrical breakdown physical damage that is generally involving :
2.1	Material contamination, chemical reaction, rust, or corrosion;
2.2	Insulation breakdown, including, but not limited to:
2.2.1	Glass-metal seal failure;
2.2.2	Loss of vacuum or outgassing; or
2.2.3	The formation of voids and delamination;
3	Loss of grounding; or
4	Buildup of excess humidity.

Manufacturing or installation defect hazards

The phrase manufacturing or installation defect hazards means:	
1	The malfunction, or failure of covered electrical equipment or machinery to operate;
2	Due to electrical breakdown physical damage that is generally involving :
2.1	Impurities trapped during manufacturing;
2.2	Defective vias;
2.3	Metallization failures;
2.4	Contact resistance;
2.5	Electronic packaging failure; or
2.6	Surface micromachining defects.

Radiation effects hazards

The phrase radiation effects hazards means:	
1	The malfunction, or failure of covered electrical equipment or machinery to operate;
2	Due to electrical breakdown physical damage that is generally involving :
2.1	Sun flares or other harmful cosmic transmissions;
2.2	Radio frequency noise emission;
2.3	Electromagnetic fallout;
2.4	Ensuing deterioration from exposure to sunlight or ultraviolet rays.

Specific machinery and equipment

The phrase specific machinery and equipment means machinery or equipment that is directly powered by:	
1	Internal combustion fuels;
2	Steam, solar power, or wind;
3	Hydraulic oils or water;
4	Vacuum or air pressure; or
5	Manufactured electricity;
6	Including, but not limited to:
6.1	Solar power panels;
6.2	Elevators, escalators, or lifts;
6.3	Emergency generators for electricity backup;
6.4	Heating, cooking, ventilation, filtration, purification, or cooling equipment (other than ductwork);
6.5	Computer hardware asset or other electrical office equipment;
6.6	Production machinery used in the manufacturing, cleaning, processing, sorting, grading, packaging, shipping, weighing, conveying, assembling, incineration, disposal, or recycling, of any materials or product; and
6.7	Any wiring, piping, batteries, tanks, controllers, regulators, compressor, refrigeration apparatus, service panels, motors, pumps, filtration systems, coolant and lubrication systems, starters, generators, transmission and gears, drivelines, power take-offs, bearings, chains, belts, or switchgear, connected to any of the above.

Spoilage electrical physical damage hazards

The phrase spoilage electrical physical damage hazards means:	
1	The direct physical damage to a covered personal asset (other than fixed asset) ;
2	That is directly resulting from an abrupt loss of electrical function required for refrigeration, humidity, or other controlled atmospheric storage conditions.

Thermal effects hazards

The phrase thermal effects hazards means:	
1	The malfunction, or failure of covered electrical equipment or machinery to operate:
2	Due to electrical breakdown physical damage that is generally involving :
2.1	The tendency of matter to change its shape, area, volume, and density in response to a change in temperature;
2.2	Including, but not limited to thermal cycling resulting in fatigue cracking:
2.2.1	Loss of heat transfer, heatsink failure, or other thermal failure; or
2.2.2	Thermal expansion of varying temperatures between parts.

Electrical damage (other than lightning) risks

Dangerous electronic circuitry impairment hazards

The phrase dangerous electronic circuitry impairment hazards means:	
1	Any incompatibility of the electronic component with any computer software or equipment installed, introduced, or networked within the last 30 days ; or
2	Any insufficient size, capability, or capacity of the electronic component;
3	Exposure to adverse environmental conditions, including, but not limited to, change in temperature or humidity, unless such conditions result in an observable loss of functionality of the electronic component;
4	Loss of warranty claim(s) based in whole or in part on an observable loss of functionality; or
5	An unreasonable or unsuitable remedy to restore a malfunctioning electronic component whose functionality can be restored by replacing one or more electronic circuitry components of the electronic component(s).

Electrical hazards (other than lightning)

The phrase electrical hazards (other than lightning) means:	
1	An abrupt discharge of electrical energy from a manmade or natural source;
2	Other than lightning .

Electronic circuitry

The phrase electronic circuitry means microelectronic components, including, but not limited to, circuit boards, integrated circuits, computer chips and disk drives.
--

Electronic circuitry data restoration hazards

The phrase electronic circuitry data restoration hazards means your reasonable and necessary cost to:
1 Research, replace, or restore electronic data ;
2 Research, replace, or restore electronic data that is lost as the result of electronic circuitry impairment hazards :
2.1 That applies to electronic data in covered equipment; or
2.2 In a cloud or outsourced computing services provider with whom you have a contract .

Electronic circuitry impairment hazards

The phrase electronic circuitry impairment hazards means:
1 A fortuitous event involving electronic circuitry within covered equipment;
2 That causes the covered equipment to suddenly lose its ability to function as it had been functioning immediately before such event.

Electronic circuitry impairment restoration hazards

The phrase electronic circuitry impairment restoration hazards means:
1 The following additional costs;
2 That you incurred directly due to electronic circuitry impairment hazards to an electronic component;
3 That is necessary to prevent further covered loss or damage to an electronic component;
4 The costs associated with upgrading obsolete electronic circuitry within an electronic component to a level of functionality beyond:
4.1 That which existed before the loss or upgrade of electronic circuitry within any electronic component;
4.2 To remedy incompatibility or malfunction due to obsolescence .

Electronic data asset risks

Electronic data

The phrase electronic data means your micro-electronic information or code that:
1 Provides electronic data recording, computations, organization, transmission, encryption, tokenization, configuration, intranet, or internet connectivity; or
2 Controls the operational instruction governing or comprising computer software asset or firmware that controls computer hardware functionality.

Electronic data asset

The phrase electronic data asset means your owned or leased electronic data .

Electronic data protection

The phrase electronic data protection means the use of basic commercially available electronic data safeguards that a prudent person or organization should reasonably implement and maintain to help prevent electronic data loss or damage by:
1 You ; or
2 Your contracted computer or internet services provider; and
3 Specifically includes, but is not limited to:
3.1 Anti-virus and anti- adware software protection;
3.2 Escrowed passwords and other cryptology keys that are written down and stored in a secure location (such as a safe or bank box) and used by emergency personnel when privileged personnel are unavailable;
3.3 Secure cryptology keys and passwords;
3.4 Wi-Fi networks:
3.5 Two separate Wi-Fi networks—one for customers and one for business;
3.6 Hiding your business's Wi-Fi network name so it will not show up when guests are trying to connect;
3.7 Firewall , security code, and password protection;
3.8 Automatic computer hardware locking screensavers based on length of non-activity and manual locking keystroke;
3.9 Blacklisting software blocking to help dissuade and prevent an employee from accessing identified harmful, wasteful, or illegal materials;
3.10 Prevention of secondary compromise of electronic data protection ;
3.11 Shredding or otherwise eliminating identifiable data on paper files, letters, memos, photographs, IDs, passwords, checks, account statements, and credit card offers before their disposal in garbage cans or recycling;
3.12 Destroy electronic data on computer hardware or a personal electronic device before their disposal in garbage cans and recycling;
3.13 Prevention of rust, corrosion, erosion, adverse chemical reaction, contamination, or other deterioration due to an extreme:
3.14 Dampness or dryness of the atmosphere; or
3.15 Harmful temperature fluctuation;
3.16 An employee policy prohibiting:
3.17 Food and drink consumption or storage close to a computer hardware asset ;
3.18 Unauthorized computer software installation by downloading from the internet or periphery drive or unauthorized file-sharing or storage;
3.19 Dwelling asset security protection;
3.20 Air conditioning, heating, and ventilation protection;
3.21 An electrical surge, grounding, and static electricity discharge protection;
3.22 Incremental working duplicate backup copies on independent media daily that are located off-site, including reasonable testing of your backup copies to assure backup completeness and functional status of the latest copy;
3.23 Point-to-point encryption (P2PE) when transmitting personal identity or health electronic data ; and
3.24 Point-to-point encryption (P2PE) when transmitting monetary electronic data , including account tokenization, payment, security codes, routing, and banking instructions.

Your high-risk electronic data

The phrase your high-risk electronic data means electronic data :
1 That is not protected by a secure passcode or password; or
2 For which you have failed or refused to implement and maintain electronic data protection ; and
3 Including, but not limited to:
3.1 Electronic data that you do not own;
3.2 That you input for others as a condition of use of a third-party computer hardware asset , computer software asset , firmware , or electronic data ;
3.3 If such electronic data is not copied by you or otherwise retained on your computer hardware asset , computer software asset , firmware , or electronic data .

Energy efficiency and carbon reduction expenses risks

Energy efficiency and carbon reduction improvements

The phrase energy efficiency and carbon reduction improvements means construction methodology that maximizes sustainability and decarbonization of the environment, including, but not limited to:
1 Efficient use of resources including, but not limited to:
1.1 Energy;
1.2 Water;
2 Use of renewable energy including, but not limited to:
2.1 Solar;
2.2 Wind power;
2.3 Hydroelectric power;
3 Pollution and waste reduction measures include, but are not limited to:
3.1 Recycling;
3.2 Re-use;
3.3 Repurposing;
3.4 Good indoor environmental air quality;

4	Use of non-toxic materials that are produced in an environmentally and socially sustainable way;
5	Consideration of:
5.1	The environment in design, construction, and operation;
5.2	The quality of life of occupants in design, construction, and operation;
5.3	A design that enables adaptation to a changing climate.

Energy efficiency and carbon reduction expenses

The phrase energy efficiency and carbon reduction expenses means any extra expenses due to:	
1	The repair or replacement of a dwelling asset ;
2	That implement one or more energy efficiency and carbon reduction improvements ; or
3	That reduces your carbon footprint or emission;
4	Any discretionary upgrades in a dwelling asset :
4.1	Made by the first-named insured for environmental, protection, security, or productivity reasons;
4.2	That is healthier and more secure, efficient, and protective than your covered dwelling asset being replaced;
4.3	Including, but not limited to:
4.3.1	Specific dwelling energy efficiency and carbon reduction repair or replacement expenses
4.3.2	Specific dwelling energy efficiency and carbon reduction voluntary improvements expenses

Specific dwelling energy efficiency and carbon reduction repair or replacement expenses

The phrase specific dwelling energy efficiency and carbon reduction repair or replacement expenses means:	
1	Any necessary and reasonable extra expenses due to repair or replacement of a covered dwelling asset ;
2	That reduces your carbon footprint or emissions; and
3	Directly resulting from your adoption of any nationally or internationally recognized environmental standards program;
4	That is designed to achieve energy savings; and
5	That have related environmental objectives;
6	The following measures that are recognized by an environmental standards program:
6.1	The United States Environmental Protection Agency ENERGY STAR® program;
6.2	The U.S. Green Building Council LEED® program;
6.3	The Green Building Initiative GREEN GLOBES® program;
6.4	The Global Green Building Council;
6.5	Paris Climate Accord;
6.6	The UN Global Goals for Sustainable Development;
6.7	The certification of a dwelling asset , including, but not limited to:
6.7.1	To prevent lapse of certification of a certified dwelling asset ;
6.7.2	To reinstate the certification of a dwelling asset or replace it with an equivalent certification;
6.7.3	An engineer recognized by an environmental standards program to oversee the repair or replacement of the covered dwelling asset ;
6.7.4	For a professional engineer to commission or recommission the damaged dwelling asset .

Specific dwelling energy efficiency and carbon reduction voluntary improvements expenses

The phrase specific dwelling energy efficiency and carbon reduction voluntary improvements expenses means discretionary upgrades in the repair or replacement of a dwelling asset :	
1	Due to covered physical damage(s) directly to a covered dwelling asset ;
2	Made by the first-named insured for environmental, protection, security, or productivity reasons;
3	That we agree is healthier and more secure, efficient, and protective than your covered dwelling asset being replaced.

Explosion risks

Dangerous explosion hazards

Please refer to the explosion risk group in the non-transferred risks endorsement.

Explosion hazards

The phrase explosion hazards means:	
1	An instantaneous and calamitous blast, detonation, or burst of force;
2	Due to a rapid chemical reaction or excessive steam volume or pressure.

Explosives and flammables risks

Dangerous explosives and flammables hazards

Please refer to the explosives and flammables risk group in the non-transferred risks endorsement.

Explosives and flammables hazards

The phrase explosives and flammables hazards means:	
1	Fire hazards and/or explosion hazards ;
2	Arising from lawfully stored and dispensed vehicle fuels, propane, or liquefied natural gas.

Extreme interior atmosphere risks

Extreme interior atmosphere hazards

The phrase extreme interior atmosphere hazards means:	
1	A harmful environment inside a fixed asset that is generally involving :
1.1	Harmful temperature, precipitation, condensation, or humidity conditions;
1.2	Fugitive dust, debris, or soil; or
1.3	Fumes, odors, or vapors that are harmful or noxious.
2	Including, but not limited to:
2.1	High humidity hazards ; or
2.2	Low humidity hazards ;
3	Regardless of whether or not duration is a factor.

Extreme interior atmosphere physical damage expenses

The phrase extreme interior atmosphere physical damage expenses means:	
1	Costs incurred by you that directly results from a covered extreme interior atmosphere physical damage claim(s).
2	This coverage only applies to the following ensuing expenses:
2.1	Resulting physical damage due to your emergency removal and movement of personal asset (other than fixed asset) to safety; and
2.2	The rental costs incurred concerning your emergency use of:
2.2.1	Dehumidifiers and fans to reduce excessive humidity following a covered loss; or
2.2.2	Backup generators and alternative heating sources.

High humidity hazards

The phrase high humidity hazards means:	
1	An environment of high indoor relative humidity;
2	That is evidenced by physical damage to covered personal asset (other than fixed asset) or fixed asset(s) , including, but not limited to:
2.1	Condensation on windows and walls;
2.2	Water droplets or fogging, especially in the morning or during colder weather;
2.3	Mold and mildew growth;
2.4	Black, green, or white patches on walls, ceilings, or around windows;
2.5	Musty odors;
2.6	Warped wood;
2.7	Swelling or warping of wooden furniture, floors, or doors;
2.8	Peeling paint or wallpaper;
2.9	Moisture behind walls can cause bubbling or peeling; or

2.10	Rust on metal fixtures, tools, or electronics;
3	Regardless of whether or not the following factors apply:
3.1	Temperature; or
3.2	Duration.

Human error interior atmosphere hazards

The phrase human error interior atmosphere hazards means you or another person's failure to prevent extreme interior atmosphere hazards , including, but not limited to:	
1	Turning on, turning off, or locking-out heating, ventilation, and air conditioning equipment's electricity, fuel, controls, valves, switchgear, fire suppression equipment, alarms, dependent internet access, or other machinery controls;
2	Any misalignment, miscalibration, tripping off-line, or condition that can be corrected by resetting, tightening, adjusting, cleaning, or performing maintenance; or
3	Your failure to secure all openings in a fixed asset or to remedy known deficiencies in structural envelopes including, but not limited to:
3.1	The failure to cover, board-up, or otherwise temporarily restore compromised structural envelopes ;
3.2	With all due dispatch from readily available sources.

Low humidity hazards

The phrase low humidity hazards means:	
1	An environment of low indoor relative humidity;
2	That is evidenced by physical damage to covered personal asset (other than fixed asset) or fixed asset(s) , including, but not limited to:
2.1	Cracking or warping of wood or vinyl records;
2.2	Peeling or cracking paint and wallpaper;
2.3	Gaps in hardwood flooring;
2.4	Dry or brittle houseplants;
2.5	Clothing and upholstery become dry and prone to tear; or
2.6	Cracking, fading, and loss of suppleness of leather goods;
3	Regardless of whether or not the following factors apply:
3.1	Temperature; or
3.2	Duration.

Structural envelope

The phrase structural envelope means:	
1	The physical construction attributes of a fixed asset ;
2	That form the weatherproof barriers between the interior and exterior;
3	That protects the interior from loss or damage, including, but not limited to, exposure to:
3.1	Excessive humidity, heat, freezing, sunlight;
3.2	Dust, debris, sand, soil;
3.3	Rain, snow, hail, ice;
3.4	Insects or vermin ;
3.5	Regardless of whether or not the following factors apply:
3.5.1	Form of precipitation;
3.5.2	Being wind-driven or not;
3.5.3	Melting of snow, hail, or ice.
4	Including, but not limited to:
4.1	Structural openings ;
4.2	Flood opening in foundation walls or enclosures;
4.3	Flood openings in retaining walls, culverts, or other flood control features.

Structural openings

The phrase structural openings means:	
1	Any movable barrier that allows human or vehicle entry and exit;
2	Any glass or plexiglass window;
3	Dormer;
4	Doors;
5	Garage doors; or
6	Skylights;
7	Other than:
7.1	Flood opening in foundation walls or enclosures;
7.2	Flood opening in retaining walls, culverts, or other flood control features;
8	Regardless of whether or not the following factors apply:
8.1	Date of construction;
8.2	Material; or
8.3	Permanence.

Fire and smoke risks

Arson

Please refer to the fire and smoke risk group in the non-transferred risks endorsement.

Arsonist

The word arsonist means a person who deliberately sets fire , attempts to set fire , or instigates or motivates another to set fire to or burn a covered personal asset (other than fixed asset) or fixed asset(s) .
--

Arsonist's financial interest hazards

The phrase arsonist's financial interest hazards means:	
1	The financial interest in any covered personal asset (other than fixed asset) or fixed asset(s) ;
2	Net of any lender's interest;
3	Of a convicted or confessed arsonist owner;
4	Damaged or destroyed by fire hazards ;
5	Including, but not limited to a reduction in the amount of their financial interest in the damaged personal asset (other than fixed asset) or fixed asset (percentage) as respect a covered dwelling occupancy disruption payment, if any, applies.

Battery energy storage system pollutant hazards

The phrase battery energy storage system pollutant hazards means the abrupt release and emission of:	
1	Lithium hexafluorophosphate (LiPF6) or other Li-salts containing fluorine or fluoride gas;
2	Hydrogen fluoride HF, phosphorus pentafluoride (PF5) and phosphoryl fluoride (POF3);
3	Carbon monoxide;
4	Carbon dioxide; and
5	Including water on gas emissions from firefighting activities contaminated with any of the above; or
6	Any other release of a pollutant ;
7	Directly resulting from:
7.1	Explosion hazards ;
7.2	Fire hazards ; or
7.3	Thermal runaway hazards ;
8	To a battery energy storage system asset .

Dangerous fire hazards

The phrase dangerous fire hazards means:	
1	Arson ;
2	Your failure to meet fire suppression system asset impairment requirements ;

3	Bodily injury to a guest(s) injured that directly results from fire hazards :
3.1	That occurs during the time the fire suppression system asset is not in full working order and effectiveness;
3.2	Unless the fire hazards occurs during the timeframe stated in a temporary waiver; or
4	A covered dwelling asset without a separate exterior fire exit in compliance with the applicable construction or life safety code for each room.

Dangerous fire legal hazards

Please refer to the fire and smoke risk group in the non-transferred risks endorsement.

Dangerous smoke legal hazards

Please refer to the fire and smoke risk group in the non-transferred risks endorsement.

Electrical fire hazards

The phrase electrical fire hazards means any injury, damage or loss generally involving an electrical fire that directly results from:	
1	Active knob and tube wiring;
2	Fuse boxes, regardless of whether it is partial or full;
3	Stab-Lok circuit breakers;
4	Electrical services that are less than 100 AMP (this applies to each individual unit in a multi-family dwelling asset);
5	Aluminum electrical wiring built prior to 2004.

Ensuing smoke from friendly fire hazards

The phrase ensuing smoke from friendly fire hazards means smoke hazards ensuing from a fire whose origin is the result of intentional ignition or gross negligence of heat source by you ;	
1	Including, but not limited to the following:
1.1	Open flame hazards, including, but not limited to:
1.1.1	Burning weeds and vegetation;
1.1.2	Agricultural land burning;
1.1.3	Candles and incense sticks;
1.1.4	Cooking flames and apparatus, including barbecues, grills, and ovens;
1.1.5	Cutting torches, and weed burners;
1.1.6	Matches and lighters;
1.1.7	Smoking, including tobacco, marijuana, vaping;
1.2	Electrical hazards, including, but not limited to:
1.2.1	Overloaded power strips;
1.2.2	Cooking appliances;
1.2.3	Welders, heat guns, and grinders;
1.2.4	Candle warmers, scented air devices, and incense burners;
1.3	Heating apparatus, including, but not limited to:
1.3.1	Fireplaces and solid fuel stoves;
1.3.2	Gas or electric space heaters.

Fire

The word fire means:	
1	The rapid oxidation of combustible material in a burning chemical reaction with oxygen;
2	That releases a combination of heat, light, and flame in the process of burning.

Fire hazards

The phrase fire hazards means the rapid oxidation of flammable material in a burning chemical reaction with oxygen:	
1	That releases a combination of heat, light, and flame in the process of combustion;
2	Whose origin is unintentional and accidental;
3	A controlled fire that accidentally escapes its confinement and defeats suppression actions taken to subdue and extinguish it;
4	Including ensuing damage from necessary fire suppression actions, including, but not limited to:
4.1	A fire suppression system asset discharge; and
4.2	The use of water or chemical retardants to extinguish and prevent the spread of the fire ;
4.3	Intentional demolition damage under governmental authority due to necessity to prevent conflagration.

Fire legal hazards

The phrase fire legal hazards means:	
1	Fire hazards:
1.1	That first occurs during your use of the entire a fixed asset rented to the first-named insured during the policy period ; or
1.2	That first occurs during your use of a portion of a fixed asset rented to the first-named insured during the policy period ;
2	Including ensuing damage from necessary fire suppression actions, including, but not limited to:
2.1	A fire suppression system asset discharge; and
2.2	The use of water or chemical retardants to extinguish and prevent the spread of the fire hazards .

Fire suppression system asset impairment requirements

The phrase fire suppression system asset impairment requirements means:	
1	If in the event that you become aware of any suspension or impairment that renders the fire suppression system asset to a condition of less than full working order and effectiveness:
1.1	You must notify us in writing within 24 hours of any suspension or impairment; and
1.2	You must request a temporary waiver; and
1.3	We will in our sole discretion determine whether to issue such waiver to the first-named insured in writing:
1.3.1	For the stated timeframe allowed for the restoration of fire suppression system asset to full working order and effectiveness;
1.3.2	Based on the facts or the request concerning any suspension or impairment.

Firefighting expenses

The phrase firefighting expenses means your incurred costs that directly results from:	
1	Public and private fire and rescue service providers extinguishing and controlling fire hazards ; and
2	Recharging, refilling, or replacing your fire extinguishers discharged while firefighting to protect a covered personal asset (other than fixed asset) or fixed asset(s) ;
3	Governmental orders resulting in loss or physical damage :
3.1	Resulting in or from acts of destruction ordered by governmental authority; and
3.2	Taken at the time of fire hazards to prevent its spread.

Firestorm

The word firestorm means:	
1	A powerful convection that directly results from a large and continuous area of extreme fire and exemplified by destructive surface air movements;
2	That require extensive human suppression and control efforts to reduce and extinguish; or
3	That burn out only:
3.1	Upon the loss of vegetative fuel in the locality; or
3.2	Natural precipitation extinguishes it.

Fugitive smoke, soot, and ash hazards

The phrase fugitive smoke, soot and ash hazards means any injury, loss or damage generally involving :	
1	The dust, filth, film, slag, debris, fire brands, embers, dirt, powder, grime, contaminant, or pollutant;
2	That is generated by wildfire hazards ;
3	That migrates through any ways or means, including, but not limited to:
3.1	Human, animal or insect actions;
3.2	Air gust hazards ;
3.3	Explosion hazards ;
3.4	Atmospheric air movement;

4	Including, but not limited to:
4.1	Mixed smoke ;
4.2	Smoke and smog hazards ;
5	All ensuing harmful and damaging effects, including, but not limited to:
5.1	Physical discoloration, blistering, peeling, and staining;
5.2	Ensuing corrosion and degradation from exposure to and contact with smoke contaminants or toxins;
5.3	Ensuing short circuiting and malfunction of contaminated electrical or electronic components;
5.4	Ensuing film residues settling on or sticking to surfaces;
5.5	Ensuing particulates clogging air ventilation ducts, filtration systems and filters;
5.6	Ensuing permeation of porous materials resulting in contamination and residual film, odor, or smell;
5.7	Ensuing injury, loss or damage including, but not limited to irritation or exacerbation of existing health condition of any vulnerable person(s), animal or plant;
5.8	Ensuing loss or degradation of product grade or organic status;
6	Regardless of whether or not:
6.1	The smoke is from organic or inorganic fuels, or a mixture of both;
6.2	The alleged smoke physical damage is tangible or psychological; or
6.3	The smoke, soot and ash are visible, microscopic, or submicroscopic.

Smoke hazards

The phrase smoke hazards means:	
1	The collection of airborne solids, particulates, and gasses emitted together with the quantity of air; and
2	That is entrained or otherwise mixed into an airborne mass.
3	Any ensuing injury, loss, or damage:
3.1	That is generally involving one or more smoke hazards ;
3.2	If such ensuing injury, loss, or damage would not have occurred, in whole or in part;
3.3	But for smoke hazards ;
3.4	Regardless of whether or not the ensuing injury, loss, or damage:
3.4.1	Was first set in motion by; or
3.4.2	Occurred in any sequence in a chain of causation, accident(s) , or occurrence(s) with;
3.4.3	Smoke hazards .

Smoke legal hazards

The phrase smoke legal hazards means:	
1	Smoke hazards :
1.1	That first occurs during your use of the entire a fixed asset rented to the first-named insured during the policy period ; or
1.2	That first occurs during your use of a portion of a fixed asset rented to the first-named insured during the policy period ;

Thermal runaway

The phrase thermal runaway means a chain reaction within a battery cell:	
1	That occurs when the temperature inside a battery reaches the point in which a chemical reaction occurs inside the battery ; and
2	The chemical reaction produces more heat;
3	That increases the temperature higher;
4	That causes more chemical reactions that create more heat;
5	Resulting in an uncontrolled positive feedback loop;
6	That can lead to fire hazards , arc flashing, off-gassing, or explosion hazards .

Thermal runaway hazards

Please refer to the fire and smoke risk group in the non-transferred risks endorsement.	
---	--

Thermal runaway damage fire suppression expenses

The phrase thermal runaway damage fire suppression expenses means:	
1	Covered direct physical damage to a covered personal asset (other than fixed asset) or fixed asset(s) ; and
2	Any incurred costs;
3	That directly results from any explosion hazards of a battery energy storage system asset .

Wildfire hazards

The phrase wildfire hazards means:	
1	A fire , a firestorm , or fugitive prescribed fire ;
2	That did not originate from an ignition source at the covered location ;
3	Including, but not limited to, fire whirls and eddies, embers, burning debris, dust, or ash;
4	Regardless of whether or not the following factors apply:
4.1	Legal liability;
4.2	Governmental or tribal sovereignty;
4.3	Ownership of land, including private or governmental lands, railroads, electrical transmission lines, and electrical switchgear or transformers involved;
4.4	Electrical transmission lines, electrical switchgear, or transformers maintenance operations or failures to shutdown timely;
4.5	Fuel management fire suppression operations, including, but not limited to mismanagement of water resources or fire suppression system asset failure or inadequacy, a decision not to fight the fire , due to environmental rules or climate change concern;
4.6	Human errors or omissions concerning fire suppression efforts, fuel management, electrical transmission lines, and transformer use, maintenance, or ownership;
4.7	Causation or intervening human or natural hazard, peril or negligence, including, but not limited to arson or human negligence, naturally occurring, or a combination of one or more causes intentional or accidental ignition sources, including, but not limited to:
4.7.1	Act of God hazards , including, but not limited to, lightning ;
4.7.2	Spontaneous or mysterious combustion;
4.7.3	Arson ;
4.7.4	Human negligence, including, but not limited to:
4.7.4.1	A fugitive prescribed fire undertaken to manage excessive fuel loads or as a fire suppression act;
4.7.4.2	Other controlled burning that accidentally escapes its confinement; and
4.7.4.3	Defeats or resists suppression actions taken to extinguish it and subdue its spread immediately;
4.8	Origination, land type, or fuel source, including, but not limited to, initially commencing on:
4.8.1	Private, municipal, or suburban development; or
4.8.2	Rural areas dedicated to farming or ranching for growing crops or grassland for livestock grazing;
4.8.3	Timber, conservation, or wildlife preserve lands;
4.8.4	Industrial or metro conflagration;
4.9	Secondary fires or explosion hazards from any combustible, flammable, or explosive materials or fuels, including, but not limited to:
4.9.1	Gun powder, fireworks, dynamite or nitroglycerin;
4.9.2	Propane or liquified natural gases;
4.9.3	Liquid or gaseous acetylene, hydrogen, or oxygen;
4.9.4	Hay or straw, grains or grain dust explosion;
4.9.5	Wood products, lumber, sawdust, building materials;
4.9.6	Petrochemicals, fuels, solvents, distillates or mixed fuels;
4.9.7	Alcohol or ethanol distillates or mixtures.

Fixed asset risks

ADA issues

The phrase ADA issues means a violation of The Americans with Disabilities Act in whole or in part.	
--	--

Appurtenant structure asset

The phrase appurtenant structure asset means:	
1	A manmade and constructed structure;
2	That is built on a permanent foundation on a covered location :
2.1	That is permanently fixed to the ground; and
2.2	That is not permanently and structurally connected to a covered dwelling asset ; or
2.3	Only connected temporarily or structurally to a covered dwelling asset by an electrical, water, or sewer line;
3	That is partly or wholly within 1,000 feet of:
3.1	A covered dwelling asset ; or
3.2	One or more specific appurtenant structure asset(s) .
4	Including, but not limited to, a freestanding:
4.1	Antenna, shade, awning, or carport;
4.2	Deck, dumpster structure asset , fence, or flagpole;
4.3	Garage, gazebo, or canopy;
4.4	Storage shed or well house; or
4.5	Fuel storage system asset .

Compaction issues

The phrase compaction issues means a defect or workmanship failure in grading or compaction in whole or in part, including, but not limited to:	
1	Inadequate reduction in the volume of voids in a material such as soil by the input of mechanical energy;
2	A shift in a structure, usually caused by freeze-thaw cycles underground; and
3	The lowering in elevation of a pavement section or structure, dwelling asset , or appurtenant structure asset due to its mass, the load imposed on it, or shrinkage or displacement of the support.

Concrete and masonry issues

The phrase concrete and masonry issues means concrete or masonry flaw or workmanship failure in whole or in part, including, but not limited to:	
1	Concrete sulfate attack damage;
2	Expansion of concrete during temperature changes;
3	Flaking, breaking, or spalling due to high water-cement ratio in a concrete mix, lack of air entrainment, improper finishing, inadequate curing, exposure to temperature changes, or use of a deicing agent;
4	The physical manifestation of the failure of concrete (for example, cracking, delamination, flaking, pitting, scaling, spalling, or staining) caused by environmental or internal autogenous influences on rock and hardened concrete, including, but not limited to, cracking and distortion in a concrete structure as the result of stress, chemical action, or both;
5	The forming of crystalline deposits, generally whitish, on the surface of stone, brick, concrete, or other masonry surfaces when moisture moves through and evaporates on the masonry;
6	Waterproofing material applied to the exterior of a foundation or basement floor and wall;
7	Differential displacement of a slab or wall along a joint or crack;
8	Failed adhesion of concrete or mortar to reinforcement or other surfaces against which it is placed, including friction and mechanical interlock;
9	Failed vapor barrier installation and radon infiltration;
10	Failed adhesion of cement paste to aggregate;
11	Failed adhesion, cohesion, or both between materials;
12	Any patterns formed by the exposed faces of masonry units, for example, running bond or Flemish bond;
13	The alteration or deterioration of concrete through chemical reaction or just the presence of chemicals with cement paste, coarse aggregate, or embedded steel reinforcement;
14	A chemical reaction in either mortar or concrete between alkalis (sodium and potassium) from Portland cement or other sources and certain constituents of some aggregates, including, but not limited to:
15	Certain carbonate rocks, particularly calcific dolomite and dolomitic limestones present in some aggregates;
16	Certain siliceous rocks or minerals, such as opaline chert, strained quartz, and acidic volcanic glass, present in some aggregates;
17	A chemical reaction, physical reaction, or both between sulfates, usually in soil or groundwater and concrete or mortar;
18	The rising of two concrete slabs off the subgrade where they meet due to greater expansion than the joint between them will accommodate;
19	The loss of elongation or stress in the tendons of prestressed concrete due to the deformation or seating of the anchorage when the prestressing force is transferred from the jack to the anchorage (also called anchorage loss);
20	Pitting of concrete caused by implosion:
20.1	That is, the destruction of vapor bubbles in flowing water;
20.2	That forms in areas of low pressure and disintegration as they enter areas of higher pressure;
21	Visible lines on the surfaces of formed concrete indicating the presence of discontinuities where one layer of concrete had reached the final set before subsequent concrete was placed;
22	Cracks in concrete near and roughly parallel to joints and edges resulting from the use of coarse aggregate that is susceptible to damage during cycles of temperature changes;
23	Cracked concrete/cracked flatwork; that is, concrete foundations, slabs, or flatwork that cracked due to foundational materials and drainage not being properly installed;
24	A concrete surface crack of width so small as to be barely perceptible;
25	Voids left in concrete between coarse aggregates due to inadequate consolidation;
26	Intersecting cracks that extend below the surface of hardened concrete that vary in width from fine and barely visible to open and well-defined (also called pattern cracking);
27	Concrete containing more sand than would be necessary to produce adequate workability and a satisfactory condition for finishing;
28	Segregation, stratification, and excessive bleeding due to excessive use of vibrators during placement of freshly mixed concrete;
29	Development of relatively small cavities in a concrete surface resulting in localized disintegration, or the breaking away of small portions of a concrete and mortar plaster surface due to localized internal pressure that leaves a shallow, typically conical, depression;
30	A streak of exposed fine aggregate in the surface of formed concrete due to bleeding; or
31	Expansion or shrinkage of concrete or masonry resulting from a change in temperatures.

Dock

The word dock means:	
1	A floating structure moored in navigable water;
2	To facilitate the loading and unloading of watercraft cargo and passengers;
3	Whose deck and boardwalk rise and fall with changes in water levels or tide;
4	Including, but not limited to:
4.1	Any permanently installed loading or unloading machinery or apparatus;
4.2	Including, but not limited to, conveyors, augers, or gangways.

Dock, pier, water feature, or wharf asset

The phrase dock, pier, water feature, or wharf asset means:	
1	A dock
2	A pier
3	A water feature
4	A wharf
5	Including, but not limited to:
5.1	Boat lifts; and
5.2	Boathouses.

Drywall issues

The phrase drywall issues means:	
1	Installing defective or toxic drywall materials in whole or in part;
2	Including, but not limited to:
2.1	Defective drywall, plasterboard, sheetrock, wallboard, green board, blue board, gypsum board, or any gypsum-containing building material;
2.2	That releases, or has the potential to discharge, a pollutant , including, but not limited to, one or more of the following pollutants :
2.2.1	Sulfuric fumes;
2.2.2	Sulfur-containing gas;
2.2.3	Sulfuric acids; or
2.2.4	Their corrosion or oxidation causing derivatives.

Dwelling asset

The phrase dwelling asset means a residential structure asset :	
1	That is built on or attached to a permanent concrete, stone, or masonry foundation at a covered location ;
2	With a floor, roof, and walls;
3	Used exclusively as your resident dwelling asset or a rental dwelling asset ;
4	Including:
4.1	A dwelling asset of modular or prefabricated construction and assembled on-site;
4.2	Any improvement, betterment, addition, or alteration;
4.3	A permanently attached structure asset incorporated into a dwelling asset , including, but not limited to, a deck, sign, or canopy;
5	That is owned and occupied by you ;
6	Other than:
6.1	An appurtenant structure asset ;
6.2	A mobile home;
6.3	An apartment; or
6.4	A condominium.

Elevator or mechanical walkway asset

The phrase elevator or mechanical walkway asset means:	
1	A machine installed in a dwelling asset to transport passengers, service tools, or freight between levels of a dwelling asset ;
2	Including a small service elevator commonly referred to as a dumbwaiter; or
3	A pallet type or moving belt escalator to transport passengers, service tools, or freight between levels of a dwelling asset or other areas on the same level;
4	Including:
4.1	An automatic door; or
4.2	A revolving door.

Exterior insulation and finish system issues

The phrase exterior insulation and finish system issues means:	
1	Defective exterior insulation and finish system materials and faulty installation, in whole or in part;
2	Including, but not limited to:
2.1	All synthetic stucco materials; and
2.2	All ensuing damage due to defective exterior insulation and finish system materials; and
2.3	Faulty installation due to:
2.3.1	Wet and dry rot;
2.3.2	Corrosion and rust;
2.3.3	Loss of insulation protection;
2.3.4	Water intrusion;
2.3.5	Mold growth; or
2.3.6	An insect or animal.

Faulty workmanship issues

The phrase faulty workmanship issues means material structural physical damage arising strictly from:	
1	Faulty, inadequate, or defective construction, renovation, or remodeling workmanship to a fixed asset in whole or in part;
2	Any defect, weakness, inadequacy, fault, or unsoundness in materials due to faulty, inadequate, or defective workmanship to a fixed asset in whole or in part; or
3	A defective material, method of construction, or repair discovered after construction or repair is complete;
4	Faulty, inadequate, or defective design, plan, specifications, or site-planning or preparation of actual site locating, grading or compaction, zoning or development, or surveying;
5	The use of faulty materials or substandard workmanship during construction and first discovered during the policy period that directly results in:
5.1	A reduction of the structural integrity of a covered fixed asset ;
5.2	A reduction in the aesthetic values and appearance of the fixed asset ;
5.3	An untenable hazard that jeopardizes the life or safety of an occupant of the fixed asset ; or
5.4	The failure to function in a manner that can reasonably be expected in a fixed asset .

Fire suppression system asset

The phrase fire suppression system asset means:	
1	A manual or an automated sensory-triggered apparatus;
2	Designed to make an abrupt and controlled discharge of one or more dry chemicals, wet agents, or water;
3	To subdue a fire ;
4	Specifically includes any accompanying electronic or temperature controllers or smoke detectors designed to detect and alert the fire department and sound a local alarm.

Fixed asset

The phrase fixed asset means the following:	
1	Aboveground swimming pool or hot tub asset(s)
2	Appurtenant structure asset(s)
3	Backup generator system asset(s)
4	Battery energy storage system asset(s)
5	Dock, pier, water feature, or wharf asset(s)
6	Dwelling asset(s)
7	Electric vehicle charging system asset(s)
8	In-ground swimming pool or hot tub asset(s)
9	Land and land improvement asset(s)
10	Loaned appurtenant structure asset(s)
11	Newly constructed or renovated appurtenant structure asset(s)
12	Newly constructed or renovated fixed asset(s)
13	Newly acquired appurtenant structure asset(s)
14	Rented or borrowed appurtenant structure asset(s)
15	Solar power system asset(s)
16	Submerged fixed asset(s)
17	Tree, landscaping, and crop fixed asset(s)
18	Underground fixed asset(s)

Fixed asset temporarily away

The phrase fixed asset temporarily away means:	
1	Any otherwise usually attached sign, fixture, machinery, or equipment;
2	That is temporarily uninstalled from a covered fixed asset ; and

(Continued on the next page)

3	Temporarily located at a repair facility for repairs or service;
4	While in the care, custody, or control of a borrower, if borrowed with your permission.

Fuel storage system asset

The phrase fuel storage system asset means:	
1	A container used to hold fuel asset(s) ;
2	Including all connected piping, valves, meters, sensors, gauges, pumps, electrical panels, conduit, wiring, controls, and motors installed;
3	Other than any fuel asset(s) inside the fuel storage system asset .

Land and land improvement asset

The phrase land and land improvement asset means:	
1	Land, including, but not limited to any of the following specific improvements upon the land:
1.1	An airport control structure or aircraft landing strip, including landing and marker lights;
1.2	A bridge or culvert;
1.3	Pavement, curb, gutter, sidewalk, or retaining wall;
1.4	A railroad, roadway, or traffic structure; and
1.5	Water, electricity, sewer, or communication utility line;
2	At a covered location .

Loaned appurtenant structure asset

The phrase loaned appurtenant structure asset means an appurtenant structure asset loaned to you by another person or organization.	
--	--

Loaned fixed asset

The phrase loaned fixed asset means:	
1	A fixed asset owned by you ;
2	That you loan to others.

Newly acquired appurtenant structure asset

The phrase newly acquired appurtenant structure asset means:	
1	An appurtenant structure asset ;
2	That you first purchased; and
3	That you took physical possession of;
4	Within the policy period .

Newly acquired fixed asset

The phrase newly acquired fixed asset means a fixed asset purchased and taking possession of during the policy period .	
--	--

Newly constructed or renovated fixed asset

The phrase newly constructed or renovated fixed asset means:	
1	A covered fixed asset in whole or in part;
2	That you began constructing or renovating at a covered location during the policy period ;
3	Specifically, include any of the following temporary structures in use on your job site on a covered location :
3.1	Formwork and falsework for a structure asset ;
3.2	Shoring and temporary bracing;
3.3	Scaffolding ;
3.4	Temporary bridge;
3.5	Site hoarding and fencing;
3.6	Signage;
3.7	Cofferdam;
3.8	Tower crane base or support; or
3.9	Anchor or ties for construction hoist.

Non-standard construction asset

The phrase non-standard construction asset means:	
1	A fixed asset ;
2	That meet one or more of the specific non-standard construction, maintenance, renovation, or repairs conditions .

Permitted vacant asset

The phrase permitted vacant asset means:	
1	A permitted vacant dwelling ; or
2	A temporary rental dwelling .

Permitted vacant dwelling

The phrase permitted vacant dwelling means:	
1	A dwelling asset ;
2	That you or your tenant are visiting and inspecting at least once every other week;
3	To warrant:
3.1	That the dwelling asset is locked and secured against unauthorized entry at all times;
3.2	There are no signs of loss or damage to the covered dwelling asset ; or
3.3	There is no evidence of forcible entry or exit to the covered dwelling asset ;
3.4	There is no evidence of trespassing or vagrant occupation;
3.5	That all utilities are disconnected; and
3.6	All water and sewer systems are drained completely;
3.7	Including, but not limited tanks, supply lines, meters, pumps, apparatus, instruments, pipes, fire suppression system asset , water irrigation system, and water plumbing system ;
4	A vacancy due to one of the following necessitating the first-named insured's temporary unoccupancy:
4.1	Natural or manmade crisis or catastrophe that renders the dwelling asset uninhabitable or results in a governmental mandatory evacuation order;
4.2	Spousal separation or divorce;
4.3	Renovation, repairs, or reconstruction that renders the dwelling asset uninhabitable;
4.4	Death or disability;
4.5	Education or apprenticeship;
4.6	Military service;
4.7	Employment change;
4.8	Hospitalization and rehabilitation; or
4.9	Religious or humanitarian voluntary work;
4.10	Provided that the first-named insured has arranged for a caretaker:
4.10.1	To maintain and care for the dwelling asset during the first-named insured's temporary absence; and
4.10.2	To take reasonable measures to keep safe and maintain the fixed asset(s) and personal asset (other than fixed asset) ; and
4.10.3	Make repairs as necessary to prevent loss or damage;
4.10.4	Keep all electrical, sewer, and water utility services continuously active and operating; and
4.10.5	Keep all smoke alarms services continuously serviced, tested, active, and operating; and
4.10.6	Keep all fire and burglar alarms and fire suppression system asset serviced, tested, active, and operating, if applicable;
4.10.7	Keep the premises in compliance with any homeowners' association governing documents;
4.10.8	Have the main water valve turned off if the dwelling asset is going to be unoccupied for more than 10 days ;
4.10.9	To take emergency measures to protect the covered dwelling asset at the covered location according to the reasonable person standard in case of a natural or manmade crisis or catastrophe.

Pier

The word pier means:	
1	A structure supported on pillars or girders;

2	Situated well above the high water or tide lines and elevations;
3	Permanently built along navigable water's edge;
4	To facilitate:
4.1	The loading and unloading of watercraft cargo and passengers;
4.2	Fishing, fish markets, and bait shops;
4.3	Gift shops and eateries; or
4.4	Carnivals;
5	Whose deck and boardwalk do not rise and fall with changes in water levels or tide;
6	Including, but not limited to:
6.1	Any permanently installed loading or unloading machinery or apparatus;
6.2	Including, but not limited to, conveyors, augers, or gangways.

Rental fixed asset

The phrase rental fixed asset means:	
1	A fixed asset owned by you ;
2	That you rent to others.

Rented or borrowed fixed asset

The phrase rented or borrowed fixed asset means:	
1	A fixed asset not owned by you ;
2	That you rent or borrow.

Roofing issues

The phrase roofing issues means:	
1	A roofing defect or workmanship failure and faulty installation, in whole or in part;
2	Including, but is not limited to:
2.1	The cracking of the surfacing bitumen on a built-up roof:
2.1.1	Producing a pattern of cracks similar to an alligator's hide;
2.1.2	With cracks that may or may not extend through the surfacing bitumen;
2.2	A bubble or blister in the floor coating of an aggregate-surfaced built-up roof membrane;
2.3	An enclosed pocket of air, which may be mixed with water or solvent vapor, trapped between impermeable layers of felt or membrane or between the membrane and substrate;
2.4	Bubbles that may appear on the surface of asphalt roofing after installation;
2.5	An upward, elongated tenting displacement of a roof membrane:
2.5.1	Frequently occurring over insulation or deck joints;
2.5.2	Which may be an indication of movement within the roof assembly;
2.6	Buckling or lateral or torsional instability of a structural member;
2.7	Deflection, bowing, sagging, or the downward displacement of a structural member or system under load;
2.8	Negative drainage;
2.9	The drainage condition in which consideration has not been made during design for all loading deflections of the deck or for the provision of additional roof slope to ensure drainage of the roof area within 48 hours of rainfall during ambient drying conditions;
2.10	The excessive accumulation of water in low-lying areas on a roof;
2.11	A shingle distortion that may arise when a new roof is applied over an uneven surface; or
2.12	Thermal shock, which is the stress-producing phenomenon resulting from sudden temperature changes in a roof membrane when, for example, a cold rain shower follows brilliant hot sunshine, resulting in sudden cooling or rapid contraction of the membrane.

Temporary rental dwelling

The phrase temporary rental dwelling means a dwelling asset that is temporarily rented out due to one of the following necessitating the first-named insured's temporary unoccupancy:	
1	Spousal separation or divorce;
2	Death or disability;
3	Education or apprenticeship;
4	Military service;
5	Employment change;
6	Hospitalization and rehabilitation; or
7	Religious or humanitarian voluntary work;
8	Provided that the first-named insured has arranged for a tenant :
8.1	To maintain and care for the dwelling asset during the first-named insured's temporary absence; and
8.2	To take reasonable measures to keep safe and maintain the fixed asset(s) and personal asset (other than fixed asset) ; and
8.3	Make repairs as necessary to prevent loss or damage;
8.4	Keep all electrical, sewer, and water utility services continuously active and operating; and
8.5	Keep all smoke alarms services continuously serviced, tested, active, and operating; and
8.6	Keep all fire and burglar alarms and fire suppression system asset serviced, tested, active, and operating, if applicable;
8.7	Keep the premises in compliance with any homeowners' association governing documents;
8.8	Have the main water valve turned off if the dwelling asset is going to be unoccupied for more than 10 days ;
8.9	To take emergency measures to protect the covered dwelling asset at the covered location according to the reasonable person standard in case of a natural or manmade crisis or catastrophe.

Sauna and steam room hazards

The phrase sauna and steam room hazards means:	
1	A slip-and-fall that is generally involving a sauna or steam room that directly results from:
1.1	A pre-existing health condition, including, but not limited to:
1.1.1	High blood pressure, low blood pressure, or arrhythmias; or
1.1.2	Pregnancy, including, but not limited to, harm to the mother or fetus;
1.2	Prolonged exposure to heat and steam resulting in:
1.2.1	Heat exhaustion or heat stroke;
1.2.2	Dizziness, confusion, rapid heartbeat, nausea, lightheadedness, and fainting; or
1.2.3	Excessive sweating and elevated body temperatures resulting in severe dehydration and loss of electrolytes, which produces muscle cramps, fatigue, or cardiac issues;
2	Burns and skin injuries from contact with hot surfaces or prolonged exposure to high temperatures generally involving a sauna or steam room, especially in poorly maintained or overcrowded saunas;
3	Allegations of injury generally involving a sauna or steam room due to:
3.1	Infrared saunas emitting harmful electromagnetic fields;
3.2	Skin infections or respiratory harm generally involving bacteria, fungi, and viruses;
3.3	Severe dehydration and loss of electrolytes, which produce muscle cramps, fatigue, or cardiac issues; or
3.4	Weight loss.

Significant non-standard construction, maintenance, renovation, or repairs

The phrase significant non-standard construction, maintenance, renovation, or repairs means construction, maintenance, renovation, or repairs made to a fixed asset :	
1	That were performed by an unlicensed person(s) or organization(s) regardless of whether or not being in full compliance with applicable building codes or not; or
2	That were performed by you ;
3	That were performed by a licensed person(s) or organization(s):
3.1	Who fails to first secure the first-named insured as an additional insured;
3.2	Under their public liability and workers' compensation insurance programs; and
3.3	Whose cost exceeds 25% of the covered fixed asset covered value.

Specific construction hazards

The phrase specific construction hazards means:	
1	ADA issues
2	Compaction issues
3	Concrete and masonry issues
4	Drywall issues
5	Exterior insulation and finish system issues
6	Faulty workmanship issues
7	Roofing issues

Specific non-standard construction, maintenance, renovation, or repairs conditions

The phrase specific non-standard construction, maintenance, renovation, or repairs conditions means a one or more of the following conditions concerning a fixed asset :	
1	With currently known or suspected:
	1.1 Past or present contact or exposure to asbestos or lead material(s);
	1.2 Contaminated, recalled, or hazardous drywall;
	1.3 Mold contamination or conditions alleging sick building syndrome;
	1.4 Life safety or other building code violation(s); or
2	That, if required by law:
	2.1 Does not have two means of egress from each floor properly marked (not required if rooms provide direct outdoor egress);
	2.2 Does not include manual pull alarms on each floor with audible alarm devices;
	2.3 Does not have an emergency evacuation plan with a route diagram (if the room does not directly access the exterior);
	2.4 Does not have working smoke detection and alarm devices; or
	2.5 Does not have full sprinkler protection that is connected to central station service with 24/7 monitoring that meets the National Fire Protection Association standards for installation of sprinkler systems;
3	That has an open foundation;
4	That is supported by raised poles or pilings that are over six feet tall;
5	That is located partially or entirely over water;
6	That is not accessible by a vehicle year-round;
7	That has an above-ground heating oil tank, if not lawfully installed;
8	That has a propane or liquified natural gas tank, if not lawfully installed;
9	That has any existing broken or damage roof trusses;
10	That has trusses constructed without architectural stamp or equivalent certification;
11	That is in poor condition due to the lack of structural, landscape, or tree growth maintenance;
12	That is in poor condition due to the accumulation of junk assets ;
13	That has an actual cash value of less than \$100,000, excluding the land value;
14	That is under governmental-sanctioned condemnation for any reason, including, but not limited to, urban renewal or highway construction;
15	That has an undisclosed steam boiler or pressure vessel exposure;
16	That has un-remediated aluminum wiring, knob-and-tube wiring, or floor furnace heating;
17	That has a dominant siding or roof covering comprised of T-lock shingles, asbestos shingles, wood shakes shingles, Masonite, or exterior insulation finish system;
18	That does not have smoke detectors and alarms wired directly into electrical power or subject to a documented battery maintenance and replacement program if required by law;
19	That is equipped with operating Stab-Lok circuit breakers or panels;
20	That is equipped with a fire suppression system asset composed in whole or in part of polyvinyl chlorinated pipe;
21	Subjected to significant non-standard construction, maintenance, renovation, or repairs .

Structure asset

The phrase structure asset means any manmade structure that is built at a permanent location and permanently:	
1	Fixed to the ground; or
2	Attached to another structure;
3	Located at a covered location ;
4	Other than a separate otherwise expressly stated fixed asset .

Substandard construction hazards

The phrase substandard construction hazards means:	
1	Any fixed asset constructed of unrestrained stacked masonry, concrete, or stone (a dry-stack foundation).
2	Any fixed asset whose bearing walls, piers, and columns were not installed on and connected to adequate concrete footings or slab with adequate positive anchorage.
3	Any fixed asset that lacks adequate positive anchorage between the structure asset and the slab on grade or stem wall foundation.
4	Any porch or deck that lacks adequate positive anchorage can support all gravity and wind loads for the site conditions.

Water feature

The phrase water feature means:	
1	A man-made water containment constructed exclusively for decorative purposes; and
2	Not connected to a swimming pool or hot tub ;
3	Including, but not limited to:
	3.1 A wishing well or other fountain;
	3.2 An aquatic animal containment;
	3.3 Artificial flowing streams or waterfalls;
	3.4 Misting or fogging systems;
	3.5 Reflecting pools;
	3.6 Water gardens; or
	3.7 Ornamental pools.

Wharf

The word wharf means:	
1	A structure permanently built along the navigable water's edge;
2	To facilitate the loading and unloading of watercraft cargo and passengers;
3	Whose deck and boardwalk do not rise and fall with changes in water levels or tide;
4	Including, but not limited to:
	4.1 Any permanently installed loading or unloading machinery or apparatus;
	4.2 Including, but not limited to, conveyors, augers, or gangways.

Flood risks

Dangerous flood hazards

Collaborative robot

The phrase **collaborative robot** means any **robot asset** a human operator controls, including, but not limited to those in factories and other workplaces where humans are present.

Domestic robot

The phrase domestic robot means:	
1	Any robot asset that is designed and programmed to perform personal, service, or companion actions;
2	Including, but not limited to:
2.1	Cleaning actions;
2.2	Laundry actions;
2.3	Providing care;
2.4	Household actions;
2.5	Commercial actions.

Educational robot

The phrase **educational robot** means any **robot asset** designed to be used in schools or other educational institutions.

Entertainment robot

The phrase entertainment robot means:	
1	Any robot asset that is designed with the purpose of entertaining children or adults;
2	Including, but not limited to:
2.1	Animatronic toys;
2.2	Clowns; and
2.3	Automated creatures.

Exploration robot

The phrase exploration robot means:	
1	Any robot asset that is designed to perform scientific or exploratory tasks;
2	Exploration robot(s) can be both fully programmed or human-controlled; and
3	Have sensors that help them to understand their surroundings;
4	Including, but not limited to:
4.1	Damage assessments;
4.2	Exploring confined spaces;
4.3	Field testing;
4.4	Photographing;
4.5	Scientific measurements;
4.6	Search and rescue;
4.7	Taking samples.

Industrial robot

The phrase industrial robot means:	
1	Any robot asset that is used in the industrial process that is controlled by computers (programmed in advance);
2	Any robot asset that is used to replicate the repetitive or hazardous actions of a human in the industrial process with more speed, precision, and accuracy.
3	Including, but not limited to:
3.1	CNC machines, including but not limited to, the following types of CNC machines:
3.1.1	3D printing;
3.1.2	Cylindrical grinders;
3.1.3	Electric discharge machining;
3.1.4	Hotwire phone cutters;
3.1.5	Induction hardening machines;
3.1.6	Laser CNC machines;
3.1.7	Lathes;
3.1.8	Metalworking;
3.1.9	Mills;
3.1.10	Plasma cutting;
3.1.11	Plastic working;
3.1.12	Submerged welding machines;
3.1.13	Water jet cutter machine;
3.1.14	Welding machines;

3.1.15	Woodworking;
3.2	Assembly line robotic arms; or
3.3	Warehouse conveyor, rail inventory movement, and lifting.

Medical robot

The phrase medical robot means:	
1	Any robot asset designed to perform a variety of tasks in healthcare settings;
2	Including, but not limited to:
2.1	Surgical tasks, including, but not limited to:
2.1.1	Tumor removal;
2.1.2	Needle biopsy;

3	Communication lines;
4	Electrical equipment, wires, and their conduits; or
5	A water or irrigation pump, panel, and motor.

Underground personal asset (other than fixed asset)

The phrase underground personal asset (other than fixed asset) means any personal asset (other than fixed asset) while it is kept or stored inside an underground fixed asset , including, but not limited to:	
1	Food, beverage, and emergency supplies; or
2	A water or irrigation pump, panel, and motor.

Valuable papers and records asset risks

Valuable papers and records asset

The phrase valuable papers and records asset means the following physical items if printed, inscribed, or handwritten on paper (other than money):	
1	Books, maps, abstracts, reference manuals, and library materials;
2	Environmental impact statements and studies;
3	Product designs and drawings;
4	Writing manuscripts;
5	Photographs, videos, movie film, microfiche
6	Trademarks, copyrights, licenses;
7	Easements or right-of-way agreements;
8	Property deeds and titles;
9	Contracts;
10	Tax returns and credits;
11	Social security records;
12	Drivers licenses;
13	Birth certificates or adoption records;
14	Medical records;
15	Immigration records;
16	Architectural plans;
17	Banking records;
18	Accounts receivables records;
19	Accounting records and financial statements;
20	Patents and patent pending application materials;
21	Trade secrets, know-how or recipes;
22	Insurance policies and annuities;
23	Wills and estate planning documents;
24	Leases;
25	Tenant’s agreements;
26	Charitable contribution records;
27	Trusts and beneficiary rights;
28	Lender or loss payee documents and mortgages;
29	Royalties rights and agreements;
30	Mineral rights;
31	Water rights;
32	Franchise rights and franchise contracts;
33	Sales contracts;
34	Buy – Sell agreements;
35	Employee Stock Ownership rights and agreements; or
36	Ownership units, stocks, or stock offering, records, and purchase agreements.

Vandalism risks

Vandal

The word vandal means:	
1	A person(s);
2	That deliberately engages in wanton destruction, defacing, spoiling, or sabotaging of the property owned by another person(s) or organization(s).

Vandalism hazards

The phrase vandalism hazards means:	
1	The act(s) of a vandal ;
2	Including, but not limited to: 2.1 Malicious mischief; and 2.2 Deliberate destruction of, physical sabotage of, or damage to property;
3	Including collateral covered direct physical damage or loss resulting from a vandal .

Violent human event risks

Off premises violent human event expenses

The phrase off premises violent human event expenses means:	
1	The extra living expenses first incurred by the first-named insured during the policy period ;
2	If the first-named insureds is a natural person and occupant;
3	Directly resulting from covered physical damage that is generally involving a violent human event ;
4	That does not occur at the covered location .

Violent human event

The phrase violent human event means:	
1	An abrupt , violent criminal act;
2	Perpetrated by a person or persons other than you : 2.1 Who attempts to, or kills or injures people at a covered location; 2.2 If such an act results in abrupt intervention by law enforcement and rescue personnel; and 2.3 The perpetrator(s) used actual or threats of unlawful deadly force; 2.4 Including all actions taken by police to end the event and to subdue and arrest such perpetrator(s).

Violent human event hazards

The phrase violent human event hazards means:	
1	A violent human event ; and
2	All ensuing impacts from a covered violent human event ;
3	Including, but not limited to: 3.1 All economic impacts, including the totality and aggregate of damage, loss, and expense for victims and impacted businesses, but not limited to: 3.1.1 Medical costs; 3.1.2 Funeral expenses; 3.1.3 Mental health counseling; 3.1.4 Cleanup and extra expense; 3.1.5 Additional security and security upgrades; 3.1.6 Crisis management expenses; 3.1.7 Off premises violent human event expenses; 3.1.8 Event cancellation; 3.1.9 All criminal or regulatory investigation and prosecution expenses and resulting fines/penalties; and 3.1.10 All civil litigation legal damages. 3.2 Regardless of whether or not the following factors apply: 3.2.1 The businesses and people that were targeted in the covered event; 3.2.2 The property owners where the shooting occurs; 3.2.3 Event promoters; 3.2.4 Security firms; 3.2.5 Law enforcement, emergency medical personnel, or mental health providers; 3.2.6 Spouses, domestic partner, parents, guardians, friends or acquaintances of the perpetrator(s); 3.2.7 Employers or the employer of the perpetrator(s); 3.2.8 Gun manufacturers, wholesalers, retailers, straw purchasers, or gun owners where the perpetrator acquired weapons; 3.2.9 The criminal or unlawful misuse of any weaponized object, including, but not limited to: 3.2.9.1 A firearm or explosive product(s), and 3.2.9.2 Their components or ammunition or projectile(s); or 3.2.10 The negligent entrustment of a weaponized object; 3.2.11 The foreseeability that a weaponized object would or could be used by the perpetrator(s) in a manner that would involve an unreasonable risk of physical harm; 3.2.12 Person(s) or organization(s) that know of and fail to report information to authorities or otherwise intervene in the perpetrator(s)'s plan; 3.2.13 Foreseeability by any covered person(s) and organization(s), including, but not limited to, any general obligation to protect business invitees from reasonably foreseeable criminal conduct; 3.2.14 Failure to reasonably anticipate criminal conduct on the part of third persons, either generally or at some particular time; 3.2.15 Failure to reasonably take precautions against the violent event, including, but not limited to, the provision of a reasonably sufficient number of security person(s) to afford reasonable protection concerning a high-crime location; 3.2.16 Reasonable expectation or probability; 3.2.17 Local crime rates or general evidence of a criminally active environment; 3.2.18 Failure to meet any duty to warn, regardless of whether or not any special relationship between you and the perpetrator(s); 3.2.19 Warnings from law enforcement issued to you or your vicinity before the violent human event; 3.2.20 Your security and warning policies: 3.2.20.1 You had in place and you acting on such policies, or 3.2.20.2 Your failure to comply or take action(s) with your security and warning policies; and 3.2.20.3 Such failure(s) was a substantial factor in enabling the event or exacerbating ensuing injury, loss, or damage; 3.2.21 The age or mental status of the perpetrator(s); 3.2.22 Premeditation of the perpetrator(s); 3.2.23 Intent of the perpetrator(s); 3.2.24 Mental diminishment or insanity of the perpetrator(s), whether temporary or chronic; 3.2.25 Intervening or concurrent causes or contributors to injury, loss or damage; 3.2.26 The perpetrator(s) was related, employed, or otherwise known to a covered person(s) and organization(s); 3.2.27 The failure to take measures that might have prevented the attack or mitigated its consequences; 3.2.28 The degree of any failures on your part compared to the perpetrator(s); 3.2.29 Any gun industry immunity from mass shooting claims; 3.2.30 A manufacturer or seller knowingly violating a state or federal statute applicable to the sale or marketing of the weapon or firearm; 3.2.31 Type of weapon or means of injury; 3.2.32 The perpetrator(s) being under the influence of intoxicants or hallucinogens or any combination, whether prescribed or over the counter or illegally obtained; 3.2.33 Based on its marketing of the weaponized object, including, but not limited to, firearms or weapons; 3.2.34 Ethics, morals, scruples, oppression, or reinforcement of the destructive force or killing capability of the weaponized object; 3.2.35 Your violation or failure to obtain immunity or safe harbor under applicable law(s) and such violation(s) are held as the proximate cause of the violent human event; or

(Continued on the next page)

3.2.36	Conflict of law or legal jurisdiction, including forum shopping by plaintiffs.

Volcanic action risks

Volcanic action

The phrase volcanic action means:	
1	Any explosion hazards of naturally occurring steam, gasses, molten material, rock, ashes, pyroclastic flows, and dust in cataclysmic fashion;
2	From a volcano vent in the surface of the earth through which:
2.1	Magma and associated gasses, debris, and ash erupt; and
2.2	The ejected material usually produces a conical formation.

Volcanic action hazards

The phrase volcanic action hazards means:	
1	All causes of loss;
2	Generally involving any volcanic action .

Volcanic action land restoration expenses

The phrase volcanic action land restoration expenses means:	
1	Any incurred costs;
2	That directly results from the necessary restoration of land; and
3	That directly results from one or more volcanic action hazards at a covered location .

Volcanic ash cleanup expenses

The phrase volcanic ash cleanup expenses means:	
1	All ensuing expenses to remove, clean up, and dispose of pulverized rock, dust, or particulate matter;
2	That is blown or falls onto a covered location :
2.1	If necessary to enable repairing or replacing a covered fixed asset ;
2.2	If a covered fixed asset suffers covered direct physical damage of at least 25% of its insured valuation limit; and
2.3	That directly results from abrupt and simultaneous volcanic action hazards .

Water risks

Ensuing water deterioration hazards

The phrase ensuing water deterioration hazards means:	
1	Any ensuing water physical damage to a floor, ceiling, framing, or wall covering;
2	Due to deterioration associated with:
2.1	Excessive humidity, seeping, condensation, splashing, or accumulation of water; or
2.2	Waterborne debris , steam, or water vapor.

Fire suppression system asset leakage hazards

The phrase fire suppression system asset leakage hazards means:	
1	The bursting or rupturing of a fire suppression system asset that directly results in the release of water, water vapor, dry chemicals, or wet agents;
2	Including, but not limited to:
2.1	Ensuing damage to a floor, ceiling, wall covering, or framing due to the effects of:
2.1.1	Excessive humidity, seeping, condensation, splashing, or accumulation of damaging sewage ; and
2.1.2	Including waterborne debris and waste from water leakage; and
2.2	The cost of incidental demolition; and
2.3	The cost of restoring that part of a dwelling asset necessary to repair the fire suppression system asset ;
2.4	From which the water escaped.

Irrigation water use hazards

The phrase irrigation water use hazards means:	
1	Irrigation water that flows within a water irrigation system asset that irrigates a covered location :
1.1	If the irrigation water is not mixed or injected;
1.2	With harmful chemicals, fertilizers, fungicides, herbicides, pesticides, pollutant(s) , or sewage .

Underground water hazards

The phrase underground water hazards means:	
1	Gradual or abrupt damage to covered personal asset (other than fixed asset) or fixed asset(s) ;
2	Generally involving underground water sources that include, but are not limited to, damages due to:
2.1	Pressure;
2.2	Flowing;
2.3	Seeping;
2.4	Erosion; or
2.5	Ensuing structural integrity collapse ;
3	Regardless of whether or not a flood occurred simultaneously, sequentially, or concurrently.

Water containment asset

The phrase water containment asset means the following aboveground and non-submersible equipment only:	
1	Roofing gutters and rainwater collection systems;
2	Road and parking gutters;
3	Drains;
4	Containment ponds, pond liners, dams, canals, ditches, pipelines, headgates, valves, or meters;
5	Pumps, generators, and electrical panels and motors that service water containment asset .

Water irrigation system asset

The phrase water irrigation system asset means:	
1	All connected water irrigation system asset apparatuses;
2	Including, but not limited to:
2.1	Beverage machines and refrigerators with water dispensing;
2.2	Incoming water lines, plumbing, and piping;
2.3	Water venting; or
2.4	Control valves, timers, filters, transfer pumps, meters, and regulators;
3	That are located on a covered location .

Water leakage hazards

The phrase water leakage hazards means:	
1	The abrupt bursting or rupturing of a water plumbing system that directly results in the release of water or water vapor;
2	Including, but not limited to:
2.1	The cost of incidental demolition; and
2.2	The cost of restoring that part of a covered dwelling asset necessary to repair the water plumbing system ;
2.3	From which the water escaped.

Water physical damage expenses

The phrase water physical damage expenses means:	
1	Costs incurred by you that directly results from a covered water physical damage claim(s).
2	This coverage only applies to the following ensuing expenses:
2.1	Resulting physical damage due to your emergency removal and movement of a personal asset (other than fixed asset) to safety; and
2.2	The rental costs incurred concerning your emergency use dehumidifiers and fans to reduce excessive humidity following a covered loss.
2.3	Resulting physical damage due to your emergency demolition to access, stop, and repair a pipe burst or leak inside a fixed asset .

2.4	Resulting physical damage from your necessary water damage mitigation emergency actions taken to reduce covered water physical damage .
-----	---

Water plumbing system

The phrase water plumbing system means:	
1	All connected water system apparatus;
2	Including, but not limited to:
2.1	Beverage machines and refrigerators with water dispensing;
2.2	Incoming water lines, plumbing, and piping;
2.3	Water venting;
2.4	Control valves, transfer pumps, meters, and regulators;
3	That is located within a covered fixed asset at a covered location .

Water seepage hazards

The phrase water seepage hazards means:	
1	The gradual repeated dripping or seeping of water;
2	Including, but not limited to:
2.1	The accumulation of rain, melting sleet, ice, or snow;
3	Flowing or seeping through:
3.1	Leaking roof coverings;
3.2	Leaking doors, windows, or other openings; or
3.3	Leaking foundations, walls, floors, paved surfaces, or basements.

Water storage hazards

The phrase water storage hazards means:	
1	The weight of fugitive water and other liquids from the escape of water from:
1.1	A hot tub ;
1.2	Swimming pool ; or
1.3	Water tank with a storage capacity of over 200 gallons; and
2	Located on top of or inside a fixed asset (other than the ground floor or basement).

Weight of fugitive water

The phrase weight of fugitive water means:	
1	Weight, load, or stress of uncontained or accumulating water;
2	That has escaped from its containment vessel;
3	Including, but not limited to, a hot tub , swimming pool ; or
4	Storage tank located on top of or inside of a fixed asset .

Watercraft asset risks

Autonomous watercraft operation hazards

The phrase autonomous watercraft operation hazards means the autonomous operation of an owned watercraft.
--

Dangerous watercraft asset

Please refer to the watercraft asset risk group in the non-transferred risks endorsement.

Rented or borrowed watercraft asset

The phrase rented or borrowed watercraft asset means a watercraft asset rented or borrowed by you .
--

Watercraft asset

The phrase watercraft asset means:	
1	A boat, ship, raft, canoe, sailboat, or rowboat;
2	A duck boat or other amphibious or floating automobile asset or motor vehicle asset ;
3	A sea-doo, hovercraft, jet-ski, water jet pack, hydro flyer, or water hoverboard, or cataraft;
4	A submarine or other submersible craft.
5	Any uninstalled spare parts, components, or accessories of any watercraft asset .
6	A toy or model version of a watercraft asset ; or
7	Any other water vessel used upon or underwater; or
8	Any uninstalled spare parts, components, or accessories of any watercraft asset .

Windstorm (other than hailstorm) risks

Convective windstorm

The phrase convective windstorm means a naturally occurring:	
1	Hurricane ;
2	Named tropical storm ; or
3	A straight-line wind, including a derecho ;
4	And specifically including windstorm -propelled debris damage.

Derecho

The word derecho means:	
1	A line of intense, widespread, and fast-moving windstorms that have a length of 240 miles or longer associated with convection; and
2	Thunderstorms move across a great distance and characterized by sustained damaging winds of 58 mph or more along most of their length;
3	Including, but not limited to, serial derecho .

Fujita scale tornado

The phrase Fujita scale tornado means:	
1	A violently rotating column of air that is in contact with the surface of the Earth and a cumulonimbus cloud or the base of a cumulus cloud;
2	That registers on the Fujita scale of F1-F5;
3	Other than a tornado that does not register on the Fujita scale;
4	Including, but not limited to:
4.1	Wedge tornado ;
4.2	Tornado family;
4.3	Multiple-vortex tornado ;
4.4	Landspout;
4.5	Waterspout;
4.6	Gustnado;
4.7	Dust devil;
4.8	Any air currents that originate from the tornado specifically including straight line wind;
4.9	Any strong air current events that originate from the tornado .
5	Regardless of whether or not the following factors apply:
5.1	Contact with the ground;
5.2	Contact with water;
5.3	Occurring concurrently with a thunderstorm or not;
5.4	Wind speed; or
5.5	Length or width.

Hurricane

The word hurricane means a tropical cyclone in the Atlantic Ocean, Caribbean Sea, Gulf of Mexico, or the eastern Pacific Ocean in which the maximum one-minute sustained surface wind is 64 knots (74 mph) or greater.
--

Major structural roof windstorm physical damage

The phrase major structural roof windstorm physical damage means the failure of the structural envelope due to one or more of the following:	
1	A 75% loss of the covering material if the fixed asset 's interior has also suffered:
1.1	Ensuing direct physical damage from water intrusion and debris damaging the interior area of the fixed asset equal to the ground floor area of the fixed asset ; and
1.2	Directly result from the loss of the covering material ; or
2	The fixed asset suffering structural physical damage directly resulting from windstorm hazards as evidenced by:
2.1	One or more missing sections of the structural roof framing, underlayment, and decking to which the covering material is attached;
2.2	Equal to or greater than 32 square feet of missing sections.

Major windstorm driven rainwater intrusion

The phrase major windstorm driven rainwater intrusion means ensuing water physical damage :	
1	That results from abrupt rainwater infiltration of the exterior structural envelope of the fixed asset ;
2	That would not have occurred but for the abrupt impact of:
2.1	A Fujita scale 2 or higher tornado ;
2.2	A category 3, 4, or 5 hurricane eyewall;
2.3	A derecho with sustained winds;
3	As a recorded, validated, and announced by the National Weather Service to have occurred at the covered location ;
4	Regardless of:
4.1	The existence of one or more water-proofing construction defect(s); or
4.2	Plugged and backed up gutters, downspouts, flat roof drains, drain fields;
4.3	Failure of non-impact resistant glass doors or windows;
5	Other than ensuing water deterioration hazards due to the failure to immediately undertake and adequately complete all reasonable damage mitigation measures following the abrupt or gradual occurrence of major windstorm driven rainwater intrusion .

Mesoscale convective complex

The phrase mesoscale convective complex means:	
1	A large mesoscale convective system ;
2	That meets the following specific minimum criteria for size, duration and eccentricity or roundness;
3	Based on the cloud shield as seen on infrared satellite photographs:
3.1	Size:
3.1.1	The area of cloud top -32 degrees C or less is 10,000 square kilometers or more, or
3.1.2	The area of cloud top -52 degrees C or less is 50,000 square kilometers or more;
3.2	Duration:
3.2.1	The size criteria must be met for a minimum of 6 hours ;
3.3	Eccentricity:
3.3.1	The minor or major axis is at least 0.7.

Mesoscale convective system

The phrase mesoscale convective system means:	
1	A complex of thunderstorms ;
2	Which becomes organized on a scale larger than the individual thunderstorms ; and
3	Normally persists for several hours or more;
4	They may be round or linear in shape, and include systems such as tropical cyclones , squall lines , and MCCs (among others).

Minor windstorm driven rainwater intrusion

The phrase minor windstorm driven rainwater intrusion means:	
1	Water physical damage :
1.1	The results from direct wind-transported rainwater penetration of the exterior structural envelope of the fixed asset ;
1.2	That is the usual and expected rainwater infiltration leakage through:
1.2.1	Roof top or gable end vents, soffit vents, exhaust fan vents;
1.2.2	Unsealed roof decking; and
1.3	That would not have occurred but for a concurrent windstorm event, and:
1.3.1	The existence of one or more water-proofing construction defect(s); or
1.3.2	Plugged and backed up gutters, downspouts, flat roof drains, drain fields;
1.3.3	Failure of non-impact resistant glass doors or windows;
1.3.4	Failure of non-wind pressure rated garage door;
1.3.5	Failure of non-wind pressure rated pet door;
1.3.6	Failure to close and secure windows, entry and garage doors or pet doors;
1.3.7	Failure to immediately undertake and adequately complete all reasonable damage mitigation measures following the abrupt or gradual occurrence of minor windstorm driven rainwater intrusion ;
1.4	Including, but not limited to all ensuing physical damage from contamination, excessive moisture and humidity, including, but not limited to:
1.4.1	Ruination of attic, floor, or wall insulation, wall and floor coverings or personal asset (other than fixed asset) ;
1.4.2	Corrosion or rust of plumbing, appliances or electrical or electronic components;
1.4.3	Mechanical breakdown or electrical injury;
2	Other than:
2.1	Ensuing loss of power, water, sewer, and other services;
2.2	Ensuing sewage hazards ;
2.3	Ensuing mold hazards ;
2.4	Ensuing insect hazards ;
2.5	The weight of accumulated rainwater;
2.5.1	Resulting in total or partial collapse ;
2.5.2	That results in rainwater infiltration of the structural envelope ;
2.5.3	Other than:
2.5.3.1	Total or partial collapse of interior ceilings, walls, cabinets, shelving, or insulation components;
2.5.3.2	That occur without exterior structural damage to the fixed asset occurring first; and
2.5.3.3	That structural damage results in the abrupt puncture of the exterior structural envelope of the fixed asset ;
2.6	Windstorm -driven splash or spray:
2.6.1	Originating from any other water source;
2.6.2	Including, but not limited to flood hazards or tidal waters;
2.6.3	Regardless of any windstorm or accumulated rainwater contributing to flood hazards or tidal waters.

Named tropical storm

The phrase named tropical storm means a tropical cyclone declared by the National Weather Service to be a hurricane or a tropical storm .
--

National Weather Service

The phrase National Weather Service means the US Dept of Commerce National Oceanic and Atmospheric Administration's National Weather Service , located at 1325 East-West Highway, Silver Spring, MD 20910.

Non-structural windstorm physical damage

The phrase non-structural windstorm physical damage means:	
1	Any physical damage to the covering material ;
2	That directly results from windstorm hazards ;
3	Other than major structural roof windstorm physical damage ;
4	Including, but not limited to:
4.1	Labor costs; or
4.2	Debris removal or disposal costs.

Non-Fujita scale tornado

The phrase non-Fujita scale tornado means:	
1	A violently rotating column of air that is in contact with the surface of the Earth and a cumulonimbus cloud or the base of a cumulus cloud.
2	Including, but not limited to:
2.1	Wedge tornado ;
2.2	Tornado family;
2.3	Multiple-vortex tornado ;
2.4	Landspout;
2.5	Waterspout;
2.6	Gustnado;
2.7	Dust devil;
2.8	Any air currents that originate from the tornado , specifically including straight-line wind;
2.9	Any strong air current events that originate from the tornado .
3	Regardless of whether or not the following factors apply:
3.1	Contact with the ground;
3.2	Contact with water;
3.3	Occurring concurrently with a thunderstorm or not;
3.4	Wind speed; or
3.5	Length or width.

Serial derecho

The phrase serial derecho means:	
1	A derecho ;
2	That consists of a squall line ;
3	Which is oriented such that the angle between the mean wind direction and the squall line axis is small.

Squall line

The phrase squall line means:	
1	A line of active thunderstorms ;
2	Regardless of whether or not continuous or with breaks;
3	Including contiguous precipitation areas resulting from the existence of the thunderstorms .

Strong air current events

The phrase strong air current events means the following air current events:	
1	Straight line wind;
2	Downdrafts;
3	Downbursts, microbursts, and macrobursts; or
4	A gust front.

Thunderstorm

The word thunderstorm means:	
1	A violent, short-lived weather disturbance that produces strong, gusty winds, thunder, and lighting;
2	That is produced by a cumulonimbus cloud;
3	Including, but not limited to:
3.1	Derecho ;
3.2	Air mass thunderstorm ;
3.3	Back-building thunderstorm ;
3.4	Dry thunderstorm ;
3.5	Multicell thunderstorm ;
3.6	Nocturnal thunderstorm ;
3.7	Pulse severe thunderstorm ;
3.8	Severe thunderstorm ;
3.9	Single-cell thunderstorm ;
3.10	Supercell thunderstorm ;
3.11	Squall line including, but not limited to:
3.11.1	Pre-frontal squall line ;
3.11.2	Pre-hurricane squall line ;
3.11.3	Mesoscale convective system ;
3.11.4	Mesoscale convective complex ;
3.12	Any air currents that originate from a thunderstorm specifically including straight line wind, gust fronts, or haboobs;
3.13	Any strong air current events that originate from a thunderstorm .
4	Regardless of whether or not the following factors apply:
4.1	Singular occurrence ;
4.2	Cluster occurrence ; or
4.3	Occurrence in lines;
4.4	The presence of thunder, dense clouds, or heavy rain;
4.5	A bow echo radar signature.

Tornado

The word tornado means:	
1	A violently rotating column of air that is in contact with the surface of the Earth and a cumulonimbus cloud or the base of a cumulus cloud.
2	Including, but not limited to:
2.1	Fujita scale tornado ;
2.2	A non-Fujita scale tornado ;
2.3	Wedge tornado ;
2.4	Tornado family;
2.5	Multiple-vortex tornado ;
2.6	Landspout;
2.7	Waterspout;
2.8	Gustnado;
2.9	Dust devil;
2.10	Any air currents that originate from the tornado , specifically including straight-line wind;
2.11	Any strong air current events that originate from the tornado .
3	Regardless of whether or not the following factors apply:
3.1	Contact with the ground;
3.2	Contact with water;
3.3	Occurring concurrently with a thunderstorm or not;
3.4	Wind speed; or
3.5	Length or width.

Tropical cyclone

The phrase tropical cyclone means a warm-core, non-frontal synoptic-scale cyclone originating over tropical or subtropical waters with organized deep convection and closed-surface wind circulation about a well-defined center.	
--	--

Tropical storm

The phrase tropical storm means a tropical cyclone in which the maximum one-minute sustained surface wind ranges from 34 to 63 knots (39 to 73 mph), inclusive.	
---	--

Windstorm

The word windstorm means:	
1	A naturally occurring atmospheric confluence of conditions;
2	Involving changes in temperature and air pressure;
3	That results in rapid and powerful air movement across the surface of the earth;
4	That results in a disturbed state of the atmosphere;
5	Including, but not limited to:
5.1	Blizzard
5.2	Convective windstorm
5.3	Thunderstorm
5.4	Tornado
5.5	Windstorm -propelled debris damage

Windstorm damage debris hazards

The phrase windstorm damage debris hazards means the costs:	
1	To remove debris or damaged trees generally involving a windstorm ; and
2	The debris or damaged tree collides with a covered fixed asset , resulting in:
2.1	Structural damage ; or
2.2	The puncturing of the structural envelope ; or
3	The debris or damaged tree is deposited within a covered fixed asset ; or
4	The debris or damaged tree poses an imminent danger to a covered fixed asset .

Windstorm extreme interior atmosphere hazards

The phrase windstorm extreme interior atmosphere hazards means:	
1	Extreme interior atmosphere hazards ;
2	Inside a covered fixed asset ;
3	That directly results from windstorm hazards ;
4	Including, but not limited to:
4.1	Major windstorm driven rainwater intrusion ; or
4.2	Minor windstorm driven rainwater intrusion .

Windstorm hazards

The phrase windstorm hazards means:	
1	All causes of loss;
2	Including any sequential or concurrent contributory causes to loss or damage;
3	Generally involving any windstorm ;
4	Including, but not limited to windstorm extreme interior atmosphere hazards .

Windstorm roofing and siding leakage hazards

The phrase windstorm roofing and siding leakage hazards means:	
1	The abrupt bursting or rupture, backup, and ensuing dripping, seeping, condensation, or accumulation; of
2	Damaging water.

4.4	Expert witness; and
4.5	Other necessary costs for investigations mutually agreed to by the parties.

Alternative dispute resolution

Alternative dispute resolution applies as specifically and expressly stated in this policy concerning binding arbitration .

Binding arbitration

1	The parties to this insurance policy agree to binding arbitration ;
2	To settle all disputes between the parties;
3	Even though such a procedure involves:
3.1	Limited discovery;
3.2	Inability to obtain preliminary relief; and
3.3	Without a judicial review or intervention right.

Binding arbitration

When binding arbitration applies

Binding arbitration applies concerning any disputes between a covered person(s) and organization(s) and us , including, but not limited to:
1 Apportionment disputes;
2 Policy language disputes;
3 Cause and origin disputes;
4 Scope of coverage disputes;
5 Ownership interest disputes;
6 Appraisal disputes;
7 Single or multiple occurrence disputes;
8 Claims reporting period disputes; or
9 Waiting periods .

Arbitration expenses

1	Each party shall bear its respective binding arbitration expenses;
2	The cost of the umpire between the parties shall be split equally among the parties;
3	Arbitrators shall award the prevailing party all reasonable costs and expenses ensuing from binding arbitration ;
3.1	The arbitration expenses reimbursements are subject to the limit stated on the declaration pages;
4	Including, but not limited to:
4.1	Accounting and damages assessment;
4.2	Appraisals ;
4.3	Cause and origin engineering report expenses;
4.4	Expert witness; and
4.5	Other necessary costs for investigations mutually agreed to by the parties.
5	In the event any suit or other legal proceeding is brought for the enforcement of any decision or award of the arbitrators:
5.1	The parties agree that the prevailing party shall be entitled to recover from the non-prevailing party;
5.2	Reasonable attorneys' fees upon final judgment on the merits;
5.3	Including attorneys' fees for any appeal and costs incurred in bringing such suit or proceeding;
5.4	Regardless of the number of covered persons or organizations, indemnatee(s) , claims made, or occurrence(s) .

Arbitration interpretation

1	Such arbitration shall be interpreted;
2	If applicable;
3	By the first-named insured's home state stated on the applicable declaration page;
4	Unless substituted for another jurisdiction;
5	By mutual agreement between the first-named insured and us .

Arbitration location

Such arbitration shall take place in the first-named insured's home state stated on the applicable declaration page unless moved to another location by mutual agreement between the first-named insured and us .

Binding arbitration invalidated

1	If this binding arbitration provision is deemed:
1.1	Invalid under applicable laws;
1.2	In whole or in part against public policy; or
1.3	Otherwise, unenforceable as written;

(Continued on the next page)

- 1.4
- By a valid final judicial finding;

- 2
- Such disputes will be subject to the lawsuit against **us** condition.

Commercial arbitration rules of the American Arbitration Association

CONCERNING SUCH BINDING ARBITRATION PROCEEDINGS, THE COMMERCIAL ARBITRATION RULES OF THE AMERICAN ARBITRATION ASSOCIATION MUST APPLY, EXCEPT TO THE EXTENT THEY CONFLICT WITH THE FOLLOWING:	
1	Appointment of arbitrators:
1.1	The arbitration panel shall consist of three disinterested arbitrators.
1.2	Each party is to name one arbitrator meeting the standards of Rule R-19 and knowledgeable in the area of dispute within thirty (30) calendar days after notice of the filing of the Demand is sent by the AAA.
1.3	The third arbitrator shall serve as the umpire, who shall be neutral.
1.4	The umpire shall be appointed by the two party-appointed arbitrators as soon as practical (but no later than thirty (30) calendar days) after the appointment of the second arbitrator.
1.5	In the event that either party fails to appoint an arbitrator within thirty (30) calendar days after notice of the filing of the Demand is sent by the AAA, the non-defaulting party will appoint an arbitrator to act as the party-appointed arbitrator for the defaulting party.
1.6	If the two-party appointed arbitrators have failed to reach agreement on an umpire within the time specified above, the parties shall follow the appointment process identified in Rule 6.7 of the AIDA Reinsurance and Insurance Arbitration Society (ARIAS-US) U.S. Rules for the Arbitration of U.S. Insurance and Reinsurance Disputes.
1.7	Unless otherwise awarded by the panel (comprising of the two party-appointed arbitrators and umpire), each party shall bear the costs of its party-appointed arbitrator and shall share equally the cost of the umpire.
2	Neither party shall be obligated to participate in mediation , and no “opt-out” notice shall be required as otherwise outlined in R-10 of the Commercial Arbitration Rules.
3	Notwithstanding, the parties may mutually agree to mediate their dispute according to the applicable provisions of the AAA’s Commercial Mediation Procedures.
4	Each arbitrator must issue a reasoned award in conformance with R-48.
5	All members of the panel shall consult with each other on each and every decision presented to the panel or to be made by the panel;
6	Each decision shall be made by casting at least two of three possible votes.
7	Binding arbitration proceedings will be virtual.

Compromise settlement

The first-named insured agrees on its behalf and behalf of all additional covered persons or additional covered organizations , lender(s) , or indemnitee(s) :	
1	That all such lack of clarity, ambiguity, or confusion as to meaning, intent, or applicability of expressed policy language arbitration finding(s);
2	Shall be exclusively resolved by reducing any ensuing payment so legally imposed on us under this insurance policy by 50%; and
3	Such compromise payment:
3.1	Shall not be an admission against our interest; nor
3.2	Shall it invalidate the remainder of such provision or the remaining provisions of this policy.

Compromise settlement example

AN EXAMPLE FOR ILLUSTRATION PURPOSES ONLY:	
1	A claim arises, for example, generally involving a pollutant .
1.1	You fail to prove the policy covers the claim.
1.2	We deny your claim.
1.3	You invoke the binding arbitration condition because you disagree; and
1.4	The arbitration panel in the case then rules:
1.4.1	That a controlling word or phrase within the definition of “ pollutant ” is subject to multiple interpretations; and
1.4.2	The controlling word or phrase is therefore ambiguous;
2	Then our payment under this superseding restriction would be limited to the lesser of:
2.1	50% of the amount claimed; or
2.2	The applicable policy limit.

Time limitation

Any binding arbitration brought against us by you regarding a claim against this policy must be commenced before:	
1	The 365th day from the date the physical damage occurrence or liability occurrence first occurred; or
2	The applicable statute of limitations;
3	Whichever expires first.

Your cost recovery in arbitration or litigation

1	Unsuccessful declaratory judgment litigation or arbitration filed by us against the first-named insured :
1.1	Subjects the first-named insured to significant costs;
1.2	That may render victory for the first-named insured on the indemnification and defense issue(s) meaningless.
2	Therefore, in fairness, we institute this contractual provision governing your right to recover costs in coverage litigation .
3	This coverage is limited to the time necessary to establish our duty to defend or payment liability to you ; and
3.1	This coverage does not apply to costs:
3.2	That involves the quantifications and valuations of injury, loss, or damage; or
3.2.1	Incurred by the first-named insured during a stay obtained by us in the underlying litigation or arbitration:
3.2.2	To have a fairly debatable claim question of coverage or defense determined by summary judgment or arbitration;
3.2.3	Including, but not limited to our bifurcating the coverage and liability issues and obtaining a stay in litigation or arbitration of the liability case until coverage has been decided; or
3.3	That exceeds taxable costs for the declaratory action to enforce insurance coverage or our duty to defend; and
4	This right to recover legal fees in coverage litigation is, therefore, the exclusive remedy for the award of attorney’s or arbitrator’s fees and costs in all actions between you and us :
4.1	Involving disputes that are generally involving this policy of insurance; and
4.2	Any other policies of insurance issued by us , if such dispute shares a common nexus with one or more previous or subsequent:
4.2.1	Liability occurrence(s) ; or
4.2.2	Property occurrence(s) .

Appraisal

In case we and the first-named insured shall fail to agree as to:	
1	The actual cash value ; or
2	The amount of physical damage ;
3	Then, on the written request of either:
3.1	Each shall select a competent and disinterested appraiser; and
3.2	Notify the other of the appraiser selected within 20 days of the request.
4	Where the request is accepted:
4.1	The appraisers shall first select a competent and disinterested umpire; and
4.2	Failing for 15 days to agree upon the umpire, then, on our or the first-named insured request:
4.2.1	A judge of a court of record shall select the umpire;
4.2.2	In the state in which the covered asset is located.
5	Appraisal proceedings are informal and shall not be governed by:
5.1	Formal discovery rules or procedures;
5.2	Formal rules of evidence;
5.3	A court reporter requirement;
5.4	Formal depositions, interrogatories, requests for admission, or other forms of formal civil discovery;
5.5	Unless the parties mutually agree otherwise.
6	The appraisers shall then appraise the loss:
6.1	Stating separately actual cash value and physical damage to each asset; and
6.2	Failing to agree, shall submit their differences only, to the umpire.
7	An award in writing, so itemized, of any two appraisers or combination with the umpire when filed with us shall determine the actual cash value and physical damage to each asset.
8	Each appraiser shall be paid by the party selecting him or her and the expenses of appraisal and umpire shall be paid by the parties equally.

(Continued on the next page)

9 In case of a government-declared disaster, if required by law, **we** may request an **appraisal** or the **first-named insured** but shall not be compelled.

Collapse alternative dispute resolution additional conditions and restrictions

When expert assessment applies

1	The expert assessment process applies to claim(s) generally involving :
1.1	Collapse ; or
1.2	Ensuing collapse of a covered dwelling asset(s) or appurtenant structure asset(s) ;
1.3	Generally involving one or more catastrophic collapse hazards ; and
2	If you submit a catastrophic collapse hazards claim(s) to a covered dwelling asset(s) or appurtenant structure asset(s) ;
2.1	You must also provide evidence and an assessment supporting the claim;
3	We will evaluate your initial evidence and assessment of the catastrophic collapse hazards claim; and
4	If we agree with your initial evidence, we will conduct our own investigation of the claim;
5	If we disagree with your initial evidence, then you must conduct an expert assessment;
5.1	Once your expert assessment is complete, we will review the findings;
5.2	If we agree with these findings, we will complete our investigation concerning causation;
6	If we disagree with the findings of your expert assessment, then we will also conduct an expert assessment;
7	In the event, you disagree with the findings of our expert assessment;
7.1	Each party agrees to participate in binding arbitration as detailed in this policy;
7.2	In order to resolve any disputes concerning the claims.

Catastrophic collapse hazards neutral evaluation process additional conditions

1	Each party, us or the first-named insured , will meet the following standards in conducting an expert assessment of a catastrophic collapse hazards claim(s):
1.1	A party may inspect the covered location to determine if there is structural damage that may be the result of one or more catastrophic collapse hazards .
1.2	If a party can confirm that the structural damage exists but the party is unable to confirm one or more catastrophic collapse hazards as the cause of such damage:
1.2.1	We shall engage a professional engineer or a professional geologist to conduct testing to determine the cause of the loss within a reasonable professional probability and issue a report, only if the catastrophic collapse hazards claim(s) is covered under the policy.
1.2.2	If the professional engineer or a professional geologist determines that there was not one or more catastrophic collapse hazards , we will deny your claim:
1.2.2.1	The first-named insured shall pay 50 percent of the actual costs of our professional engineer or a professional geologist testing and investigation; or
1.2.2.2	\$2,500;
1.2.2.3	Whichever is less.
2	NOTICE
2.1	Following the inspection of the covered location , each party shall provide written notice to the other party disclosing the following information:
2.1.1	What the party has determined to be the cause of damage, if a has made such a determination.
2.1.2	A statement of the circumstances under which the party engaged a professional engineer or a professional geologist :
2.1.2.1	To verify or eliminate one or more catastrophic collapse hazards as the cause of the claimed structural damage ; and
2.1.2.2	To engage a professional engineer to make recommendations regarding land and building stabilization and foundation repair.
3	PROFESSIONAL ENGINEER CONDITIONS
3.1	We may engage a professional engineer to review and make recommendations as to:
3.1.1	The repair and stabilization and foundation repairs of the subject dwelling asset or appurtenant structure asset ; and
3.1.2	Any land stabilization;
3.1.3	Made by you or on your behalf.
3.2	Each professional engineer and professional geologist :
3.2.1	Shall perform such tests as sufficient, in their professional opinion;
3.2.2	To determine the presence or absence of one or more catastrophic collapse hazards or damage from one or more catastrophic collapse hazards
3.2.3	Within reasonable professional probability; and
3.2.4	Concerning the professional engineer :
3.2.4.1	To make recommendations regarding necessary dwelling asset or appurtenant structure asset stabilization and foundation repair; and
3.2.5	To make recommendations regarding necessary land stabilization.
3.2.6	Upon completion of testing, each professional engineer or professional geologist shall issue a qualified and certified report to both parties.

Lawsuit against us

1	You agree that you will not file a lawsuit against us unless you have fully complied with this policy's conditions and provisions.
2	Any litigation brought against us by you regarding a claim against this policy must be commenced before:
2.1	The 731st day from the date the claimed property occurrence or liability occurrence first occurred; or
2.2	The applicable statute of limitations;
2.3	Whichever expires first;
3	Nothing in this policy gives any person, organization, or other entity any rights or causes of action against:
3.1	Our parent corporation , affiliate , subsidiary, financiers, reinsurers; or
3.2	Their respective:
3.2.1	Successor(s), or assign(s); or
3.2.2	Shareholders, executive director or officer(s) , member(s), employee(s) , or agent(s).
4	Such litigation shall occur in the first-named insured's home state stated on the applicable declaration page unless moved to another location by mutual agreement between the first-named insured and us .
5	Each party shall bear its respective litigation expenses;
6	The prevailing party shall be awarded all costs ensuing from such proceeding against the non-prevailing party(ies).
7	In the event of arbitration invalidation involving a claim(s):
7.1	That directly hinges on an alleged lack of clarity, ambiguity, or confusion as to the meaning, intent, or applicability of expressed policy language;
7.2	Then all parties to this insurance policy agree the following policyholder, statutory, and common law rights are waived by the first-named insured on your behalf of all covered persons or organizations, lender(s) , and indemnitee(s) :
7.2.1	Reasonable expectations rights;
7.2.2	Policy drafting presumption rights ; and
7.2.3	Extrinsic evidence rights .
7.3	The first-named insured agrees on its behalf and behalf of all additional covered persons and organizations, lender(s) , or indemnitee(s) :
7.3.1	All such lack of clarity, ambiguity, or confusion as to meaning, intent, or applicability of expressed policy language judicial finding(s) shall be exclusively resolved by reducing any ensuing payment so legally imposed on us under this insurance policy by 50%; and
7.3.2	Such compromise payment shall not be an admission against our interest, nor shall it invalidate the remainder of this policy or the remaining provisions.

Lawsuit against us example

AN EXAMPLE FOR ILLUSTRATION PURPOSES ONLY:	
1	A claim arises, for example, generally involving a pollutant .
2	You fail to prove the policy covers the claim.
3	We deny your claim.
4	You invoke the binding arbitration condition because you disagree; but
5	The state with jurisdiction prohibits binding arbitration ; and
6	The judge in the case then rules:
7	That a controlling word or phrase within the definition of " pollutant " is subject to multiple interpretations; and
8	The controlling word or phrase is, therefore, ambiguous;
9	Notwithstanding, our payment under this superseding restriction would be limited to the lesser of:
9.1	50% of the amount claimed;
9.2	Subject to the applicable policy limit.

Concerning no state guaranty fund protection

1	This insurance policy is:
1.1	Not a standardized insurance contract ; and
1.2	Not subject to state insurance form and rate filing and approval regulations.
2	Therefore, the limited solvency protection the applicable state guaranty fund provides does not apply if the insurance company (ies) providing this insurance fail to pay a covered claim due to their financial insolvency.
3	Please be advised:
3.1	The amount of protection varies in each state.
3.2	Such protection is subject to change from time to time.
3.3	Most states limit such insolvency protection to \$300,000 and may impose other conditions for payment qualification, regardless of the policy limit in effect at the time of insolvency.
4	In exchange for forfeiting this basic insolvency risk protection from the state guaranty fund, this insurance policy is free from state form and rate regulations:
4.1	Which has enabled us to provide an unprecedented scope of coverages in a single policy with a multitude of policy limit options available to the first-named insured ; and
4.2	Whose broker can easily customize a policy to economize premiums or maximize the policy limits offered for specific physical damage or liabilities.

Valued policy law

In the event of a total covered loss of any individual dwelling asset or appurtenant structure asset :	
1	In the absence of any change, increasing the risk without our consent; and
2	In the absence of fraudulent or criminal fault on your part or anyone acting on your behalf;
3	Our payment obligation under this policy for such covered total loss;
4	Shall be in the amount of money for which such individual dwelling asset or appurtenant structure asset was so insured:
4.1	As scheduled in the policy; and
4.2	For which a specific premium has been charged and paid; and
5	This provision shall not:
5.1	Deprive us of any proper defense under the policy;
5.2	Deprive us of coinsurance clause protections;
5.3	Create new or additional coverage under the policy; or
5.4	Require us to pay:
5.4.1	For loss or physical damage that is generally involving one or more non-transferred risk(s);
5.4.2	Pay more than the amount necessary to repair, rebuild, or replace the dwelling asset or appurtenant structure asset following the total loss after considering all other benefits paid for the total loss.
6	If a loss was caused in part by a covered loss or physical damage and in part by one or more non-transferred risk(s):
6.1	Our payment obligation(s) under this section shall be limited to the covered loss or physical damage portion.
6.2	Unless the covered loss or physical damage alone would have caused the total loss; and
7	This valued policy law provision shall not apply:
7.1	If this insurance policy was issued or renewed by more than one company insuring the same dwelling asset or appurtenant structure asset , and you do not disclose the existence of such additional insurance to all insurers issuing such policies;
7.2	Two or more dwelling asset(s) or appurtenant structure asset(s) are covered under:
7.2.1	A blanket form for a single amount of insurance; or
7.2.2	A builder's risk policy.
7.3	Any covered asset(s) other than scheduled dwelling asset(s) or appurtenant structure asset(s) , including, but not limited to:
7.3.1	Another structure asset , or any coverage or claim;
7.3.2	In which the dollar amount of coverage available as to the structure involved is not directly stated in the policy as a dollar amount specifically applicable to that particular dwelling asset(s) or appurtenant structure asset(s) .
8	Nothing in this provision:
8.1	Shall be construed as prohibiting us from repairing or replacing damaged covered asset(s) at our expense and without your contribution; or
8.2	Shall be construed to provide insurance indemnifying you for the difference between:
8.2.1	The insurable value of the covered asset(s) at the time any covered loss or physical damage occurs; and
8.2.2	The amount expended to repair, rebuild, or replace with new materials of like size, kind, and quality; and
8.2.3	Such property has been damaged or destroyed.

Additional defined words and phrases

Office of foreign assets control action

The phrase office of foreign assets control action means:	
1	Any covered person, covered organization, or claimant has violated U.S. sanctions; or
2	Is a designated specially designated national and blocked person by OFAC;
3	This insurance will be considered a blocked or frozen contract ; and
4	All provisions of this insurance are immediately subject to OFAC; and
5	When policy benefits, rights, duties, or proceeds fall under OFAC jurisdiction, no payments nor premium refunds will be made by us without authorization from OFAC.

The insurer(s) providing this insurance

HOW THIS ENDORSEMENT APPLIES:		INSURER(S) COMMITMENT AND COUNTERSIGNATURE	
1	This endorsement applies when more than one insurer is underwriting the interest and liabilities under the coverage form to which this endorsement is attached.	1	Under the policy terms, each subscribing insurer agrees to participate at the stated percentage share of the interests and liabilities of the policy.
2	This endorsement changes the policy concerning certain limits, defined words and phrases, and all other conditions and restrictions to the extent to which this endorsement expressly applies.	2	The participation of the subscribing insurer shall be several liability and not joint liability with the other subscribing insurers participating in the policy interests and liabilities of this policy.
3	All other policy conditions and restrictions continue to apply.	3	In exchange for the payment of the premium set forth on the first declaration page, and according to full compliance with all the provisions of this insurance policy, each subscribing insurer agrees to provide its portion of the insurance as stated and limited in this policy.
		4	Under the policy terms, each subscribing insurer agrees to participate at the stated percentage share of the interests and liabilities of the policy.
		5	Service of process must be made according to the applicable state law.
IN WITNESS WHEREOF, EACH SUBSCRIBING INSURER HAS CAUSED THIS POLICY TO BE LAWFULLY EXECUTED AND DELIVERED.

Additional conditions and restrictions

Mutual duties among all risk bearers

1	All risk bearers shall cooperate in the investigation, defense, and settlement of covered claim(s) under this insurance; and
2	All risk bearers shall reasonably consider the financial interests of the other risk bearers with their own;
3	In considering any reasonable opportunity to settle within its limit of insurance or indemnification provision.

Mutual right to participate among all risk bearers

1	Any risk bearer providing additional limits of insurance or indemnification;
2	Concerning a covered claim(s) under our policy limit;
3	May participate in the investigation, defense; and
4	Any ensuing litigation or other alternative dispute resolution process.
5	No liability shall be imputed to any risk bearer to another risk bearer ;
5.1	That is generally involving their failure to participate in the investigation, defense; and
5.2	Any ensuing litigation or other alternative dispute resolution process.

Multiple risk transfer instruments

1	If other risk transfer instruments apply to covered physical damage to, or loss of, a covered asset:
1.1	We pay only our share of the loss;
1.2	Unless the first-named insured is required by a written contract to secure one or more risk transfer instruments ;
1.3	That is primary and noncontributory.
2	Our share is the proportion of the covered physical damage to, or loss of, a covered asset:
2.1	That the limit of this policy bears to the total aggregate amount of liability;
2.2	That applies to the covered physical damage to, or loss of, a covered asset.
3	When all other policies authorize contribution by equivalent allocation;
4	Each risk bearer pays an amount equal to:
4.1	The amount paid by the other risk bearers until it has exhausted its applicable limit of liability; or
4.2	The covered claim(s) is or are fully funded, whichever occurs first.
5	When any of the other risk transfer instruments fail to authorize contribution by equivalent allocation:
5.1	This insurance policy will contribute based on the ratio of its applicable policy limit to all insurers' total applicable liability limits; and
5.2	Such share allocated to us is then subject to the applicable apportionment provision under this insurance policy;
6	If the other risk transfer instrument that applies to the loss was a policy issued by us :
6.1	The most we will pay is the limit of the policy with the smallest limit;
6.2	Unless an applicable apportionment provision supersedes this smallest limit restriction; and
6.3	Such smallest limit restriction and applicable apportionment shall apply regardless of:
6.3.1	The time frame over which the covered physical damage to, or loss of, a covered asset occurred;
6.3.2	The date of discovery; or
6.3.3	The total number of claims or policies.

No duty to any other risk bearer

1	We have no duty to notify another risk bearer of any facts or circumstances;
2	That may give rise to a claim liability under their respective insurance policy(ies) or other risk transfer instruments ; or
3	The allocation contract provision(s);
4	No risk bearer (other than the first-named insured):
4.1	Shall have cause of action against us for failure to settle within the applicable policy limit; and
4.2	May not depend or rely on us to:
4.2.1	Adequately defend any claim(s); or
4.2.2	Make appropriate settlement decisions;
4.2.3	Concerning their respective interests, however, they may appear;
4.2.4	Without exception; and
4.2.5	Regardless of the relative interests and expectations of the parties involved.

Your duties concerning reasonable settlement

1	The first-named insured assumes the legal responsibilities of an insurer by bearing some of its own liability;
2	The first-named insured shall meet the professional claims standards and cooperation concerning:
2.1	Any sole non-transferred risk's claim(s) investigation, defense, settlement, litigation, or other alternative dispute resolution process;
2.2	Any contributory non-transferred risk's claim(s) investigation, defense, settlement, litigation, or other alternative dispute resolution process:
2.2.1	Involving that non-transferred risk's portion of an otherwise covered claim(s) under this insurance;
2.2.2	Notwithstanding any other provision, we will not cover any apportion attributed to the non-transferred risk;
3	The first-named insured shall exercise its sole judgment, utmost good faith , and reasonable consideration and valuation;
4	To settle all non-transferred risk's claim(s) within such self-insured retention or other self-insurance , including:
4.1	Any ensuing litigation or other alternative dispute resolution process;
4.2	Concerning, in whole or in part, any non-transferred risk's claim(s);
4.3	Including potential liabilities in excess of any self-insured retention or other self-insurance .

2	Please also refer back to all other policy definitions, conditions, and restrictions that shall apply unchanged.

Misrepresentation

1	As additional consideration for our acceptance:
1.1	The first-named insured agreed to provide accurate answers to underwriting questions concerning disclosure of all asset and liabilities risk characteristics and prior loss histories;
1.2	That we relied upon them to classify, underwrite, set policy limits, deductibles , self-insured retentions , and price the coverage.
2	Any statement of past or present facts or circumstances the first-named insured represented to be true:
2.1	In applying for or renewing this insurance policy; and
2.2	Set forth on the policy declaration pages as a representation;
2.3	Regardless of whether made by your broker of record and your other representatives, indemnitees , or assigns.

Additional coverage restriction

1	We will decline to pay a claim based on the involvement of a materially false or misleading representation;
2	Made by the first-named insured or your broker of record ;
3	During the application or renewal process for this insurance policy;
4	But only if:
4.1	We reasonably relied on the misrepresentation in qualifying or pricing any coverage(s), and subsequently issuing or renewing the policy or a particular coverage; and
4.2	The misrepresentation was material in as much as we would have issued the policy only with substantially different coverage forms, restrictions in the defined scope of coverage, limits, deductibles , and or premiums ; and
4.3	The misrepresentation was either:
4.3.1	Intentional:
4.3.1.1	Which means that at the time it is made;
4.3.1.2	By one or more of the covered person's and covered organization's employees or management personnel;
4.3.1.3	Your broker of record , or your other representatives, indemnitees , or assigns knew or should have known;
4.3.1.4	That the statement was incomplete or false; or
4.3.2	Recklessly negligent:
4.3.2.1	Which means that at the time it is made;
4.3.2.2	By one or more of the covered person(s) and organization(s) employees or management personnel;
4.3.2.3	Your broker of record ; or
4.3.2.4	Your other representatives, indemnitees , or assigns;
4.3.2.5	Who were willfully indifferent to whether the statement was incomplete or false.

Exception

1	We will not deny a claim or rescind the policy or coverage;
1.1	Based on a covered person(s) and covered organization(s) employees or management personnel, your broker of record , or your other representatives, indemnitees , or assigns;
1.2	Concealed or failed to disclose information;
1.3	That we did not expressly ask about in the application or renewal process.
2	In the event of a misrepresentation:
2.1	That a covered person(s) and covered organization(s) employees or management personnel, your broker of record , or your other representatives, indemnitees , or assigns;
2.2	Did not omit or make intentionally; or
2.3	Omit or make in a recklessly negligent manner, and:
2.2.2	We would have issued the same policy;
2.2.3	But at a retrospective higher premium, lower limits, or higher deductible ;
2.2.4	If the correct information had been supplied at the time of the application or renewal;
2.2.5	We will pay the covered claim at issue;
2.2.6	But will deduct from the claim payment the difference in the lower limits or higher deductible and additional premium;
2.2.7	That would have been qualified for and charged per our underwriting guidelines or reinsurance exclusions or prohibitions in force on the coverage effective date.

Freedom to contract

AS A GENERAL RIGHT, ALL PARTIES ARE FREE TO CONTRACT , INCLUDING BUT NOT LIMITED TO A RIGHT TO WAIVE THEIR RESPECTIVE LEGAL RIGHTS IN A CONTRACT UNDER THE U.S. CONSTITUTION.	
1	This insurance policy is not of a standard or boilerplate design:
1.1	It differs substantially from industry standards in its pricing, limits, terms, and conditions;
1.2	Comparatively, some terms and conditions extend the scope of coverage while others are more restrictive;
1.3	It is not subject to state form and rate regulations or approvals; but
1.4	It provides the first-named insured with increased freedom to customize the policy to fit their risk appetite, premium budget, and unique protection needs:
1.4.1	Which is similar to those manuscript policies offered exclusively to exempt large commercial policyholders under arbitrary state regulation exemption criteria;
1.4.2	Which regulation prohibits their sale to other policyholders under the discriminatory presumption under an assumption that they lack sophistication and the ability to protect their interests;
2	However, we have taken extraordinary care and measures to provide understandable terms and conditions:
2.1	To eliminate ambiguity, inconsistencies, and confusion that is often litigated under standard boilerplate designs; and
2.2	Designed the policy so that the first-named insured can understand the scope and the limitations as to covered risks and which risks are non-transferred risk(s);
2.3	Including, but not limited to:
2.3.1	A detailed table of contents and glossary of defined words and phrases to aid in understanding the scope of the policy and navigating its extensive risk library;
2.3.2	Detailed declaration page(s) that disclose and make transparent which risks are covered risks and which risks are non-transferred risk(s);
2.3.3	Extensive use of a separately stated policy limit(s) or sublimit(s) and defined scope of coverage provisions;
3	We provide many coverages that normally entail purchasing multiple policies from multiple insurers;
4	We provide immediate electronic access and delivery of policy documents whose font size can be adjusted by the viewer and to make conspicuous policy coverages and restrictions; and
5	We have taken care to replace legalese with plain language to the extent possible.

Assignment of policy

Therefore, under the freedom to the parties' freedom to contract rights and regardless of any state or common law to the contrary:	
1	The first-named insured agrees on behalf of all covered person(s) and organization(s), lender(s), and indemnitee(s) that any assignment of this policy to another person or organization is strictly prohibited;
2	Including all privileges or obligations granted under this policy;
3	Without our prior written agreement;
4	Except for assignment upon:
4.1	A covered person's death; or
4.2	A covered organization's legally valid dissolution;
4.3	To the person legally vested with the right to administer the covered person's estate or covered organization's assignment.
CONCERNING CLAIMS ASSIGNMENT, PLEASE REFER TO IMPORTANT DISCLOSURES CONCERNING CLAIMS ASSIGNMENT OF CLAIM BENEFITS.	

Assignment of claim benefits

Therefore, under the freedom to the parties' freedom to contract rights and regardless of any state or common law to the contrary:	
1	The first-named insured agrees on behalf of all covered person(s) and organization(s), lender(s), and indemnitee(s) that any assignment of any financial interest in any covered claim without our prior written approval is strictly prohibited;
2	If such financial interest or full assignment is to any person(s) or organization(s) that is generally involving :
2.1	The funding of litigation against us ;
2.2	The consolidation of claims concerning class action litigation;
2.3	Providing professional services concerning claims adjustment, appraisal , litigation, or settlement; or
2.4	Providing reconstruction or repair services, including disaster cleanup and mitigation services.

Binding arbitration

1	The parties to this insurance policy agree to binding arbitration ;
2	To settle all disputes between the parties;
3	Even though such a procedure involves:
3.1	Limited discovery;
3.2	Inability to obtain preliminary relief; and
3.3	Without a judicial review or intervention right.

Warranties

The warranties set forth in this endorsement shall constitute conditions precedent to our obligation to accept liability, perform under, or be bound by this policy unless and until all applicable warranties are fully satisfied.	
--	--

Acceptance or return of policy

1	This policy was made available to your broker of record prior to binding for inspection and verification to avoid all material ambiguity concerning the first-named insured's expectations.
2	Even so, if the first-named insured's reasonable expectations are not fully satisfied in all respects upon further inspection after delivery:
2.1	This policy can be nullified back to the inception date and time;
2.2	By the first-named insured returning this policy with a written request to nullify the coverage as of the date of inception and a full refund within 30 days of the inception date and time.
3	Unless this policy is so nullified, the first-named insured ratifies on behalf of all covered person(s) and organization(s), lender(s), and indemnitee(s) that all expectations have been fully satisfied, the policy conforms in all material respects;
4	Including, but not limited to:
4.1	Compliance with coverage specifications and expectations;
4.2	Full understanding of the defined scope of coverages and claim reporting requirements;
4.3	Ability to fully navigate the policy forms and endorsements and that all coverages and restrictions are reasonably conspicuous;
4.4	Full acceptance of all duties and obligations imposed; and
4.5	Possesses all authorizations required to perform their duties and obligations required; and
5	An unconditional acceptance of the policy is made.

Utmost good faith

You agree:	
1	To deal with us in utmost good faith ;
2	To fulfill all your respective duties concerning this insurance;
3	Including, but not limited to, providing timely written notice and response to us as required; and
4	That we have relied on your full cooperation, truthful representations, and full disclosures to provide this insurance.

Additional endorsement conditions

1	The policy form to which it is attached is superseded to the extent the coverage, restrictions and conditions are expressly modified by this endorsement.
2	All other policy definitions, conditions, and restrictions shall apply unchanged.

Non-transferred risk(s)

This insurance does not apply to risks, in whole or in part, that are not transferred to us under the restricted terms and conditions of this insurance policy.		
1	For example, certain damage or liabilities, in whole or in part, are not transferable to us for many reasons, including, but not limited to:	
1.1	Such physical damage or liabilities is so frequent that the cost to cover the expected costs would exceed the first-named insured's costs to retain such physical damage(s) and covered liabilities.	
1.2	The potential for catastrophic and severe physical damage or liabilities renders them uninsurable by us .	
2	This non-transferability means that you remain financially exposed to a wide range of frequent and or severe damage or liabilities, including, but not limited to damage or liabilities:	
2.1	That falls within any applicable waiting period , deductible , or self-insured retention in this or another insurance policy or other contractual risk transfer agreement;	
2.2	That exceeds the limits of insurance afforded under this insurance policy;	
2.3	That first occurred before or after the policy period ; or	
2.4	That is generally involving one or more non-transferred risks .	
3	Therefore, you must bear the entire financial consequences of all such damage or liabilities;	
4	Even if such damage, loss, or liabilities are transferred, in whole or in part, under:	
4.1	Another insurance policy or policies; or	
4.2	To others under a contractual hold harmless agreement ; and	
4.3	Whether such other insurance or contractual indemnification is collectible or not.

5	Any uninstalled spare parts, components, or accessories of any watercraft;
6	One or more autonomous watercraft operation hazards .

Additional defined words and phrases: hazards

Act of God risks

Act of God hazards

The phrase act of God hazards means:	
1	A naturally occurring hazard or peril devoid of human instigation or cause; and
2	For which no person or organization can be held directly liable concerning causation;
3	Including, but not limited to:
3.1	A meteorological condition occurrence or accumulative effects of multiple meteorological occurrences ;
3.2	A geological or seismic occurrence or accumulative effects of multiple geological or seismic occurrences ;
3.3	An astronomical, galactic occurrence or accumulative effects of multiple astronomical or galactic occurrences ;
3.4	A hydrological occurrence or accumulative effects of multiple hydrological occurrences ; or
3.5	An ecological condition occurrence or accumulative effects of multiple ecological condition occurrences ;
3.6	Including, but not limited to the following ensuing hazards that would not have occurred but for an act of God hazard first occurring:
3.6.1	An urban, suburban, metro, or industrial conflagration occurrence or accumulative effects of multiple conflagration occurrences ;
3.6.2	Damaging air gust that is first set in motion by one or more act of God hazards other than atmospheric meteorological condition; or
3.6.3	Weather phenomena, including, but are not limited to, extreme abrupt or gradual temperature changes or firestorm .

Advertising risks

Advertising hazards

The phrase advertising hazards means:	
1	An activity undertaken by you or others at your request;
2	To describe and promote your product, service, or event;
3	To the public to stimulate sales or attendance;
4	Through any type of voice, written, or electronic ways and means;
5	Including, but not limited to:
5.1	Radio, television, movies, or videos;
5.2	Newspaper, flyers, signs, banners, books, magazines, or billboards; or
5.3	Internet, websites, blogs, podcasts, or social media .

Advisory council risks

Advisory council hazards

The phrase advisory council hazards means all legal damages that are generally involving :	
1	Your direct and vicarious liabilities as a participating member of any industry or association advisory council;
2	Including, but not limited to allegations concerning:
2.1	Your decisions or advice given;
2.2	Your disclosure of sensitive information or breaching of a nondisclosure agreement;
2.3	Your conflict of interest;
2.4	Your misrepresentation;
2.5	Willful misconduct or criminal acts;
2.6	Fraud, mismanagement of funds, or self-dealing;
2.7	Gross negligence or breach of fiduciary duty;
2.8	Your violation of the business judgment rule; or
2.9	Your personal actions that damage the reputation of the industry or association advisory council.

Amusement risks

Dangerous amusement hazards

The phrase dangerous amusement hazards means:	
1	Practicing and participation hazards ;
2	Sporting or spectator event hazards ;
3	A mechanical ride for a carnival, fair, or other amusement purposes;
4	A hydro flyer, water hoverboard, or water jet pack;
5	An inflatable bounce house or slide;
6	An exercise apparatus manufactured or otherwise modified by you or a guest .

Animal risks

Aggressive pet or service animal hazards

The phrase aggressive pet or service animal hazards means:	
1	Bodily injury that results from a pet or service animal biting, nipping, scratching, or clawing;
2	Regardless of:
2.1	Breed or breed mix of the pet or service animal ;
2.2	Size or weight of the pet or service animal ;
2.3	Aggressive behavior history of the pet or service animal ;
2.4	Other motivating factor(s) of the pet or service animal , including, but not limited to:
2.4.1	Fear aggression resulting from a defensive response when the pet or service animal feels threatened;
2.4.2	Territorial aggression resulting from the pet or service animal 's instinctual guarding of home, yard, or possessions;
2.4.3	Protective aggression resulting from the pet or service animal 's instinctual guarding of people or other animals;
2.4.4	Possessive aggression resulting from the pet or service animal 's instinctual guarding of food, toys, or other resources;
2.4.5	Social aggression resulting from the pet or service animal 's instinctual assertion of dominance over people or other dogs;
2.4.6	Pain-induced aggression resulting from the pet or service animal 's injury or illness; or
2.4.7	Redirected aggression resulting from the pet or service animal 's instinctual aggression aimed at a person or animal due to frustration with another stimulus.

Animal transmission hazards

The phrase animal transmission hazards means:	
1	Any disease, parasites, or toxins;
1.1	Transmitted from an animal asset to another animal asset ;
1.2	Transmitted from an animal asset to a human (other than a disease, parasite, or toxin transmitted to a human by an animal asset that meets the definition of food);
2	Including, but not limited to all diseases that are required to be reported under international, federal, state, or local laws:
3	Including, but not limited to:
3.1	Rabies;
3.2	Hoof and mouth disease;
3.3	Psittacosis, otherwise known as Avian chlamydiosis;
3.4	Bartonella henslae, otherwise known as Cat scrath disease;
3.5	Intestinal illnesses acquired from animals including:
3.5.1	E. coli;
3.5.2	Cryptosporidium parvum;
3.5.3	Campylobacter;
3.5.4	Salmonella;

(Continued on the next page)

Non-transferred risks		
3.6	Hookworms; or	
3.7	Avian influenza;	
4	Regardless of whether or not the transmitting animal is living.	

Dangerous animal hazards

The phrase dangerous animal hazards means:		
1	Property damage to:	
1.1	Personal asset (other than fixed asset) or fixed asset(s) ;	
1.2	Another animal asset ;	
1.3	That is generally involving any animal activities hazards ;	
2	The storage or use of a firearm or weapon asset while on, riding, operating, or using an animal asset ;	
3	Aggressive pet or service animal hazards ;	
4	Animal owner hazards ;	
5	Dangerous wild animal hazards ; or	
6	Prohibited pet hazards .	

Gradual animal damages

The phrase gradual animal damages means all gradual , continuous, intermittent, ensuing, or accumulating loss or damage resulting from an animal asset 's:		
1	Existence, activities, reproduction, occupation, invasion, continuous infestation;	
2	Bodily fluids or waste accumulation, nesting activities, chewing;	
3	Biting, kicking, trampling, stampeding, fighting, breeding; or	
4	Escape, boring, scratching, digging, burrowing, and eating.	

Artificial intelligence risks

Artificial intelligence

The phrase artificial intelligence means:		
1	The science or engineering of making intelligent machines, including, but not limited to, computer programs;	
2	That enables machines to simulate human learning, comprehension, problem solving, decision making, creativity, and autonomy;	
3	Including, but not limited to:	
3.1	Learning to autonomously make decisions and carry out actions on behalf of a human being;	
3.2	Amassing an intelligence equal to or beyond humans;	
3.3	Biometric and speech recognition, customer service, computer vision, recommendation engines, and automated stock trading;	
3.4	Engage in machine robotic learning and deep learning;	
4	Regardless of:	
4.1	Legality;	
4.2	An intelligence equal to or greater than humans;	
4.3	The ability to perform specific tasks; or	
4.4	The ability to solve problems, learn, and plan.	

Artificial intelligence hazards

The phrase artificial intelligence hazards means:		
1	All injury, loss, or damage generally involving the ownership, design, learning, training, configuring, programming, use, maintenance, interpretation, and use of outputs of artificial intelligence ;	
2	Including, but not limited to:	
2.1	Loss of secrecy, ambiguous interpretation, errors, and omissions, or lack of transparency in artificial intelligence systems, especially concerning complex training models that can be difficult to interpret;	
2.2	Illegally obtained or wrongfully incorporated intellectual property into the artificial intelligence system;	
2.3	Intentionally or unconsciously affecting or increasing societal biases generally involving biased training data or algorithmic design;	
2.4	Artificial intelligence systems accumulate and probe large amounts of personal data in violation of data privacy and security laws or company policies;	
2.5	Misappropriating or mishandling personal data;	
2.6	Errors and omissions in dispensing instructions or solutions;	
2.7	Priority bias that produces false impressions or miscommunicates data;	
2.8	Personal security breaches due to hacking using artificial intelligence systems to develop more advanced cyber-attack tools and strategies to evade security measures and manipulate weaknesses in systems;	
2.9	A small number of actors can then exert dominance that will constitute a monopoly;	
2.10	A small number of actors can control in critical management of personal and governmental processes;	
2.11	Harmful addiction and compulsions;	
2.12	The loss of human cognitive abilities and creativities as artificial intelligence supplants human creativity, thinking, problem-solving, and intuition;	
2.13	Social unrest and angst precipitated by work opportunity loss as machines replace human labor;	
2.14	Large organizations and governments equipped with artificial intelligence will accumulate wealth and power while smaller businesses struggle and individuals will fail to remain competitive and burden social economic safety nets;	
2.15	Violation of regulations and intellectual property rights, domestically and globally;	
2.16	The development of new armaments that spark conflict or terrorist acts;	
2.17	The weaponization of public opinion using the spread of false information or cancel culture methods;	
2.18	Computing power overload resulting in malfunction;	
2.19	Excessive consumption of computer hardware;	
2.20	Excessive electrical power resulting in power grid failure;	
3	Regardless of:	
3.1	Biometric or facial recognition technology;	
3.2	Autonomous vehicles use;	
3.3	Global position systems;	
3.4	Transparency or the lack thereof;	
3.5	Legality;	
3.6	Deliberate or accidental;	
3.7	Consciousness;	
3.8	Inadequate or improper supervision, testing, training, or initial and ongoing controls;	
3.9	Inability to shut down, prevent replication, or regain control over the systems;	
3.10	Unintended consequences, addictions, or harmful behaviors, whether foreseeable or not;	
3.11	Testing, validation, and monitoring processes adequacy;	
3.12	Potential catastrophic consequences probabilities;	
3.13	The use of advanced chatbots known as large language models;	
3.14	Artificial general intelligence that can improve itself with no human intervention;	
3.15	Any action or recommendation given, taken, or relied on as a result of artificial intelligence ;	
3.16	The ability to surpass human programmers by manipulating humans to:	
3.16.1	Do its will;	
3.16.2	Act in the virtual world through its electronic connections; and	
3.16.3	Act in the physical world through robot bodies.	

Assault or battery risks

Specific assault or battery hazards

The phrase specific assault or battery hazards means any allegation(s), investigation expense(s), fine(s), injury(ies), loss(es), or damage(s) generally involving one or more assault or battery hazards and:		
1	Any contractual liabilities assumed by you ;	

(Continued on the next page)

2	Any loss or claim generally involving your activities as an officer or director of any corporation , company, organization, or business other than a covered organization;
3	Any workers' compensation, unemployment compensation or disability benefits law, or under any similar law obligation for which we or you may be held liable;
4	Assault or battery by you of another covered person(s) and organization(s) including, but not limited to: 4.1 An executive director or officer; 4.2 A member or managing member; 4.3 A partner; 4.4 A shareholder; 4.5 An employee; 4.6 An indemnitee; 4.7 An owner; 4.8 Another covered person(s) and organization(s); 4.9 Your domestic partner, spouse, or family member(s); 4.10 Your employee's domestic partner, spouse, or family member(s); 4.11 An employee or subcontractor of any of the above including: 4.11.1 Their employee(s) or subcontractor(s); and 4.11.2 The employee's or subcontractor's domestic partner, spouse, or family member(s);
5	Bodily injury to you that is generally involving any assault or battery hazards ;
6	Your deliberate failure or refusal to: 6.1 Report an assault or battery to the police; 6.2 Provide adequate security; 6.3 Provide adequate warning;
7	Assault or battery hazards that are generally involving : 7.1 Prior assault or battery convictions or plea bargains; 7.2 Your prior knowledge of continual or intermittent assault or battery 7.3 Your prior knowledge of violent tendencies or conditions of a person(s) that are linked with an increased risk of violent behavior; 7.4 Your prior knowledge of a person(s)'s preparation or intent to commit an assault or battery;
8	Your deliberate negligence or refusal to act involving a high-risk individual generally involving their employment: 8.1 Retention; 8.2 Supervision; 8.3 Investigation; 8.4 Hiring; 8.5 Training;
9	Regardless of whether or not the following factors apply: 9.1 Intended target or motive; 9.2 Intoxication or drug use; 9.3 Kind, quality, or degree of injury; 9.4 Whether bodily injury was sustained or inflicted.

Assets and operations insurance pooling risks

Assets and operations insurance pooling hazards

The phrase assets and operations insurance pooling hazards means:	
1	Any written or verbal agreement or joint venture with another person or organization under which you enter into: 1.1 A profit-sharing arrangement; 1.2 A bulk purchasing arrangement; or 1.3 Any other risk or insurance sharing arrangement;
2	For an agreement or joint venture on the use and operation of a covered location ; or
3	Such agreement or joint venture is not expressly disclosed to us before the commencement of the policy period ; and
4	For sharing or pooling any covered risks under: 4.1 This or any other insurance policy; or 4.2 Another insured or self-insured risk pooling arrangement.

Attractive nuisance risks

Dangerous attractive nuisance hazards

The phrase dangerous attractive nuisance hazards means:	
1	Mobile machinery or a vehicle;
2	Playground equipment: 2.1 Not commercially manufactured; or 2.2 Not installed in compliance with the manufacturer's instructions; 2.3 Not at a covered location; 2.4 Not in good repair; or 2.5 Has been materially modified by you or a guest.

Biohazard risks

Biohazard

The word biohazard means:	
1	Biohazard risks hazards ; or
2	Special contamination hazards .

Biohazard risks hazards

The phrase biohazard risks hazards means:	
1	Acts of prevention, detection or discovery, testing, remediation, sanitation, disinfection or transmission;
2	That is generally involving harmful biological substances or microorganism(s);
3	Including, but not limited to: 3.1 Biological non-infectious bacteria; 3.2 Genetically modified organisms; 3.3 External or microscopic parasites; 3.4 Non-infectious prion(s); 3.5 Biological pollutant; or 3.6 Biological non-infectious viruses; or 3.7 The ensuing effects of their activities, infection, reproduction, invasion, transmission or spread, wastes, or toxins or allergens produced by them; 3.8 Their injurious and damaging existence; 3.9 The failure to control or contain a biohazard; 3.10 The failure to require social distancing; 3.11 The failure to wear or require the wearing of a mask or personal protective equipment; or 3.12 The use of a substance(s) deployed to neutralize them, prevent transmission, or counter their harmful effects;
4	Regardless of: 4.1 Actual, threatened, or a presence that is more likely than not; 4.2 Actual or presumed physical damage or loss; 4.3 Allegations of negligence that are separate and distinct from a criminal act(s); 4.4 Employment or worker status; 4.5 Degree of impact or geography of the biohazard(s) migration, percolation, escape, release, spill, or leak;

(Continued on the next page)

		Non-transferred risks
4.6	The biohazard (s)'s origination or its migrating, percolating, escaping, releasing, spilling, or leaking;	
4.7	First-party injury, loss, or damage;	
4.8	The form of the biohazard , including, but not limited to, a solid, liquid, gaseous, or mixture;	
4.9	Inability to access medical prevention, including, but not limited to, immunizations or vaccinations;	
4.10	Legality;	
4.11	Man-made, modified, or naturally occurring;	
4.12	Non-commercial or commercial sanitation or disinfecting services;	
4.13	Noncompliance or delayed compliance with governmental business restrictions;	
4.14	Occupational biohazards ;	
4.15	Physical form or mode of transmission or vector;	
4.16	The failure of any mitigation measures taken to prevent or respond to one or more biohazard (s);	
4.17	Third-party injury, loss, or damage; or	
4.18	Your professional errors or omissions, including, but not limited to, those person(s) or organization(s) for whom you are liable for their professional errors or omissions;	
4.19	Wrongdoing in supervising, hiring, employing, training, or monitoring others that may be infected with and spread the disease ;	
4.20	Negligence in testing;	
4.21	Failure to prevent the spread;	
4.22	Failure to report;	
4.23	Ensuing long-term effects of one or more biohazard (s), including but not limited to:	
4.23.1	Chronic, permanent, or temporary injury, sickness, or disease ; or	
4.23.2	Any ensuing measures, continuing testing and assessment, treatments, or procedures necessarily taken to mitigate or reduce the harmful effect or better endure the effects of a biohazard ;	
4.24	Exposure, injury, loss, or damage being:	
4.24.1	Abrupt or by accident ;	
4.24.2	Continuous or repeated;	
4.24.3	Discovered or identified;	
4.24.4	Expected or unexpected;	
4.24.5	Foreseeable or not;	
4.24.6	Harmful or perceived as harmful;	
4.24.7	Intended or unintentional; or	
4.24.8	Intermittent, gradual , or accumulated over time;	
4.25	Inability to access timely or effective prevention or intervention, including, but not limited to:	
4.25.1	Hospitalization, therapeutics, oxygen, or meeting other intensive care needs; or	
4.25.2	Prevention, detection or discovery, testing, remediation, sanitation, disinfecting or transmission services, tools, or supplies.	

Special contamination hazards

The phrase special contamination hazards means:	
1	An infection, adulteration, defect, corruption, and ensuing ruination and loss of use of a covered personal asset (other than fixed asset) or fixed asset(s) ;
2	That is generally involving human, animal, or plant disease , illness, infection, disorder, or ailment, including, but not limited to:
2.1	Non-infectious biological bacteria, fungi, prion, or virus;
2.2	All infected transmitting vectors or any other means of their transmission;
2.3	All ensuing mutations;
2.4	All genetic modifications;
2.5	The original and ensuing spills, leaks, seepage, migrations, escapes, releases, transmissions, infections, or percolations; or
2.6	Rendering the covered personal asset (other than fixed asset) or fixed asset(s) unusable, inaccessible, or unduly dangerous to use;
3	Regardless of:
3.1	Actual, threatened, or a presence that is more likely than not;
3.2	Being continuous, sporadic, intermittent, gradual , or abrupt .
3.3	Being detectable on a covered personal asset (other than fixed asset) or fixed asset(s) or not;
3.4	Being highly transmissible, infective, contagious, communicable, virulent, or not;
3.5	Being manmade, naturally occurring, or a combination of both;
3.6	Discovery;
3.7	Excessive accumulation;
3.8	Genetic modification, weaponization, or natural mutation, or a combination of both;
3.9	Incubation period;
3.10	Latency of injury in-fact;
3.11	Mitigation attempts and measures undertaken and their success or not;
3.12	Number of occurrences , sources, injuries, losses, or damages;
3.13	Probability of potential injuries, losses, or damages;
3.14	Surface contamination, including, but not limited to, bonding to covered personal asset (other than fixed asset) or fixed asset(s) 's surfaces, which transform the physical condition of the personal asset (other than fixed asset) or fixed asset(s) ; or
3.15	Tangible injury or physical alteration concurrently or sequentially occurring or not.

Biotechnology risks

Bioresearch and biotechnology specific hazards

The phrase bioresearch and biotechnology specific hazards means one or more of the following:	
1	Biotechnology creation, development, and commercialization hazards ;
2	Animal models and in vivo testing in small animals;
3	Clinical trials, including, but not limited to:
3.1	Preliminary toxicity profile and efficacy testing;
3.2	Preclinical toxicology;
3.3	Phase I clinical trials;
3.4	Phase II clinical trials;
3.5	Phase III clinical trials; or
3.6	In vitro testing;
4	Failure to maintain good manufacturing practices under regulatory standards;
5	Formulation and manufacturing scale-up, including, but not limited to generic biopharmaceuticals;
6	Compound screening;
7	Unmet medical needs;
8	Experimental use for severely debilitating and life-threatening illnesses;
9	Early access to unapproved drugs;
10	Biotech held as a product that is generally involving :
10.1	Strict product liability;
10.2	Defective condition;
10.3	Manufacturing defect;
10.4	Design defect; or
10.5	Failure to warn;
11	Expert testimony in biotechnology product liability;
12	Unlawful use, including, but not limited to, off-label use;
13	Unlawful health claims or representations;
14	Unlawful harmful residues;
15	Mislabeling or failure to warn;
16	Unlawful disposal or handling;
17	Field testing of genetically engineered organisms;

(Continued on the next page)

Non-transferred risks	
18	Premanufacture notice non-compliance;
19	An instrument, apparatus, implement, machine, contrivance, implant, in vitro reagent, or other similar or related article, including any component, part, or accessory (other than chemical interaction or by being metabolized);
20	Instruments of bioterrorism;
21	Nuisance claims that are generally involving one or more biotechnology hazards , including, but not limited to genetically engineered human consumables (commonly referred to as GMO);
22	U.S., international, private, or public bioresearch and biotechnology hazards:
23	Regardless of:
23.1	The national vaccine injury compensation program;
23.2	Drugs, vaccines, and other human therapeutics as unavoidably unsafe;
23.3	The existence of a high degree of risk of some harm;
23.4	The likelihood that the harm that results from it will be great;
23.5	The inability to eliminate the risk by the exercise of reasonable care;
23.6	The extent to which the activity is not a matter of common usage;
23.7	The inappropriateness of the activity to the place where it is carried on; and
23.8	The extent to which its value to the community is outweighed by its dangerous attributes.

Biotechnology creation, development, and commercialization hazards

The phrase biotechnology creation, development, and commercialization hazards means the following specific biotechnology innovation, expansion, and commercialization hazards:	
1	An enzyme that confers resistance to the herbicide Roundup (glyphosate);
2	Animal and crop production improvements;
3	Bio-identical substances;
4	Biopesticides, bioherbicides and bio-fungicides;
5	Catalysts for industrial processes and biosensors;
6	Creating natural polymers such as silk;
7	Developing tools and reagents for use by other biotechnology companies and university researchers;
8	Food, beverages, or cosmetics;
9	Genetically modified food, beverage, organisms, or substances;
10	Germ-line gene therapy;
11	Hazardous waste remediation using biosynthetic materials or engineered microorganisms to metabolize and detoxify;
12	Therapeutics, vaccines, and diagnostic methods and product, including, but not limited to:
13	Therapeutic serum, toxin, antitoxin, vaccine, blood, blood component, amniotic fluid , cord blood and plasma, fetal and placenta tissues, stem cells; or
14	Allergenic derivative product, or analogous product;
15	Methods for delivering therapeutic genetic material;
16	Pathogenic viral and wild-type virus vectors;
17	Producing replication-competent viruses or the adverse consequences of viral integration in the host;
18	Animal and human dietary supplements and food and beverage ingredients include, but are not limited to any vitamin, mineral, herb, botanical, dietary substance, concentrate, extract, constituent, or their ingredient(s); or
19	U.S., international, private, or public bioresearch and biotechnology hazards.

Biotechnology hazards

The phrase biotechnology hazards means the use of knowledge, processes, and methodologies concerning:	
1	Breeding, growing, processing, manufacturing, preserving, fortifying, modifying, experimentation, or enhancing a biological product at a molecular level of its biology, including their use as drugs, biologics, components, or ingredients;
2	Including, but not limited to:
2.1	Finding, identifying, sequencing, sorting, or using genes, in whole or in part;
2.2	Modifying, splicing, or replacement of DNA materials, in whole or in part;
2.3	Using recombinant DNA or genetic engineering, including, but not limited to a prokaryote, eukaryote, or virus cell(s);
2.4	Manipulating DNA or RNA replication or expression systems, or the code governing proportions;
2.5	Blocking or interfering with cellular binding, penetration, or communication processes;
2.6	Gene therapy, including but not limited to transgenic plant(s) or animal species;
2.7	Donor, embryonic or self-sourced stem cell techniques or product;
2.8	Genetic probe technology;
2.9	Immunology manipulation or monoclonal antibody technology;
2.10	Creating attenuated organisms or viruses or genetically engineered live organisms or viruses for vaccines or sub-unit vaccines;
2.11	Creating enzymes;
2.12	Creating a vector to carry genes;
2.13	Weaponizing organisms or viruses;
2.14	Cloning genes or gene deselection or neutralization; or
2.15	Genetic contamination, adulteration;
3	Including, but not limited to, one or more bioresearch and biotechnology specific hazards.

U.S., international, private, or public bioresearch and biotechnology hazards

The phrase U.S., international, private, or public bioresearch and biotechnology hazards means the following specific hazards:	
1	Intellectual property ownership, patent(s) and patentability disputes, sponsor(s) rights, transfers, licensing or sub-licensing, publication rights, or use infringement disputes;
2	Research agreement(s) or financing disputes;
3	Regulatory violations, processes, approvals, denials, investigations, fines, or injunct ions, including, but not limited to:
3.1	Federal fungicide, insecticide, and rodenticide act;
3.2	Food, drug, and cosmetics act;
3.3	Medical device amendments of 1976;
3.4	Dietary Supplement Health Education Awareness Act;
3.5	Plant Protection Act;
3.6	Public Health Service Act;
3.7	Safe Medical Device Act of 1990;
3.8	Toxic Substances Control Act;
3.9	Orphan Drug Act;
3.10	Virus, serum, toxin act; or
3.11	Any international pharmaceutical laws, regulations, conflicts, and harmonization disputes.

Blockchain technology risks

Blockchain

The word blockchain means:	
1	A distributed database or ledger technology for maintaining a secure and decentralized record of transactions;
2	That is shared among the nodes of a computer network ;
3	That stores information electronically in digital format;
4	That guarantees the fidelity and security of electronic data records;
5	To generate trust without the need for a trusted third-party validation;
6	That collects electronic data information together in groups known as blocks that hold sets of electronic data information;
7	To form a ledger for transactions of electronic data known as a blockchain ;
8	Whose electronic data structure inherently makes an irreversible timeline of electronic data when implemented in a decentralized nature;
9	With an exact timestamp when electronic data is added to the chain;
10	Where the electronic data is recorded and distributed but not edited;
11	Including, but not limited to:
11.1	Cryptocurrency ;

(Continued on the next page)

		Non-transferred risks
11.2	Legal contracts;	
11.3	State identifications; or	
11.4	A company's product inventory.	

Blockchain technology hazards

The phrase blockchain technology hazards means the theft, mysterious disappearance loss , decryption, corruption, physical damage , or security breach of recorded electronic data transactions transacted in a blockchain environment, including, but not limited to:	
1	The ownership, use, rental, leasing, borrowing, maintenance, servicing, storage, or operation of a blockchain system;
2	The computer hardware asset and media upon which blockchain electronic data transactions are recorded, transmitted, or stored;
3	Data mining and processing disruptions;
4	Specialized or standard crypto-wallet security hazards;
5	Malfunction of the blockchain platform;
6	The failure to prevent bad actors from validating bad transactions or double spending;
7	The failure of a consensus mechanism, such as proof of work or proof of stake, to prevent an agreement even when no single node is in charge;
8	The failure to maintain a distribution across synchronized and replicated blockchain databases;
9	The failure to prevent tampering with date stamps;
10	The failure of personal node's or blockchain explorer's security that allows anyone to see transactions occurring live or historical;
11	The failure of hash codes created by a mathematical function that turns digital information into a string of numbers and letters;
12	The failure to immutably record any number of data points, including, but not limited to:
12.1	Voting systems records;
12.2	Inventory tracking records;
12.3	Currencies records;
12.4	Healthcare records;
12.5	Property records;
12.6	Contract records;
12.7	Supply chain records;
12.8	Peer-to-peer transmissions or other methodology;
12.9	Temporary or permanent loss of access, use, or possession;
13	Regardless of:
13.1	Actual or fictitious presence;
13.2	One or more actual or alleged acts, misstatement, misleading statement, neglect or breach of duty, error or omission by you or person(s) or organization(s) for which you are liable, in whole or in part;
13.3	The characterization of cryptocurrency under the law as money or securities;
13.4	Care, custody, or control ;
13.5	Disclosed or nondisclosed information, configurations, or methodologies;
13.6	Cryptocurrency , being physical or virtual, suffers non- physical damage under the law;
13.7	Compensatory or noneconomic damages;
13.8	Fraudulent currency, money, or securities schemes;
13.9	Direct, entrustment, or vicarious liabilities;
13.10	Location, including worldwide;
13.11	Any governmental securities and insurance regulations, interpretation letters, bulletins, bans, or interventions;
13.12	A private, permissioned, or a public blockchain , or a combination of both;
13.13	You fail to discover and thwart attempts or actual alterations to the blockchain ;
13.14	Transferring value and information around the globe anonymously;
13.15	A computer hacker simultaneously controls and alters 51% or more of the copies of the blockchain ;
13.16	Electronic data transactions being stored linearly and chronologically or otherwise;
13.17	Timing of loss or damage, discovery, injury-in-fact, ongoing loss, or other factors resulting in a decline in value;
13.18	Valuation methodology or rapidly fluctuating values;
13.19	Accuracy issues;
13.20	Illegality;
13.21	Privacy;
13.22	Traceability;
13.23	Live access or stored transaction breach;
13.24	Central, decentralized, combination of both concerning electronic data transactions control or security;
13.25	Irreversibility;
13.26	Permanently recording;
13.27	Viewable to anyone;
13.28	Alterations, deletions, or destructions;
13.29	Redundancy;
13.30	Precision;
13.31	Transparency; or
13.32	Order of events or transactions.

Care services risks

Dangerous care services hazards

The phrase dangerous care services hazards means:	
1	The rendering of care services that total more than 360 hours per policy period ;
2	Regardless of whether care services are rendered in consecutive or intermittent amounts of time;
3	Corporal punishment;
4	Any healthcare or medication dispensing provided in the course of care services rendered;
5	Regardless of whether or not the following factors apply:
5.1	Legality; or
5.2	Permission from a guardian or parent.

Catastrophic global risks

Catastrophic global hazards

The phrase catastrophic global hazards means a catastrophic event that requires the coordinated national or global emergency response including, but not limited to the following:	
1	Advances in quantum computing or another tool making 2048 RSA or other standard electronic data encryption obsolete;
2	A global monetary system failure or disfunction;
3	A tsunami, super-volcanic eruption,
4	Global water and food shortage;
5	Hostile extraterrestrial life;
6	A widespread atmospheric or oceanic toxin;
7	Hostile artificial intelligence or robotics, or Uncontrolled biotechnology or nanotechnology;
8	Any gravitational disturbance;
9	A harmful electromagnetic field or force, sound wave, or other emissions from a natural or manmade source;
10	The ill-preparedness of public authorities to cope with a global cybersecurity event;
11	Loss of functionality of global satellite or internet communication systems;
12	Loss of functionality of a national or international electrical power grid;
13	Extended or frequent disruption from boom-and-bust global monetary and financial cycles;
14	A catastrophic space event, including, but not limited to:
14.1	A sun blockage, flare, or storm, gamma-ray burst, and impact with, or collision between or among, meteor(s), meteorite(s), comet(s), asteroid(s), planet(s), moon(s), or star(s); and

(Continued on the next page)

Non-transferred risks		
14.2	Including any ensuing lack of sunlight, explosion, fragments, radiation, gravitational disruption, weather phenomenon, wildfire hazards , and heat; or	
15	Ensuing or indirect injury, loss, or damage involving any erroneous, false, misleading predictive or forecasting models, including their algorithms, conclusions, and assumptions;	
16	Climate change hazards	
17	Catastrophic global hazards » ensuing secondary loss	
18	Including, but not limited to any ensuing injury, loss, or damage:	
18.1	Generally involving one or more catastrophic global hazards ;	
18.2	If such ensuing injury, loss, or damage would not have occurred, in whole or in part;	
18.3	But for catastrophic global hazards ;	
18.4	Including, but not limited to:	
18.4.1	Ensuing air gust hazards ;	
18.4.2	Ensuing extreme interior atmosphere hazards ;	
18.4.3	Ensuing fire hazards ;	
18.4.4	Ensuing smoke hazards ; or	
18.4.5	Ensuing wildfire hazards .	

Catastrophic global hazards » ensuing secondary loss

The phrase catastrophic global hazards » ensuing secondary loss means all secondary injuries, losses, or damages ensuing from catastrophic global risk, including, but not limited to:		
1	Cessation or reduction in tourism and global travel;	
2	Loss of border control and uncontrolled migration and refugee influx;	
3	Loss of government control, rioting, anarchy, insurrection, and lawlessness;	
4	Shortages of raw materials and natural resources affecting production capacity and cost;	
5	Warmer temperatures;	
6	Erratic precipitation patterns;	
7	Invasive species, including, but not limited to bark beetle infestations;	
9	Biodiversity loss caused or worsened by human activities;	
10	Fake news and loss of media independence;	
11	Vaccine skepticism or other refusals to take preventative or mitigation actions by the general population;	
12	Macro dislocations of populations;	
13	Economic slowdown due to lost productivity from illness, slower trade, or halting of corporate activities in affected regions;	
14	Regional or nation shutdowns such as border closures and quarantines;	
15	Health care equipment and personal protection equipment supply chain and manufacturing disruption, hoarding, price gouging, refusal to supply, and shortages;	
16	Governmental ill-preparedness or erroneous direction or suppression of data, or failure to warn, or acting in its self-interest at the expense of other nations globally; and	
17	Failure to rescue or otherwise protect vulnerable persons or organizations; or	
18	Climate change hazards .	

Censorship or bias risks

Censorship or bias hazards

The phrase censorship or bias hazards means all injury, loss, or damage that is generally involving :		
1	Your direct and vicarious liabilities for misconduct and related involvement or activities concerning your direct or indirect editing, cutting, restriction, suppression, or control involving public communication, support, or publishing;	
2	Including, but not limited to allegations concerning:	
2.1	Prejudice;	
2.2	Partiality;	
2.3	Unfairness, inconsistencies, arbitrary;	
2.4	Favoritism or filtering;	
2.5	Predisposition;	
2.6	Transparency;	
2.7	Coordination with government officials;	
2.8	Content moderation, viewpoint discrimination (e.g., selectively allowing certain messages while suppressing others);	
2.9	Coercion or boycott;	
2.10	Leaking of protected private or governmental information; or	
2.11	Inconsistent moderation decisions or application of censorship policy;	
2.12	Regardless as to whether or not such is accomplished through any media or means, including, but not limited to online platforms, social media, text messages, images, or other digital transmissions, or print, including, but not limited to third-party content.	

Chartered organizations management risks

Chartered organizations management hazards

The phrase chartered organizations management hazards means:		
1	Your participation as a member on any of the following city, state, county, or country chartered management boards, councils, associations, or commissions;	
2	Including, but not limited to:	
2.1	Residential or business condominium or homeowner's cooperative(s) or association(s);	
2.2	Wildlands, coastal, riparian, wetlands, and soil conservation and preservation associations;	
2.3	Fire protection association and districts;	
2.4	Grazing associations;	
2.5	Timber protection associations;	
2.6	Public utility associations;	
2.7	Civic associations;	
2.8	Religious institutions;	
2.9	Charitable organizations;	
2.10	Services organizations;	
2.11	Public charities;	
2.12	Social welfare;	
2.13	Non-governmental organization;	
2.14	Trade or professional associations; or	
2.15	Master associations that control other associations;	
3	Regardless of whether or not a charitable or for-profit organization.	

Collision risks

Dangerous collision hazards

The phrase dangerous collision hazards means:		
1	Aircraft asset colliding with another aircraft asset ;	
2	Automobile asset colliding with another automobile asset ;	
3	A train colliding with another train; or	
4	Dangerous watercraft asset(s) .	

Computer hacking risks

Adware

The word adware means the computer software, code, or script that displays advertising banners while a program is running that tracks a user's personal information and passes it on to third parties without the user's authorization or knowledge.

Botnet

The word botnet means many compromised computer systems used to create and send spam or an electronic virus or perpetrate a denial-of-service attack .

Brute force attack

The phrase brute force attack means an exhaustive password-cracking procedure that tries all possibilities, one by one.
--

Cache poisoning attack

The phrase cache poisoning attack means using malicious or misleading electronic data , computer software, or firmware from a remote server saved (cached) by another server.
--

Computer hacking hazards

The phrase computer hacking hazards means:	
1	The exploitation of electronic data , computer software asset , and firmware weakness, vulnerability; or
2	A failure of electronic data , computer software asset , and firmware protection and network security measures;
3	Including, but not limited to:
3.1	The Spectre and Meltdown vulnerability species; or
3.2	Unknown computer software asset or firmware program security errors or vulnerabilities;
3.3	Passive wiretapping, usually on a local area network, to gain knowledge of passwords;
3.4	A forged or hijacked digital certificate;
3.5	The exploitation of biometrics vulnerabilities;
3.6	Searching through electronic data residue in a computer system to gain unauthorized knowledge of electronic data (a.k.a. scavenging); or
3.7	Using one or more of the above.
4	That enables unauthorized access to, or interference with, use, transmission, theft , ransom, or storage of another's electronic data , computer software asset , and firmware , including, but not limited to:
4.1	A deliberate threat to breach, an attempt to breach, or an actual breach of electronic data , computer software asset , and firmware protection safeguards;
4.2	To gain unauthorized or unlawful access to electronic data , computer software asset , and firmware ;
4.3	Otherwise, steal, hold hostage, change, or destroy electronic data ; or
4.4	Accomplish a stolen identity or URL obfuscation.
5	Including, but not limited to through one or more of the following ways and means, or schemes:
5.1	Electronic attack hazards
5.2	Malicious code

Cryptology key

The phrase cryptology key means a security code or biometric measure to gain authorization to access electronic data , computer software asset , firmware , computer hardware asset , or networks, including, but not limited to:	
1	A birth date;
2	A personal identification number (PIN);
3	A Social Security number;
4	A security question answers;
5	A randomly generated token;
6	Artificial intelligence facial recognition and confirmation;
7	A retina scan;
8	A fingerprint scan; or
9	Any combination of the above credentials.

Data encryption attack

The phrase data encryption attack means unlawfully obtaining access to protected electronic data , computer software asset , or firmware by:	
1	Finding a weakness or flaw in the actual data encryption cipher or firewall , also known as cryptanalysis; or
2	Irreversible transformation of plain text to cipher text such that the plain text cannot be recovered from the ciphertext by other than exhaustive procedures even if the cryptographic key is known; or
3	A brute force attack ; or
4	Involving the implementation of the data encryption cipher to gain access through an error in system design or execution or firewall , also known as a side-channel attack.

Denial-of-service attack

The phrase denial-of-service attack means the use of malicious code :	
1	To cause a failure in the security of electronic data , computer software asset , or firmware or network;
2	By providing more input, such as a large volume of data requests;
3	Than it can properly process;
4	To prevent legitimate users' access to protected electronic data , computer software asset , or firmware devices, or other network resources, and
5	Specifically includes:
5.1	Botnet ;
5.2	Smurf attack;
5.3	Syn flood ; or
5.4	Tiny fragment attack.

Dictionary attack

The phrase dictionary attack means a method of breaking into a password-protected computer or server by systematically entering every word in a dictionary as a password.
--

Domain hijacking attack

The phrase domain hijacking attack means an attack in which a hacker takes over your computer and network domain by first blocking your access to your domain's DNS computer server and then putting the hacker's computer server up in its place.

Electronic attack hazards

The phrase electronic attack hazards means:	
1	Brute force attack
2	Cache poisoning attack
3	Data encryption attack
4	Denial-of-service attack
5	Dictionary attack
6	Domain hijacking attack
7	Fork bomb attack
8	Fragment overlap attack
9	Hybrid attack
10	Man-in-the-middle attack
11	Pharming attack
12	Phishing attack

(Continued on the next page)

Non-transferred risks	
13	Ping attack
14	Skimming attack
15	Social engineering attack
16	Spoofing attack
17	Trojan horse attack

Electronic virus

The phrase electronic virus means a hidden, self-replicating section of computer script, malicious code , or computer software that propagates by inserting a copy of itself into and becoming part of another host computer software program, which is often transmitted and through infected email attachments.

Electronic worm

The phrase electronic worm means "write once, read many times" which means a type of electronic data infection:
1 That can run independently and propagate a complete working version of itself onto other computer hardware or hosts on a network; and
2 That may consume computer resources destructively by scanning the network for other computer hardware with a specific security vulnerability; and
3 Exploiting the weakness to copy itself to the new computer hardware;
4 At which time the electronic worm starts replicating.

Fake antivirus program

The phrase fake antivirus program means computer software appears like legitimate anti-virus software but instead is infected with malicious code .

Fork bomb attack

The phrase fork bomb attack means an attack on computer processing resources by using the fork call to create a new process that is a copy of the original, which, when done repeatedly, can consume all available electronic data process capacity on the computer hardware.

Fragment overlap attack

The phrase fragment overlap attack means:
1 The use of a malicious code , script, electronic data , computer software, or firmware ; or
2 To overwrite port numbers using the IP packets;
3 Which are broken down into fragments for more efficient transport across various media;
4 With the TCP packet (and its header) being carried in the IP packet; and
5 The second fragment contains the attack code.

Hybrid attack

The phrase hybrid attack means a password-cracking attack that builds on other password-cracking attacks by adding numerals and symbols to dictionary words.

Logic bomb

The phrase logic bomb means a program or snippet of code that executes when a certain predefined event occurs on a certain date or when a specified set of circumstances occurs.

Malicious code

The phrase malicious code means any access by harmful scripted programming code or system instructions corrupting any part of electronic data , computer software asset , or firmware :
1 That otherwise disrupts or damages electronic data , computer software asset , firmware , computer hardware asset , or networks, and the resident protected electronic data ;
2 When executed, directly or by an attachment, the monitoring software replicates itself by modifying other computer code; and
3 Inserting its code and begins spreading from the infected electronic data , computer software asset , firmware , computer hardware asset , or networks via computer system network connections and email to another's electronic data , computer software asset , firmware , computer hardware asset , or networks over the internet and connected intranet;
4 Including, but not limited to:
4.1 Adware
4.2 Electronic virus
4.3 Electronic worm
4.4 Fake antivirus program
4.5 Logic bomb
4.6 Ransomware
4.7 Spyware

Man-in-the-middle attack

The phrase man-in-the-middle attack means gaining unauthorized access to protected electronic data , computer software asset , or firmware and control over electronic data , computer software asset , or firmware devices through a scheme involving:
1 Accessing an unsecured or poorly secured Wi-Fi router to intercept and read the victim's transmitted protected electronic data , computer software asset , and firmware ; and
2 Inserting malicious code between the victim's computer and websites the user visits to capture cryptology keys .
3 And specifically includes:
3.1 Spoofing an IP address;
3.2 Domain name server spoofing;
3.3 Secure website "HTTPS" spoofing;
3.4 Using secure sockets layer hijacking;
3.5 Email hijacking;
3.6 Wi-Fi eavesdropping; and
3.7 Stolen browser cookies.

Pharming attack

The phrase pharming attack means:
1 Redirecting a user from a real website to a spoofed (bogus) website when they enter what they believe to be a valid web address; and
2 Then stealing the user's personal information;
3 By mimicking real transactions; and
4 Harvesting private information shared by the user unknowingly;
5 Which enables the attacker to access the real website and conduct transactions;
6 Using the stolen identity of the valid user.

Phishing attack

The phrase phishing attack means soliciting private information from a customer or member of a business, bank, or other organization:
1 In an attempt to fool them or actually fool them into divulging confidential personal and financial information;
2 Such as usernames, passwords, account information, and credit card numbers;
3 Usually by an official-looking message in an email or a pop-up advertisement;
4 That urges them to act immediately, usually by clicking on a link provided.

Ping attack

The phrase ping attack means an attacker sending:
1 An improperly large ICMP echo request packet (a "ping") with the intent of overflowing the input buffers of the destination electronic data , computer software asset , or firmware and causing it to crash; or
2 ICMP echo requests ("pings") to a range of IP addresses, intending to find hosts that can be probed for vulnerabilities.

Ransomware

The word ransomware means using malicious code (malware) in an extortion scheme that works by encrypting your hard drive to deny you access to key files and forcing another person or organization to pay a ransom to decrypt the files regain access to your electronic data .
--

Skimming attack

The phrase skimming attack means the unlawful capture of credit card information from a cardholder using an electronic device called a skimmer that can be installed at a gas pump or ATM to collect bank or access card data.

Social engineering attack

The phrase social engineering attack means deploying nontechnical or low-technology ways and means, such as lies, impersonation, tricks, bribes, blackmail, and threats, to gain information with which to attempt a breach of your electronic data , computer software, and firmware security measures.

Spoofing attack

The phrase spoofing attack means a technique used by hackers as a means of gaining access to a computer system by masquerading so that the hacker's fraudulent IP address is used instead of the user's intended true IP address.
--

Spyware

The word spyware means the computer software, code, or script that is packaged with other computer software that you download voluntarily (and that may remain even if you remove the downloaded computer software later):
1 That uses an internet connection to send personally identifiable information about a user to a collecting device on the internet;
2 Including, but not limited to:
2.1 SolarWinds; and
2.2 Data and keystroke logger code;
2.3 Webcam or listening device activation code.

Stolen identity

The phrase stolen identity means the unauthorized use of personal identification credentials or a cryptographic key or biometric that results in any one or more of the following:
1 Theft from a financial account;
2 Damage to personal credit information or credit rating scores; or
3 The incurring of debt obligations.

Trojan horse attack

The phrase trojan horse attack means a computer software program or script that appears to be beneficial or innocuous but that has a hidden and potentially malicious function:
1 That evades security mechanisms to remotely control and create "zombie computers" to use robot networks of thousands of zombie computer hardware devices;
2 To carry out attacks on other people and cover up the perpetrator's tracks to avoid criminal activity tracing by authorities.

Computer programming risks

Computer programming

The phrase computer programming means:
1 Designing the software and selecting programming language and tools to be used in the design and construction of electronic data , computer software, or firmware ;
2 Including, but not limited to:
2.1 Translating the design into a programming language;
2.2 Using syntax and logic to create functions, loops, conditionals, and data structures;
2.3 Running the program to check for errors (bugs);
2.4 Fixing issues to ensure the program behaves as expected;
2.5 Improving performance and providing security and protection safeguards;
2.6 Adding new features;
2.7 Ensuring compatibility with other systems or technologies;
2.8 Writing clear explanations of how the code works; and
2.9 Training others understand and use the program.

Computer programming hazards

The phrase computer programming hazards means:,
1 All causes of loss;
2 Including any sequential or concurrent contributory cause to loss or damage;
3 Generally involving any computer programming ;
4 Including, but not limited to:
4.1 Electronic data encryption failure ;
4.2 Bias concerning quantum computing or artificial intelligence use in electronic data , computer software asset , or firmware .

Electronic data encryption failure

The phrase electronic data encryption failure means:
1 The failure of the process of converting electronic data into a secure format;
2 That results in a loss, damage or malfunction of the electronic data ;
3 Including, but not limited to act, error or omission:
3.1 Misconfigured encryption algorithms or keys;
3.2 Outdated or weak encryption standards;
3.3 Lost, corrupted, or improperly stored encryption keys;
3.4 Unauthorized access to encryption keys;
3.5 Errors (bugs) in the encryption/decryption code;
3.6 Compatibility issues between systems;
3.7 Disk or memory corruption affecting encrypted data;
3.8 Faulty hardware security modules (HSMs);
3.9 Incorrect password or passphrase entry; or
3.10 Improper handling of encrypted files.

Construction risks

Dangerous construction hazards

The phrase dangerous construction hazards means:
1 All risk of injury, loss, or damage due to construction, dismantling, demolition, and renovation operations;
2 Specifically including, but not limited to:
2.1 An accident involving covered lawful construction or renovation physical operations;
2.2 Construction collapse or structural injury hazards ;
2.3 Construction explosives hazards ;
2.4 Construction material recall hazard ;
2.5 Construction warranty hazard ;
2.6 Dangerous construction machinery hazards ;
2.7 Dangerous construction material hazards ;
2.8 Faulty construction work hazards ;
2.9 General contracting or sub-contracting construction hazards ;

Non-transferred risks		
2.10	Multi-story	construction hazards;
2.11	Road construction work hazard;	or
2.12	Your construction work product.	

Dangerous construction machinery hazards

The phrase dangerous construction machinery hazards means your operation and use of machinery for:		
1	Lifting, placing, or conveying persons, signs, equipment, materials; or	
2	Tunneling, excavating, grading, or other earth-movement operations;	
3	Including, but not limited to:	
3.1	The operation of a manlift , crane, or dragline.	
3.2	The collapse or upset of a manlift , crane, or dragline.	

Dangerous construction material hazards

The phrase dangerous construction material hazards means all injuries, losses, or damages that involve in any way:		
1	Defective drywall, plasterboard, sheetrock, wallboard, green board, blue board, gypsum board, or any gypsum-containing material that releases or has the potential to discharge a harmful pollutant ; and	
2	Any other construction component material or material used in construction that releases or has the potential to discharge a harmful pollutant ; and	
3	Specifically includes, but is not limited to:	
3.1	Pollutant construction material	
3.2	Defective construction material	
3.3	Contaminated construction material	

Contract risks

Dangerous contract hazards

The phrase dangerous contract hazards means:		
1	Any contractual liabilities involving any contracts executed after the date the act, occurrence , circumstance, or event that created the contractual liabilities, including, but not limited to:	
1.1	Dwelling asset elevator maintenance agreement;	
1.2	Premises lease;	
1.3	Real estate easement;	
1.4	License agreement;	
1.5	A railroad sidetrack agreement; or	
2	Any contractual liabilities resulting from:	
2.1	Any warranty or guarantee generally involving the timeliness or quality of your work;	
2.2	Your obligation to indemnify, defend, or contribute jointly or severally with any third party to any celebrity ;	
2.3	Your failure to protect confidential information under a written nondisclosure agreement;	
2.4	The loss, delay, lapse, cancellation, or nonrenewal of any contract , including any constructive change or reduction that results in an economic or other loss obligation;	
2.5	Easement restrictions, such as antiquity, environmental, access, or any other restraint;	
2.6	Suspension, lapse, or cancellation of any license, lease, agreement, or contract ;	
2.7	Your assumption of liability under an indemnity provision in a contract required by government ordinance for your work;	
2.8	Contractual liquidated damages, penalties, or fines, including, but not limited to any franchise agreement; or	
3	Contract-related event hazards ; or	
4	A contract that was not legally executed and delivered.	

Coverage forfeiture risks

Abandonment hazards

The phrase abandonment hazards means:		
1	In the event of unoccupancy or vacancy, your failure to provide reasonable inspection, maintenance, and security of the covered location and covered personal asset (other than fixed asset) or fixed asset(s) including, but not limited to:	
1.1	Repossession or other surrender of the covered location or covered personal asset (other than fixed asset) or fixed asset(s) to the lender regardless of foreclosure, delinquent payments, or any default in which the lender has the right to control the covered location or covered personal asset (other than fixed asset) or fixed asset(s) ;	
1.2	Utilities being shut off whether voluntarily or lack of payment;	
1.3	Loss of licensure or a certificate of occupancy; or	
1.4	An order of condemnation or other judicial order or injunction ;	
2	Your failure to restore and maintain any fixed asset , or premises due to any reason whatsoever, including, but not limited to:	
2.1	Act of God hazards	
2.2	Adverse possession under property law abandonment hazards	
2.3	Condemnation and eminent domain hazards	
2.4	Constructive abandonment due to governmental action hazards	
2.5	Governmental declared emergency abandonment hazards	
2.6	Loss of easement abandonment hazards	
2.7	Loss of occupancy permit abandonment hazards	
2.8	Nuisance under property law abandonment hazards	
2.9	Voluntary abandonment hazards	
3	Regardless of:	
3.1	Inhouse or outside legal counsel involvement;	
3.2	Discovery, court proceedings, mitigation, or settlement conferences;	
3.3	The process of bankruptcy, foreclosure, default, or repossession, including any ensuing civil litigation.	

Adverse possession under property law abandonment hazards

The phrase adverse possession under property law abandonment hazards means a legal doctrine that allows a person to claim a property right in land owned by another, including, but not limited to:		
1	Continuous use of a private road or driveway or agricultural development of an unused parcel of land; and	
2	A person meets the statutory requirements for adverse possession, he or she generally may initiate a quiet title action and formally establish their title to the property;	
3	Provided such action meets statutory requirements, including, but not limited to:	
3.1	That the occupation must be open and notorious, exclusive, hostile, and continuous and uninterrupted for a prescribed period of time;	
3.2	With or without property tax payment; recorded title claim; a conveyance, court decree, or other assurance of title;	
3.3	Made under claim and color of title made in good faith;	
3.4	Entry onto the property;	
3.5	Size of property;	
3.6	Claims the property under a duly registered deed;	
3.7	Peaceable and adverse possession by someone else who cultivates, uses, or enjoys the property;	
3.8	Possessory action is brought within the specified time period; or	
3.9	If the property is sold for back taxes or other auction to recover a lien.	

Against public policy hazards

The phrase against public policy hazards means every injury, loss, or damage that is not insurable, notwithstanding any provision to the contrary in this policy, due to the finding by the court having jurisdiction that such insurance:		
1	Poses a threat to society in general; and	
2	Violates public policy; and	
3	Therefore, the court having jurisdiction rules the policy or coverage are unenforceable.	

(Continued on the next page)

Breach of underwriting warranty hazards

The phrase breach of underwriting warranty hazards means:	
1	A promissory statement made by covered persons or organizations;
2	Including:
2.1	Their representatives, indemnitees , or assigns; and
2.2	Your broker of record on behalf of the first-named insured in applying for or renewing this insurance policy or applicable coverage;
2.3	That is set forth on the policy declaration pages and incorporated in the policy;
3	Which are discovered to be untrue or unfulfilled by the first-named insured as promised;
4	That we specifically relied upon to qualify for acceptance for initial or renewal coverage; and
5	Our knowledge of such falsehood or noncompliance would have led our underwriters to reject the risk in compliance with our applicable underwriting guidelines, including, but not limited to reinsurance exclusions and prohibitions.

Breach of your duty of utmost good faith hazards

The phrase breach of your duty of utmost good faith hazards means your complete honesty and fidelity to your duty and obligation to observe reasonable standards of honest dealing and not do or attempt to do an act to defraud us or to seek unfair advantage under the policy.	
---	--

Cessation of coverage hazards

The phrase cessation of coverage hazards means a covered person(s) and organization(s) , or indemnatee shall cease to be a covered person(s) and organization(s) , or indemnatee under this insurance for any occurrence that first occurs after the 10th day following their legal separation from the first-named insured :	
1	Each additional covered person(s) and automatically covered person(s) shall cease to be covered under this insurance for any liability occurrence that first occurs after:
1.1	The date of entry of a judgment of divorce as respects a spouse ; or
1.2	The date of dissolution of domestic partner status;
1.3	The date of termination of their employment, service contract , or appointment in any capacity.
2	Each additional covered organization(s) and automatically covered organization(s) and the applicable persons shall cease to be covered under this insurance for any liability occurrence that first occurs after the date of termination of their employment, service contract , or appointment in any capacity.

Condemnation and eminent domain hazards

	2.3 Unless the earth movement hazards :
	2.3.1 Occurred independently of the first or concurrent occurrence of one or more of the specific occurrence(s) above; and
2.3.2	The occurrence did not cause or contribute to the cause of the earth movement hazards .

Electronic data risks

Cloud storage

The phrase cloud storage means:	
1	A computer hardware asset computing model that stores data on the internet through a cloud computing provider who manages and operates electronic data storage as a service; and
2	The electronic data storage is delivered on demand with just-in-time capacity and costs, and eliminates buying and managing your own electronic data storage infrastructure;
3	That provides storage dexterity, global scale, and resilience, with anytime, anywhere electronic data access.

Computer network

The phrase computer network means:	
1	A series of connected computer hardware asset devices (such as laptops, desktops, servers, smartphones, and tablets) and an ever-expanding array of IoT devices (such as cameras, door locks, doorbells, refrigerators, audio/visual systems, thermostats, and various sensors) that communicate, exchange data, and share resources with each other;
2	Including, but not limited to, a computer hardware asset connected formations:
	2.1 That connects computers within a limited area;
	2.2 That is based on an individual's workspace;
	2.3 That connects computers within a home environment;
	2.4 That covers a larger geographical area;

Non-transferred risks		
2.5	That covers a government agency, university, corporation , or similar organization and is typically a network across a set of dwelling assets that are close together;	
2.6	That covers a region the size of a metropolitan area;	
2.7	Used by a company to connect its various sites so that the different locations can share resources;	
2.8	That connect different computer networks together to build a larger computer network ;	
2.9	That connects different pieces and provides a path for information to be exchanged; and	
2.10	That connects networks all over the globe, such as the internet.	

Computer software as a service

The phrase computer software as a service means:		
1	A computer software asset licensing model in which access to the computer software asset is provided on a subscription basis, with the software being located on external computer hardware asset servers;	
2	That is accessed through an internet-enabled web browser; and	
3	Users logging into the system using cryptology keys ;	
4	Including desktop as a service and electronic data file sharing;	
5	Including, but not limited to email, and business applications.	

Computer software maintenance hazards

The phrase computer software maintenance hazards means one or more of the following:		
1	Computer software asset and firmware update bugs, errors, and failure or delay in adoption, undeliverability, and malfunction;	
2	Due to a manufacturer's upgrades or updates; or	
3	Your changes to the original uploaded computer software asset and firmware ;	
4	Including any subsequent custom configuration(s).	

Desktop as a service

The phrase desktop as a service means:		
1	Using virtual desktop infrastructure and computer software asset technology that separates the desktop environment and associated computer software asset and firmware from the physical client computer hardware asset that is used to access it;	
2	That delivers complete virtual desktop environments to users via the internet using cryptology keys ;	
3	Including operating systems, applications, email, business applications, files, and user preferences;	
4	That use virtual machines hosted on compute, storage and network infrastructure managed by your independent contractor service providers.	

Direct attached storage

The phrase direct attached storage means a digital storage system directly attached to a computer hardware asset server or workstation, without a network hub, switch, or router connection in between, including, but not limited to internal or external devices disk arrays.

Electronic data hazards

The phrase electronic data hazards means any physical damage that is generally involving any electronic data , including, but not limited to the following hazards:		
1	Computer software maintenance hazards	
2	Electronic data restoration expenses hazards	
3	Frontier technology hazards	
4	Human mistake hazard	
5	Maintenance and safety hazards	
6	Manufacturer's defect and warranty hazards	
7	Ransom expense hazards	
8	Special electronic damage hazards	
9	Third-party vendor hazards	
10	Your unprotected electronic data hazards	

Electronic data in your care, custody, or control

The phrase electronic data in your care, custody, or control means electronic data :		
1	That is not protected by a secure passcode or password; or	
2	For which you have failed or refused to implement and maintain electronic data protection ; and	
3	Including, but not limited to:	
3.1	Electronic data that you do not own;	
3.2	That you input for others as a condition of use of a third-party computer hardware asset , computer software asset , firmware , or electronic data ;	
3.3	If such electronic data is not copied by you or otherwise retained on your computer hardware asset , computer software asset , firmware , or electronic data .	

Electronic data restoration expenses hazards

The phrase electronic data restoration expenses hazards means all dwelling occupancy disruption directly ensuing from one or more of the following:		
1	The cost to extricate, save, salvage, rebuild, repair, reenter, reload, or replace covered electronic data from covered physical damage to computer hardware media that resulted in:	
1.1	Inaccessible electronic data ;	
1.2	Corrupted electronic data ; or	
1.3	Deleted or destroyed electronic data ;	
2	The cost of purchasing replacement licenses for computer software asset , firmware , or electronic data is because your backup copy protection system and your backup access control computer software asset , firmware , or electronic data was damaged or destroyed;	
3	The costs of copying electronic data from backup media or originals of a previous generation copy.	

Frontier technology hazards

The phrase frontier technology hazards means:		
1	The intended or unintended negative consequences of technological advances;	
2	Harming individuals, businesses, ecosystems, or economies; and	
3	Follow-on repercussions;	
4	Including, but not limited to:	
4.1	The legal erosion of the digital sovereignty of individuals, including, but not limited to, biological data and DNA sequencing;	
4.2	The concentration of personal data in the hands of a small number of private-sector companies and the government that enable privacy breaches at a much larger scale;	
4.3	The creation of public data trusts for research purposes by government act or authority;	
4.4	The use of open-data policies from both public- and private-sector sources;	
4.5	Cross-border data-sharing;	
4.6	The blurring of personal and industrial data in the roll-out of the internet of things and metaverse;	
4.7	Conflicting or inconsistent taxonomy, data standards, and legal definition of personal and sensitive information;	
4.8	Disposal and destruction of personal data technologies;	
4.9	Surveillance technologies, including, but not limited to:	
4.9.1	Cameras;	
4.9.2	Keystroke monitoring;	
4.9.3	Productivity software; and	
4.9.4	Audio recordings;	
4.9.5	Use of spyware to track location and time;	
4.9.6	Intelligent infrastructure and smart cities – using a passive, pervasive and persistent form of networked observation;	
4.10	Metaverse, including, but not limited to, the collection and tracking of facial expressions, gait, vital signs, brainwave patterns, and vocal inflections;	
4.11	Sale, commercialization, and sharing of personal data, when aggregated with other data points, known as the mosaic effect, which enables re-identification and attribute capture and disclosure to:	
4.11.1	To re-identify individuals from anonymized data;	

(Continued on the next page)

	4.11.2	Uncover the political preferences of streaming users;
	4.11.3	Match DNA from publicly-available research databases to randomly selected individuals and link medical billing records from an open data set to individual patients; and
	4.11.4	Among many applications and use;
4.12		Biometric identification technologies;
4.13		Automated artificial intelligence -based tools including, but not limited to:
	4.13.1	ChatGPT or any other chatbots or similarly operating software or code;
	4.13.2	Political or discriminatory bias in the algorithms;
	4.13.3	Regardless of their legality;
4.14		Artificial intelligence , including, but not limited to:
	4.14.1	Artificial intelligence malfunction or miscalculation;
	4.14.2	Hostile artificial intelligence or robotics;
4.15		Biotechnology, including, but not limited to:
	4.15.1	Harmful biotechnology or nanotechnology;
	4.15.2	Human and animal brain-computer interfaces;
4.16		Geo-engineering;
4.17		Quantum computing:
	4.17.1	Controlling or failing to control the metaverse;
	4.17.2	Advances in quantum computing or another tool making 2048 RSA or other standard electronic data encryption obsolete or otherwise create a malfunction.
4.18		The sophisticated analysis of larger data sets resulting in the illegal or misuse of personal information:
	4.18.1	Through legitimate legal mechanisms;
	4.18.2	Weakening individual digital sovereignty; and
	4.18.3	The right to privacy;
	4.18.4	Regardless of occurring under well-regulated protections;
4.19		The growing vulnerability of nuclear-armed states to emerging technologies, emerging from new weapons and multi-domain conflicts driven by technology;
4.20		Individuals targeted and monitored by the public and private sector without adequate anonymity or consent;
4.21		Sensitive personal information obtained without due process or transparency;
4.22		Electronic surveillance of private communications and location data;
4.23		Personal data that is aggregated and sold on the open market without regulatory restrictions;
4.24		Law enforcement agencies purchasing GPS location data without warrants or public disclosure;
4.25		Banishment of foreign-owned companies from certain markets to limit the collection and possession of sensitive data by non-allied states, including:
	4.25.1	Telecommunications;
	4.25.2	Surveillance equipment; and
	4.25.3	Mobile telephonic and internet applications.

Human mistake hazard

The phrase human mistake hazard means a human mistake, fault, blunder, erasure, reformatting, or configuration error or omission, by you or your contracted computer services provider for whom you are legally responsible, including, but not limited to:	
1	An accidental, unintentional, or negligent act, mistake, error, or omission directly resulting in the erroneous entry or modification of your electronic data ; and
2	A deficit in design, configuration, installation, testing, maintenance, modification, or repair of the electronic data , computer software or firmware or resident storage media device upon which the covered electronic data is stored and used; and
3	A component mismatch mistake made during the repair of electronic data , computer software or firmware , or the resident storage media device upon which the covered electronic data is stored and used.

Maintenance and safety hazards

The phrase maintenance and safety hazards means damage to, interference with, or theft , corruption, or disruption of, computer hardware asset , computer software asset , firmware , or electronic data :	
1	Including computer hardware asset , computer software asset , firmware , or electronic data in your care, custody, or control ;
2	Including, but not limited to:
	2.1 Electronic data encryption protection, including, but not limited to your failure to use and maintain point-to-point encryption (p2pe), or tokenization security of payment data in your care, custody, or control ;
	2.2 Firewall configuration;
	2.3 Internet communication or connectivity;
	2.4 A blockchain or cryptology keys protection;
	2.5 Quantum computing and qubits, or artificial intelligence ;
	2.6 Another person's identity theft protection safeguards;
	2.7 Anti-virus software;
	2.8 If required by a contract or under the law.
	2.9 Your failure to prevent harmful computer code (a virus) or malware being downloaded via the internet, electronic data , computer software asset , or firmware installation, upgrades, or other means;
	2.10 Your failure to prevent overheating due to lack of ventilation;
	2.11 Your failure to prevent excessive static electricity buildup or lack of adequate grounding;
	2.12 Your failure to prevent material spills on the resident storage media device upon which the covered electronic data , computer software asset , or firmware is stored or any connected peripherals;
	2.13 Your failure to prevent rust, corrosion, erosion, chemical reaction, contamination, or other deterioration caused by dampness or dryness of the atmosphere or temperature changes; and
	2.14 The usual and expected degradation of computer hardware asset , computer software asset , firmware , or electronic data from normal use and obsolescence over time.

Manufacturer's defect and warranty hazards

The phrase manufacturer's defect and warranty hazards means an error, mistake, or flaw in electronic data , computer software, or firmware present at the time of delivery to you by the original component manufacturer or assembly company and specifically includes:	
1	A design defect, including, but not limited to, one covered under:
	1.1 Any warranty issued by the manufacturer or final assembly company; and

13	Providing a dedicated hosting service;
14	Hosting a virtual private server;
15	Providing colocation facilities;
16	Providing gaming servers or gaming hosting;
17	Providing hosted electronic data backup services and storage, electronic data disaster recovery, and network intrusion services; or
18	Wiki hosting.

Internet hazards

The phrase internet hazards means the cut-off, shutdown, or slowdown of essential internet:	
1	Uploading, downloading, or storage of electronic data , computer hardware, firmware , or computer software;
2	Email, voice over IP, podcasts, video conferencing;
3	Electronic data , computer hardware, firmware , or computer software publishing or transmitting services;
4	Any ensuing liabilities that result in your contracted internet services provider: 4.1 Reducing, throttling, or terminating your internet service and connection; or 4.2 Access to critical cloud-based electronic data, computer hardware, firmware, or computer software infrastructure; and 4.3 Any connectivity to critical cloud-based computer hardware, firmware, and computer software infrastructure; and
5	Any of the following hazards: 5.1 Loss of digital signage capability; 5.2 Wi-Fi connectivity; 5.3 Loss of analytics data; 5.4 Point of sale disruption; 5.5 Data overload; 5.6 Loss of bandwidth; and 5.7 Loss of intranet or internet connectivity or breach of security or compromise of other security keys or protection measures; 5.8 Physical loss of infrastructure or any ability to transmit or receive electronic data; 5.9 Loss or reduction of uploading or downloading your electronic data due to loss or reduction of bandwidth; 5.10 Loss or reduction of your digital signage capability due to intranet or internet connectivity; 5.11 Providing electronic data backups, electronic data disaster recovery, and network intrusion detection that improve data reliability and reduce the risk of security breaches that compromise sensitive financial and operational electronic data; and 5.12 Loss or reduction of your Wi-Fi or intranet connectivity.

Internet service provider faulty design or installation

The phrase internet service provider faulty design or installation means:	
1	A deficit in design, configuration, installation, testing, maintenance, modification, or repair of the computer hardware, computer software, firmware , or electronic data or resident storage media device upon which the covered electronic data is stored and used; and
2	A component mismatch mistake made during the repair of: 2.1 Computer hardware asset, computer software asset, firmware, or electronic data; or 2.2 The resident storage media device upon which the covered electronic data is stored and used.

Internet service provider hazards

The phrase internet service provider hazards means any computer hardware asset , computer software asset , firmware , or electronic data failure, error, or omission by the independent contractor providing your computer or internet services:	
1	Whom you are legally responsible; or
2	Whom you provide your direction or advice; and
3	That includes, but is not limited to: 3.1 Internet bandwidth, communication, or connectivity; 3.2 Internet service provider faulty design or installation; 3.3 Internet service provider mistake, error, or omission.

Internet service provider mistake, error, or omission

The phrase internet service provider mistake, error, or omission means:	
1	An accidental, unintentional, or negligent act, mistake, error, or omission directly resulting in the erroneous entry or modification of computer hardware asset , computer software asset , firmware , or electronic data .
2	An act, failure to act, error, or omission that occurs while installing, configuring, testing, updating, replacing, or otherwise maintaining security measures for: 2.1 The security and safekeeping of computer hardware asset, computer software asset, firmware, or electronic data on, or connected to, your computer hardware; or 2.2 Any cloud-based protected computer hardware asset, computer software asset, firmware, or electronic data storage; and 2.3 The process of creating and constructing an executable computer program, instruction, or configuration for another person or organization using computer software asset, firmware, or electronic data to accomplish a specific computing result or perform a specific computer system function.

Privacy policy

The phrase privacy policy means your policies regarding data cookies, collecting and storing confidential information, including personally identifiable information, in written or electronic form, that govern your:	
1	Collection;
2	Dissemination;
3	Confidentiality;

Maintenance neglect risks

Maintenance neglect hazards

The phrase maintenance neglect hazards means:	
1	Your improper maintenance, negligence, failure to maintain , or use of a covered personal asset (other than fixed asset) or fixed asset(s) :
1.1	By you or by an independent contractor that you hire;
1.2	To perform maintenance, renovation, or repairs;
2	Your failure to use all practical means:
2.1	To save and keep the covered personal asset (other than fixed asset) or fixed asset(s) from further covered damage;
2.2	After a covered damage occurrence ; or
2.3	Any accidental , negligent, or intentional failure;
2.4	To turn on, turn off, or lock-out electricity, fuel, controls, valves, switchgear, fire suppression equipment, alarms, dependent internet access, or other machinery controls;
2.5	By you or by an independent contractor that you hire;
3	Any misalignment, miscalibration, tripping off-line, or condition that can be corrected by resetting, tightening, adjusting, cleaning, or performing maintenance;
4	Dampness or condensation due to your or your independent contractor's failure to maintain adequate ventilation; or
5	Decay, corrosion, insect damage, or animal damage to:
5.1	A fixed asset ; or
5.2	Any part of a fixed asset ;
5.3	Hidden from view;
5.4	If you had prior knowledge of such damage.
6	All damage that can be remediated, fixed, or otherwise remedied, or prevented with a thorough cleaning and sterilization;
7	Ensuing loss or damage involving sewage issues, mold , moss, corrosion or rust, rot, dry rot, moisture, mildew, or any other damage;
8	Your or your independent contractor's failure to fully:
8.1	Perform or have performed routine maintenance and cleaning;
8.2	Comply with our loss control recommendation; or
8.3	Comply with a specification, instruction, warning, or recommendation of the manufacturer or builder.

Mechanical breakdown risks

Mechanical breakdown hazards

The phrase mechanical breakdown hazards means:	
1	The abrupt physical breaking of moving machine-driven parts of covered specific machinery and equipment ; and
2	The ensuing malfunction of the machine;
3	That results in an abrupt break, crack, burst, split, seizure, or rupture of moving machine-driven parts;
4	That directly resulting from:
4.1	Centrifugal force of moving machine parts;
4.2	An abrupt loss of lubricants;
4.3	An abrupt loss of coolants, cooling, or ventilation;
4.4	An abrupt mechanical or stiction failure of an electromechanical or microelectromechanical:
4.4.1	Breaker;
4.4.2	Capacitor, including, but not limited to an electrolytic capacitor;
4.4.3	Computer media hard drive mechanical failure of read-write mechanism;
4.4.4	Contactors;
4.4.5	Meter;
4.4.6	Potentiometers and trimmers;
4.4.7	Relay;
4.4.8	Resistor, including, but not limited to a voltage-dependent resistor; or
4.4.9	Switch.
4.5	Abrupt ensuing physical damage directly resulting from wear and tear damage, including, but not limited to:
4.5.1	Abrupt breaking away of particles or pieces of moving machine-driven parts migrating within and blocking machine-driven parts movement(s);
4.5.2	Material fatigue and fractures;
4.5.3	A change of functionality directly resulting from dielectric charging and directly resulting in parameter failure(s); or
4.5.4	The effects of thermal expansion.

Spoilage mechanical physical damage

The phrase spoilage mechanical physical damage means:	
1	The direct ensuing physical damage to a covered personal asset (other than fixed asset) ;
2	That is directly resulting from an abrupt loss of mechanical function required for refrigeration, humidity, or other controlled atmospheric storage conditions.

Stiction failure

The phrase stiction failure means the inability to overcome static friction or other adhesion start-and-stop to enable motion or stopping of a machine part(s).	
--	--

Thermal expansion hazards

The phrase thermal expansion hazards means:	
1	The tendency of matter to change its shape, area, volume, and density in response to a change in temperature;
2	Including, but not limited to thermal cycling resulting in fatigue cracking.

Mental trauma due to witnessing bodily injury risks

Mental trauma due to witnessing bodily injury hazards

The phrase mental trauma due to witnessing bodily injury hazards means:	
1	Emotional or mental harm to a person generally involving that person witnessing, experiencing, or having knowledge of the physical harm of another person that does not result in mental trauma induced bodily injury hazards ;
2	If recognized under the law of the applicable jurisdiction, the following ensuing harm to the person who has suffered direct physical harm:
2.1	Loss of society;
2.2	Loss of consortium hazards ; and
2.3	Loss of services.

Mysterious disappearance loss risks

Mysterious disappearance loss

The phrase mysterious disappearance loss means:	
1	The unexplained loss of a covered personal asset (other than fixed asset) or fixed asset(s) ;
2	A missing covered personal asset (other than fixed asset) or fixed asset(s) ;
3	When there is no physical evidence of theft by forced entry or unlawful access;
4	Including, but not limited to:
4.1	Pilferage and shoplifting theft if no perpetrator is arrested;
4.2	Vanished covered personal asset (other than fixed asset) or fixed asset(s) discovered:
4.2.1	When taking inventory (also referred to as inventory shortage); or
4.2.2	Doing a profit-and-loss calculation.

Non-physical damage risks

Non-physical damage dwelling occupancy disruption

The phrase non-physical damage dwelling occupancy disruption means:	
1	The temporary or permanent cessation or temporary reduction in your covered dwelling occupancy disruption ;
2	That does not directly result from covered physical damage to any covered personal asset (other than fixed asset) or fixed asset(s) ;
3	Including, but not limited to, actual or suspected exposure to one or more:
3.1	Pollutant(s) ;
3.2	Biohazard(s) ;
3.3	Pervasive humidity, odor, fumes, vapor, or smoke;
3.4	Regardless of:
3.4.1	Circumstantial evidence or malfunction;
3.4.2	Unless concurrent evidence of visible destruction, harm, injury, change, or alteration to a physical covered personal asset (other than fixed asset) or fixed asset(s) ;
3.4.3	Evidence that actual or suspected exposure was present on covered location(s) at the time of a temporary or permanent cessation or a temporary reduction in your dwelling occupancy disruption ;
3.4.4	Availability of testing capabilities to confirm actual exposure on covered location(s) at the time of a temporary or permanent cessation or a temporary reduction in your dwelling occupancy disruption ;
4	Photosensitive seizure hazards ;
5	Regardless of:
5.1	How a lawsuit is pleaded;
5.2	Loss or damage;
5.3	Having material existence;
5.4	Being perceptible or detectible to the human senses;
5.5	Being imperceptible or undetectable to the human senses;
5.6	Being subject to the laws of nature;
5.7	Governmental mandates;
5.8	Intervention of other persons or conditions;
5.9	Occupancy prohibition, habitability, or usability;
5.10	The presence of inhospitable or unsafe conditions;

(Continued on the next page)

Non-transferred risks		
5.11	The ensuing loss of use or not, including, but not limited to, losing possession or any degree of deprivation;	
5.12	Voluntary cessation of your dwelling occupancy disruption to prevent or mitigate dwelling occupancy disruption ; or	
5.13	Being active on inert physical surfaces that attached to and deprived the first-named insured of their dwelling asset , making it unsafe and unusable.	

Non-physical damage hazards

The phrase non-physical damage hazards means:		
1	All loss or damage to covered personal asset (other than fixed asset) or fixed asset(s) ;	
2	Including any ensuing non-physical damage dwelling occupancy disruption , if any;	
3	That does not directly result from covered physical damage ;	
4	Unless the claimed intangible damage is expressly and wholly covered elsewhere in this policy;	
5	Including, but not limited to, all claim(s) generally involving the contact, exposure or contamination of a covered personal asset (other than fixed asset) or fixed asset(s) and ensuing adherence of:	
5.1	Non-physical pollutant hazards ;	
5.2	Any organic bacteria, virus, parasite, or chemical; or	
5.3	Any inorganic chemical or substance;	
5.4	To the surfaces of the covered personal asset (other than fixed asset) or fixed asset(s) that allegedly or transforms the surface into a fomite;	
5.5	Due to:	
5.5.1	The detrimental effects on the covered asset(s)'s surfaces or components; and	
5.5.2	All ensuing dwelling occupancy disruption , if any;	
5.5.3	Including, but not limited to, redressing necessary on-going physical alterations, such as cleaning, sterilizing, installing barriers and devices, and redesigning physical spaces;	
5.5.4	That allegedly or altered and impaired the:	
5.5.4.1	Functioning of a tangible covered personal asset (other than fixed asset) or fixed asset(s) for its intended purpose; or	
5.5.4.2	The material dimensions of the covered personal asset (other than fixed asset) or fixed asset(s) .	

Nuclear and radiation risks

Nuclear and radiation ensuing injury, loss, or damage

The phrase nuclear and radiation ensuing injury, loss, or damage means:		
1	All injury, loss, or damage that is generally involving one or more nuclear and radiation hazards ;	
2	Including, but not limited to ensuing:	
2.1	Ruination of society and loss of law enforcement and disruption of populations;	
2.2	Environmental ruination and disruption;	
2.3	Explosion, radiation contamination, shock waves, seismic activity , fire , wildfire hazards , explosion;	
2.4	All manner of human, animal, vegetation or other biological suffering;	
2.5	Damaging air gust that is first set in motion by one or more nuclear and radiation hazards ; or	
2.6	Weather phenomena, including, but are not limited to, extreme abrupt or gradual temperature changes.	
2.7	All governmental acts, errors or omissions that occur before, during, and after one or more nuclear and radiation hazards .	

Nuclear and radiation hazards

The phrase nuclear and radiation hazards means any of the following:		
1	Any atomic hazard;	
2	Nuclear detonation, fission, or fusion, whatever the cause, including any ensuing effects;	
3	Any injury, loss, or damage proximately caused or ensuing from any nuclear event or radiation exposure of any kind or nature;	
4	Physical damage and ensuing dwelling occupancy disruption and consequential loss arising out of such physical damage due to:	
4.1	A nuclear reactor power plant , including all auxiliary property on the site;	
4.2	Any other nuclear reactor installation, including a laboratory handling radioactive materials in connection with reactor installations and a critical facility as such;	
4.3	An installation for fabricating complete fuel elements, for processing substantial quantities of special nuclear material, or for reprocessing, salvaging, chemically separating, storing, or disposing of spent nuclear fuel or waste materials; or	
4.4	Any installation, other than those listed above, using substantial quantities of radioactive isotopes or other material of nuclear fission;	
5	Loss or liability accruing to you as a member of, or subscriber to, any association of insurers or reinsurers formed to cover nuclear energy risks or to be a direct or indirect reinsurer of any such member, subscriber, or association.	
6	Injury, loss, damage, or expense of whatever nature caused directly or indirectly by any of the following, regardless of any other cause or event contributing concurrently or in any other sequence to the loss:	
6.1	Nuclear reaction or radiation or radioactive contamination, whatever the cause; or	
6.2	An operation employing the process of nuclear fission or fusion or handling radioactive material, including, but not limited to:	
6.3	The use of nuclear reactors such as atomic piles, particle accelerators, and generators;	
6.4	The use, handling, or transportation of radioactive materials; and	
6.5	The use, handling, or transportation of any weapon of war or explosive device employing nuclear fission or fusion.	
7	Radioactive fallout;	
8	Any radioactive contamination or fallout, which includes:	
8.1	Any material emitting radioactivity; and	
8.2	Any ensuing radioactive hazard, impurity, or exposure, regardless of its generating source(s) or origin(s); and	
8.3	Involving any cause.	
9	Any known or unknown nuclear energy-related hazard and risk of any kind;	
10	Any source or special nuclear material;	
11	A nuclear by-product;	
12	Nuclear spent fuel;	
13	Nuclear waste;	
14	Nuclear ore; and	
15	Any other material contaminated by any of these;	
16	Any other concurrent or intervening cause of loss thereby set in motion;	
17	Any other concurrent or intervening injury, loss, or damage thereby first set in motion or proximately caused thereby;	
18	Nuclear fission, fusion, and explosion;	
19	Radioactive contamination, waste, spent fuel, radioactive components, and property of any kind;	
20	Radioactive material of any kind and any form of radioactive material contamination, regardless of its cause or origin, whether caused by, resulting from, or contributed to by another cause of loss or event, including, but not limited to:	
20.1	Electromagnetic radiation and radon gas, regardless of whether its source is lawful or unlawful;	
20.2	Radon ;	
20.3	Including all ensuing death, injury, sickness, loss, or damage; and	
21	Nuclear and radiation ensuing injury, loss, or damage	
22	Including, but not limited to any ensuing injury, loss, or damage:	
22.1	Generally involving one or more nuclear and radiation hazards ;	
22.2	If such ensuing injury, loss, or damage would not have occurred, in whole or in part;	
22.3	But for nuclear and radiation hazards ;	
22.4	Including, but not limited to:	
22.4.1	Ensuing air gust hazards ;	
22.4.2	Ensuing extreme interior atmosphere hazards ;	
22.4.3	Ensuing fire hazards ;	
22.4.4	Ensuing smoke hazards ; or	
22.4.5	Ensuing wildfire hazards .	

Ocean or tidewater risks

Ocean or tidewater hazards

The phrase ocean or tidewater hazards means:	
1	The rise and fall of the sea level, tides, percolation of saltwater, or movement of sand;
2	Your contracts, decisions, or actions generally involving the specific maritime zone and:
2.1	Some physical damage to the specific maritime zone , including, but not limited to:
2.1.1	Accretion, erosion, avulsion, liquefaction, reliction, hardening;
2.1.2	Beach nourishment project errors and omissions; or
2.1.3	Setbacks, rights of way, easements, or modification of shore or water channel that interferes with another's dependency on the water level, tides, or water action;
2.1.4	Interfering with tribal cultural heritage, rights, and treaties;
2.1.5	Interfering with governmental testing, NOAA research, or military property or operations;
2.1.6	Interfering with public and private nautical wharf, pier, dock , jetty, or waterway access or navigability;
2.1.7	Pollutant ;
2.1.8	Dumping or incineration of any substance or material from a sea vessel(s);
2.1.9	Climate change hazards ;
2.1.10	Vehicle traffic and exhaust;
2.1.11	Human use, waste, and smoking; or
2.1.12	Abandoned shipwrecks;
2.2	Adverse possession;
2.3	Your failure to warn or breach of warranty ;
2.4	Your failure to rescue;
2.5	Governmental takings, seizure, or eminent domain;
2.6	Nuisance due to odor, shadow, or other cause;
2.7	A sunken ship, salvage, or treasure exploration;
2.8	Submarine cables and pipelines;
2.9	Piracy, drug interdiction, human trafficking, or smuggling;
2.10	Oil and gas exploration and extraction equipment and operations, including, but not limited to, transboundary hydrocarbon reservoirs, deep water platforms, drills, pipelines, pumps, and associated oil tankers, tugs, aircraft, ports, wharf , docks, and piers, and the commissioning and decommissioning any such locations or operations;
2.11	Tidal or wave energy, electrical co-generation equipment (hydrokinetic), or operations and associated port(s), wharf, dock(s), and pier(s) .
2.12	Ocean or tidewater mining equipment, operations, and associated ports, wharves, docks, and piers.
2.13	Ocean or tidewater environmental restoration or pollutant clean-up equipment or operations.
2.14	Professional errors and omissions generally involving ocean and land resource assessment;
2.15	The public trust, industrial or other development of the waterfront, or planning and zoning concerning waterfront, coastal lands, and waters;
3	Violations of any U.S. or international law or moratoria generally involving the specific maritime zone , including, but not limited to:
3.1	Animal Welfare Act;
3.2	Americans with Disabilities Act;
3.3	Navigating the sea or its tidewaters;
3.4	Harassing, harvesting, or processing wildlife and fisheries;
3.5	Wildlife and fisheries conservation and endangered species;
3.6	Wildlife and fisheries breeding, nursery, or migration protection measures;
3.7	Ocean cargo shipping and transport of goods, and environmental protections, including, but not limited to, ocean noise regulations, embargoes, and trade sanctions; or
3.8	U.S Coast Guard regulations and rules;
4	Any ensuing injury, loss, or damage:
4.1	Generally involving one or more ocean or tidewater hazards ;
4.2	If such ensuing injury, loss, or damage would not have occurred, in whole or in part;
4.3	But for ocean or tidewater hazards ;
4.4	Regardless of whether the ensuing injury, loss, or damage:
4.4.1	Was first set in motion by; or
4.4.2	Occurred in any sequence in a chain of causation, accident(s), or occurrence(s) with;
4.4.3	Ocean or tidewater hazards .

Specific maritime zone

The phrase specific maritime zone means:	
1	The oceans, including the 12-mile territorial sea, 24-mile contiguous zone, and 200-mile zone; and
2	Their coastal waters, estuaries, inlets, bays, sounds, bars, river mouths;
3	Their keys (quays), islands, peninsulas, shorelines, beaches, dunes, tidewaters, jetties, sea walls, water channels, levies, or other flood control structures, and swamps, wetlands, and riparian lands within the tidal zone; and
4	Their seabed, reefs, sandbars, and continental shelf, submerged land and its subsoils; and
5	Any marine sanctuary.

Parent or guardian risks

Parent or guardian hazards

The phrase parent or guardian hazards means all injury, loss, or damage that is generally involving :	
1	Your direct and vicarious liabilities for misconduct and related involvement or activities concerning your actions as a parent or guardian of children;
2	Including, but not limited to allegations concerning:
2.1	Any form of physical, emotional, or financial abuse of children, including, but not limited to:
2.1.1	Physical abuse, including, but not limited to intentional bodily harm or placing a child at risk of harm, including, but not limited to Munchausen syndrome by proxy;
2.1.2	Emotional abuse, including, but not limited to verbal threats, humiliation, or exposure to domestic violence;
2.1.3	Sexual abuse, including, but not limited to any sexual conduct involving a child, including grooming;
2.1.4	Neglect, including, but not limited to failure to provide food, shelter, medical care, supervision, or education;
2.2	Interference with the right to parent, educate, or make medical decisions concerning children;
2.3	Failure to report child abuse or neglect within a certain amount of time;
2.4	Violation of protective orders;
2.5	Wrongful removal of a child from a home;
2.6	Obstructing child protective services investigations and false reporting;
2.7	A violation of a child's right to privacy, including, but not limited to online privacy and data collection;
2.8	Any parental liability or protection of children in the context of sexual orientation and gender identity;
2.9	A parent's refusal to support or affirm a child's gender identity or sexual orientation;
2.10	Violation of child protection laws for failing to support or affirm a child's gender identity or sexual orientation;
2.11	Emancipation litigation involving parent or guardian and child;
2.12	Contribution to increased risks of depression, self-harm, and suicide among LGBTQ+ children;
2.13	Assisting children with "social transitioning," including using names or pronouns that differ from the student's assigned sex at birth;
2.14	Instruction on sexual orientation or gender identity;
2.15	The giving or withholding of parental consent required for participation in any authorized student club or mental health service;
2.16	The banning of classroom lessons and activities related to gender identity and sexual orientation from pre-K through 12th grade;
2.17	The limitation of a teachers' ability to acknowledge LGBTQ+ individuals or historical events;
2.18	Allowing parents to opt out of public education; and
2.19	The use of taxpayer funds for vouchers for private schooling;
2.20	The appointment of a guardian ad litem to represent your child's best interests;
2.21	Parental responsibilities, including, but not limited to:

(Continued on the next page)

Non-transferred risks		
2.21.1	Duty of care, control, protection, and reasonable discipline;	
2.21.2	Duty to provide financial support, including, but not limited to food, shelter, clothing, medical care, and education; or	
2.21.3	Duty to manage the child’s estate.	

Personal asset sales risks

Dangerous personal asset sales hazards

The phrase dangerous personal asset sales hazards means any product that you manufacture, assemble, or process and sell generally involving the following:		
1	Aircraft asset;	
2	Animal asset;	
3	Automobile asset;	
4	Watercraft asset;	
5	Firearm or weapon asset;	
6	Recreational motor vehicle asset;	
7	Human mobility asset;	
8	Golf cart asset;	
9	Fixed asset; or	
10	Beer and wine home-brewing asset.	

Personal work risks

Dangerous personal work hazards

The phrase dangerous personal work hazards means:		
1	One or more of the following personal activities in which you provide services for others in a neighborly exchange or trade without monetary compensation:	
1.1	Baking, catering, or meal prep services;	
1.2	Cooking classes, virtual or local;	
1.3	Digital and tech-based services;	
1.3.1	Graphic design services;	
1.3.2	Web development services;	
1.3.3	Blogging or vlogging services;	
1.3.4	Online courses or coaching services;	
1.3.5	Media and digital content creation services;	
1.3.6	Stock photos services;	
1.3.7	YouTube channel services;	
1.3.8	Podcasting services;	
1.3.9	Social media management services;	
1.4	Gardening or landscaping services;	
1.5	Health or wellness advising services;	
1.5.1	Herbal products; or	
1.5.2	Yoga or fitness instruction;	
1.6	Machinery, mechanical, or automotive repair services;	
1.7	Pet grooming or training services;	
1.8	Photography services; or	
1.9	Woodworking services;	
1.10	Any work that you perform generally involving the following:	
1.10.1	Aircraft asset;	
1.10.2	Animal asset;	
1.10.3	Automobile asset;	
1.10.4	Firearm or weapon asset;	
1.10.5	Fixed asset;	
1.10.6	Golf cart asset;	
1.10.7	Human mobility asset;	
1.10.8	Recreational motor vehicle asset;	
1.10.9	Watercraft asset; or	
1.10.10	Beer and wine home-brewing hazards;	
1.11	Service on any management board as an officer, partner, manager, member, director, shareholder, consultant, advisor, or broker.	

Photosensitive seizure risks

Photosensitive seizure hazards

The phrase photosensitive seizure hazards means the actual or alleged inducement of a seizure(s) when exposed to certain visual images that produce:		
1	Rapid flashes or alternating patterns of different lights, patterns, or colors;	
2	Brightness with high contrast with background lighting;	
3	High frequency of the flash;	
4	Allow a short distance between the viewer and the light source; or	
5	Harmful wavelength of the light;	
6	That affects some people, including those who have no history of seizures or epilepsy; and	
7	That may be linked with generalized epilepsies, including, but not limited to, those with focal epilepsies; or	
8	That may have an undiagnosed condition that can cause photosensitive seizures;	
9	That are usually triggered by some sort of visual stimulation, including, but not limited to:	
9.1	Video and arcade games, slot machines, television screens, or computer monitors due to the flicker or rolling images;	
9.2	Certain video games or television broadcasts;	
9.3	Intense strobe lights like visual fire alarms;	
9.4	Certain visual patterns, especially stripes of contrasting colors;	
9.5	Flashing lights of emergency vehicles;	
10	Regardless of:	
10.1	The use of any computer hardware asset or computer software asset ;	
10.2	Exposure to a hypersensitive person(s);	
10.3	The amount of exposure; or	
10.4	Time a person(s) is exposed to the harmful condition(s).	

Political activities risks

Political activities hazards

The phrase political activities hazards means all injury, loss, or damage that is generally involving :		
1	Your direct and vicarious liabilities for misconduct and related involvement or activities concerning international, federal, state or local politics;	
2	Including, but not limited to allegations concerning:	
2.1	Financial support and fund raising, including direct or indirect (e.g., through affiliated parties) political contributions to candidates or political parties;	
2.2	Misuse of funds or unlawful money transactions;	
2.3	Public backlash or consumer boycotts;	
2.4	Shareholder disputes over alignment with corporate values;	
2.5	Increased scrutiny from regulators, media, and watchdog groups;	
2.6	Improper or faulty disclosures and filings; or	
2.7	Censorship or bias.	

(Continued on the next page)

Pollutant risks

Acid rain hazard

The phrase acid rain hazard means:	
1	Any weather precipitation or condensation rendered acidic by an atmospheric pollutant ; and
2	Includes any combination of sulfur and nitrogen oxides or other chemicals combined with atmospheric water or humidity to form damaging acids.

Asbestos or silica hazards

The phrase asbestos or silica hazards means asbestos, asbestos fibers, asbestiform talc, and all other fibrous silicate minerals with long, thin, and separable fibers, including, but not limited to:	
1	Any material or substance containing asbestos, asbestos fibers, or asbestiform talc, crocidolite, amosite, anthophyllite, tremolite, actinolite, chrysotile, or silica;
2	Any of the above in any form, including serpentine or amphibole forms, fibers, or dust, particulate matter, inspirable dust, or respirable dust; and
3	Any quantity; and
4	Concerning any human contact with or exposure to asbestos or silica:
4.1	That increased the risk of lung cancer, mesothelioma, and nonmalignant lung and pleural disorders;
4.2	Including asbestosis, pleural plaques, pleural thickening, and pleural effusions; and
4.3	Any other known or unknown disorder, illness, or harmful condition involving asbestos or silica.

Batteries and electrical hazards

The phrase batteries and electrical hazards means a pollutant regulated by federal and state environmental laws and contained in or a component part of:	
1	Electrical generators, solar panels, computer hardware, wires, and wire insulation and coatings, power poles, insulators, capacitors, circuit breakers, reclosers, voltage regulators, switches, electromagnets, cables, or other switchgear and any coolants or lubricants; and
2	Batteries, transformers, their chemical acids or caustic bases, and any coolants or lubricants;
3	Including, but not limited to polychlorinated biphenyls ("PCBs"), including arochlor 1242, 1254, 1221, 1232, 1248, 1260, and 1016.

Biosolid hazards

The phrase biosolid hazards means:	
1	Any harmful or excessive solids, slime solids, or liquid slurry residue generated during the treatment of wastewater;
2	Including, but not limited to:
2.1	Biosolids reused as fertilizer;
2.2	Any scum or solids removed during primary, secondary, or advanced treatment processes;
2.3	Sewage sludge; or
2.4	Wastewater solids.

Carbon monoxide poisoning hazards

The phrase carbon monoxide poisoning hazards means:	
1	The inhalation of carbon monoxide gas;
2	By exposure to or contact with indoor air contaminated by carbon monoxide;
3	Regardless of:
3.1	Legality or public policy;
3.2	Strict liability or lack of ordinary care;
3.3	The carbon monoxide being temporarily or continuously present in the outside air;
3.4	The unexpected hazardous condition that led to the carbon monoxide poisoning being continuous, intermittent, or temporary;
3.5	Accidental ingestion of external carbon monoxide into ventilation systems and any ensuing recirculation into and mixing with the internal air;
3.6	Design effect or flaw in heating, cooling or other ventilation systems, or their respective intake vents placement;
3.7	Any lack of carbon monoxide alarms;
3.8	Any malfunction due to your inadequate maintenance of carbon monoxide alarms;
3.9	Another failure of carbon monoxide alarms; or
3.10	Your other failure to warn.

Construction material pollutant hazards

The phrase construction material pollutant hazards means one or more of the following:	
1	Toxic or noxious fumes, film, vapor, dust, odors, and other residues, including, but not limited to those emanating from:
1.1	Hydrogen sulfide, formaldehyde, styrene vapors, or ammonia;
1.2	Detergents, disinfectants, or desiccants;
1.3	Fly ash;
1.4	Building materials, spray-foam, rock fiber, and glass fiber insulation, sealants, roofing tar or membranes;
1.5	Glue, paint, wood preservative, or carpeting;
2	Including, but not limited to toxic or noxious sulfur compounds emanating from defective drywall and other construction materials.
3	Job-site or job site runoff water contaminated with a pollutant , including sedimentation from a job site.

Contractor pollutant hazards

The phrase contractor pollutant hazards means contact with, discharge, dispersal, or release a pollutant brought onto any location during service, maintenance, construction, or renovation operations by you or your independent contractor or subcontractor.	
--	--

Government pollutant hazards

The phrase government pollutant hazards means government-mandated investigation, regulatory hearing, inspection, testing, monitoring, cleaning up and removal, containment, treatment, decontamination, or in any way responding to, or measuring the effects of a pollutant , including:	
1	The cost of bonds;
2	Court costs;
3	Attorneys' fees imposed against " you ";
4	Any amounts that " you " assumed under a written or oral contract ; and
5	Any action or allegation seeking contribution for response costs and tort claims arising out of failure to pay for the cleanup of a pollutant under international, state, or federal law;
6	Any action or allegation that you are a potentially responsible person under federal and state pollutant laws ; and
7	Any action or allegation that you failed to disclose a known pollutant under a sales disclosure or other disclosure required by law.

Invasive species hazards

The phrase invasive species hazards means a type of plant or animal declared invasive, noxious, prohibited, or otherwise harmful or potentially harmful and regulated by federal and state environmental laws that are not naturally occurring, aboriginal, and native to an environment, including, but not limited to the cost to remove or eradicate it due, in whole or in part, to it:	
1	Having competed for food, water, or habitat with;
2	Crowded out or depleted or changed the environment; or
3	Genetically polluting a naturally occurring aboriginal or native plant or animal.

Maritime pollutant hazards

The phrase maritime pollutant hazards means a pollutant in or near any ocean and any natural or manmade navigable rivers, lochs, lakes, reservoirs, streams, inlets, or bays.	
---	--

Metal ion pollutant hazards

The phrase metal ion pollutant hazards means toxic or harmful levels or accumulations of metal ions, including, but not limited to:	
1	Aluminum, antimony, arsenic, barium, beryllium, bismuth, cadmium, gallium, germanium, gold, indium, lead, lithium, mercury, nickel, platinum, silver, strontium, tellurium, thallium, tin, titanium, vanadium, plutonium, and uranium;
2	Including, but not limited to:

Non-transferred risks		
2.1		Any degradation over time that causes exposure from toxic heavy metals flaking, peeling, chips, flakes, or breaks down into dust or fumes or corrosives;
		The transfer of heavy metal ions by any means, including, but not limited to air, water, food, clothing, animals, insects, earth movement, or weather.

Mixed smoke

The phrase mixed smoke means:		
1		Fog or haze combined with smoke and any other atmospheric pollutant ;
2		Including a contact, exposure, concurrent release, escape, percolation, precipitation, or seepage of a pollutant ;
3	Including, but not limited to the following pollutants :	
	3.1	Ozone;
	3.2	Sulfur dioxide;
	3.3	Carbon monoxide;
	3.4	Nitrogen dioxide; or
	3.5	Engine exhaust fumes from an electrical or internal combustion fire , manufacturing, processing, or smelting operation.

Nanoparticle

The word nanoparticle means an ultrafine particle, atom, fragment, speck, or grain of matter that is between 1 and 500 nanometers (nm) in diameter, including, but not limited to:		
1		Atom clusters;
2		Nanopowder;
3		A nanocluster;
4		Fibers and tubes that are less than 100 nm in only two directions;
5		A nanocrystal with at least one dimension less than 100 nm; and
6		Any nanoparticle , microfluid, or messenger ribonucleic acid (RNA) technology.

Non-physical pollutant hazards

The phrase non-physical pollutant hazards means a pollutant any of the following commercial, agricultural, or residential noxious nuisances:		
1		Excessive heat, sound, vibration, or odors;
2		Excessive human, animal, or vehicle traffic congestion;
3		Electromagnetic fallout; or
4		Excessive light or sunlight shadow.

Non-point source pollutant hazards

The phrase non-point source pollutant hazards means a pollutant source:		
1		That is not a point source pollutant hazard ; and
2	Without an obvious point of entry into the environment:	
	2.1	In terms of identifying a specific type, combination, source, time, date, and location;
	2.2	Including, but not limited to agricultural stormwater discharges and return flows from agricultural irrigation activities.

Non-traditional pollutant hazards

The phrase non-traditional pollutant hazards means any of the following commercial, agricultural, or residential noxious substances or nuisances:		
1		Dust, even if discharged as an incidental by-product of usual and customary agricultural or industrial operations or traffic;
2	A product or ingredient stocked, handled, sold, disposed of, or otherwise distributed, and once:	
	2.1	The product or ingredient is put to use; and
	2.2	It gradually or abruptly degrades or reaches a form or location;
	2.3	That renders it a pollutant under international, federal, and state environmental laws.
3		Animals, vermin , or insects fluids or wastes, including, but not limited to invasive species hazards ;
4		Mold ;
5		Excessive runoff of contaminated water or sewage effluent and discharge odors, including, but not limited to human error, breach or failure of water piping, valves, meters, drains, tanks, or other channeling or containments;
6		Unlawful disposal or storage of cooking oil and grease;
7		Contact with or exposure to cutting torch or welding rod fumes;
8	Carbon monoxide contamination of the environment or interior confined space of a fixed asset , including, but not limited to:	
	8.1	A malfunctioning heating, steam, cooling, or ventilation system; or
	8.2	Cooking or electrical generation activities; or
	8.3	Internal combustion engine fumes.
9	Any mixtures of substances that produce a pollutant , including, but not limited to:	
	9.1	The use of bleach and Sporidicin mix in mold remediation;
	9.2	The use of sanitizing agent triclosan during duct cleaning services;
10		Noxious or toxic airborne substances released by a heating, ventilation, or air conditioning system;
11		Release of toxic or noxious chemicals or fumes from a high-pressure hose delivery system; or
12		Biosolid hazards .

Pesticides, herbicides, and farm chemical hazards

The phrase pesticides, herbicides, and farm chemical hazards means one or more of the following toxic or noxious compounds or substances used to control viruses or crop-harming organisms (such as fungi, nematodes, mites, insects, and rodents) regulated by federal and state environmental laws, including, but not limited to:		
1	Any pesticide, herbicide, or farm chemical subject to federal or state transport requirements or use and application licensure, including, but not limited to:	
	1.1	Sterilants, Metam Sodium, Methyl Bromide, Tellane II, Chloropicrin, Glyphosates;
	1.2	Fertilizers, including, but not limited to anhydrous ammonia;
	1.3	Insect -fungicides, fungicides, rodenticides, regulators, attractants, repellents, or spreaders;
2		Fuels or solvents, detergents, disinfectants, or desiccants;
3		Ag-pharmaceuticals, veterinary biologics, and medicines.

Petroleum and petrochemical hazards

The phrase petroleum and petrochemical hazards mean raw crude oil and any oil distillation product or by-product and specifically includes, but is not limited to:		
1	Petroleum hydrocarbon distillations additives, condensates, and their by-products, including, but not limited to:	
	1.1	Carbon monoxide;
	1.2	Chlorpyrifos;
	1.3	Trihalomethanes;
	1.4	Hydrocarbons discharged into water system;
	1.5	Home and industrial heating oil;
	1.6	Diesel fuel, bio-fuels, alcohol, and its distillates;
	1.7	Chemical agents contained in aircraft, or motor vehicle asset fuel, lubricants, and home and industrial heating oils;
	1.8	Propane and natural gas;
	1.9	Coal tar left by a coal fuel generation plant ;
	1.10	Hydrogen sulfide gas;
2		Any drilling fluid, oil, gas, fracking fluid, methane hydrate, and contaminated water or other fluid from any oil, gas, or mineral extraction operation;
3		Any other ingredient or additive incorporated into any of the above; and
4		Any contaminated packaging, storage tanks, pumps, derricks, processing equipment, or piping.

Point source pollutant hazard

The phrase point source pollutant hazard means any discernable, confined, and discreet conveyance:		
1		As respects a specific type, combination, source, time, date, and location including, but not limited to any pipe, ditch, channel, tunnel, conduit, well, discreet fissure, container, rolling stock, concentrated animal feeding operation, or vessel or other floating craft;
2		From which a pollutant is or may be discharged;

(Continued on the next page)

3	Other than agricultural stormwater discharges and return flow from agricultural irrigation activities.
---	--

Pollutant

The word pollutant means:	
1	A physical toxic or noxious radioactive, biological, or inorganic:
1.1	Contaminant;
1.2	Impurity;
1.3	Toxin;
1.4	Poison;
1.5	Chemical;
1.6	Smoke, fumes, vapor; or
1.7	Waste material; or
2	Excessive light, noise, vibration, or a shadow from sunlight; or
3	A combination of these; and
4	In any molecular form; and
5	Whether a solid, liquid, or gas; and
6	Whether affecting a small or large area;
7	Whether contained within a personal asset (other than fixed asset) or fixed asset(s) or not; and
8	Whether set in motion or spread by natural or manmade forces, including, but not limited to:
8.1	Weather, earthquake, volcanic action , or other earth movements;
8.2	Human error or failure, including, but not limited to architecture, engineering, design, production, or construction, or any containment or leak detection failure;
8.3	Chemical reaction, animal movement or migration, explosion, air movement, fire or smoke, smog , water, or percolation;
8.4	Any fugitive substance that becomes a pollutant under federal and state environmental laws due to actual loss of, suspected loss of, or endangerment from loss of containment.

Pollutant expenses

The phrase pollutant expenses means any dwelling occupancy disruption directly resulting from a pollutant .
--

Pollutant exposure

The phrase pollutant exposure means what is endangered or lost or damaged whether by contact, exposure, ingestion, absorption, or inhalation, including, but not limited to:	
1	Any environment; or
2	Any property, including, but not limited to personal asset (other than fixed asset) or fixed asset(s) ;
3	The presence, form, quantity, or concentration of any single pollutant or combination of more than one pollutant :
4	Its abrupt or gradual usage, exposure, occurrence , presence, discovery, elimination, removal, or lack of prevention; and
5	How any single pollutant or combination of more than one pollutant whether set in motion or spread by:
5.1	Accident , alleged act or failure to act, error, omission, crime, negligence; or
5.2	Any other ways and means whatsoever.

Pollutant extraction expenses

The phrase pollutant extraction expenses means:	
1	The necessary costs incurred by the first-named insured to extract a pollutant from land or water at a covered location ;
2	That directly results from:
2.1	An abrupt aboveground accident ; and
2.2	One or more pollutant limited hazards;
3	That directly results in covered pollutant damage.

Pollutant hazards

The phrase pollutant hazards means the certain endangerment loss or damage, generally involving any pollutant , including, but not limited to any common law or statutory liability for:	
1	Imminent and substantial liability;
2	Damage to manmade or natural resources, including the global commons and space;
3	Prevention of re occurrence costs;
4	Mitigation costs;
5	Clean up damage;
6	Fines and penalties;
7	Criminal prosecution defense expenses;
8	Specific pollutant expenses ;
9	Pollutant extraction expenses ; and
10	The following exposures generally involving a pollutant(s) :
10.1	Negligent hiring;
10.2	Negligence in failing to inspect; or
10.3	Negligence in failing to provide adequate safety equipment;
11	Regardless as to:
11.1	Pollutant exposure ;

Weapon of mass destruction risks

Weapon of mass destruction hazards

The phrase weapon of mass destruction hazards means:		
1	Any instrument, way, or means of inflicting significant injuries, death; and	
2	Intended to inflict destruction over a wide geographic area or otherwise achieve a large-scale injury or destruction event;	
3	Including, but not limited to the following types of instruments, ways, and means:	
3.1	The use of one or more of the following as a weapon:	
3.1.1	A commercial aircraft over 12,500 pounds maximum certificated takeoff weight;	
3.1.2	A watercraft more than 51 feet in hull length;	
3.1.3	A vehicle with more than 26,000 gross vehicle weight or a combined vehicle with a trailer of 80,000 or more combined gross vehicle weight.	
3.2	An accidental or deliberate detonation, reaction, nuclear radiation, or radioactive contamination;	
3.2.1	Whatever the cause, and	
3.2.2	Including any ensuing catastrophic pulse of electromagnetic radiation, shock wave, sound wave, and the abrupt movement of air and debris;	
3.3	Any naturally occurring or human aided or engineered infectious or poisonous biological agent or contagion;	
3.4	Any harmful chemical agent;	
3.5	An electronic or communications attack of any kind that disrupts the military capabilities or public infrastructure serving the global banking system, military systems, and activities, or communication systems and activities; or	
3.6	Any weapon of mass destruction capabilities that is specifically defined as such under U.S. law.	
4	Including, but not limited to any ensuing injury, loss, or damage:	
4.1	Generally involving one or more weapon of mass destruction hazards ;	
4.2	If such ensuing injury, loss, or damage would not have occurred, in whole or in part;	
4.3	But for weapon of mass destruction hazards ;	
4.4	Including, but not limited to:	
4.4.1	Ensuing air gust hazards ;	
4.4.2	Ensuing collapse hazards , including subsequently discovered structural deterioration hazards ;	
4.4.3	Ensuing extreme interior atmosphere hazards ;	
4.4.4	Ensuing fire hazards ;	
4.4.5	Ensuing smoke hazards ; or	
4.4.6	Ensuing wildfire hazards .	

Wear and tear risks

Environmental exposure

The phrase environmental exposure means:		
1	Any developing condition of gradual degradation;	
2	Generally involving exposure to the elements of its atmosphere and environment;	
3	Whether indoors or outdoors;	
4	Including, but not limited to:	
4.1	Loss of the ability of any personal asset (other than fixed asset) or fixed asset(s) to withstand weathering action, chemical attack, abrasion, and other conditions of service;	
4.2	Water and wind erosion;	
4.3	Cupping, deformation, flaking or peeling off in successive layers, swelling up, unraveling, warping, sagging, pitting, delaminating, peeling, cracking, rusting, corroding, settling, drying, or clumping, shrinking, creeping, cracking, or expanding, curling, thermal cracking, de-bonding, or fading, uneven color shading, staining, discoloration, blotchiness or yellowing of color resulting from:	
4.3.1	Changes in moisture or humidity, including, but not limited to exposure to excessive humidity or insufficient humidity over time, including, but not limited to mildew staining;	
4.3.2	Ultraviolet (UV) damage from sunlight and weathering over time;	
4.3.3	Chemical reactions and changes over time;	
4.3.4	A corrosive environment;	
4.3.5	An electrolytic reaction between dissimilar metals in the presence of an electrolyte over time; and	
4.4	Loss or damage is expected with exposure to extended storage elements, including quality loss or damage due to shelf-life expiration, spoilage, loss of grade, or otherwise becoming unmarketable.	

Lack of maintenance or protection

The phrase lack of maintenance or protection means:		
1	Any developing condition of gradual degradation;	
2	Generally involving :	
2.1	Lack of routine maintenance;	
2.2	Lack of compliance with manufacturer or builder recommendations or warning; or	
2.3	Lack of usual and customary protection of the personal asset (other than fixed asset) or fixed asset(s) ;	
3	Due to faulty, inadequate, or defective maintenance:	
3.1	Concerning a fixed asset in whole or in part;	
3.2	Including, but not limited to:	
3.2.1	Exteriors, deck deterioration, or column leaks;	
3.2.2	Inadequate maintenance of the exterior cladding, painted wood trim, deck flashing or coating systems, or failed sealant joints (at penetrations in the cladding, at changes of plane, and at changes of material):	
3.2.2.1	That allowed moisture contact or exposure to harmful moisture levels within the construction assemblies;	
3.2.2.2	That in turn caused localized deterioration of the drywall material, decay of wood framing materials, or corrosion to fasteners, or structural hardware;	
4	Including, but not limited to:	
4.1	Preexisting wear and tear damage;	
4.2	Lack of routine care and preventive maintenance;	
4.3	Replacement or servicing of a covered personal asset (other than fixed asset) or fixed asset(s) due to any manufacturer's recall;	
4.4	Repairs necessitated by your negligence;	
4.5	Improper installation;	
4.6	A covered personal asset (other than fixed asset) or fixed asset(s) :	
4.6.1	Being repaired with or containing mismatched components with incompatible electrical or mechanical capacity ratings; or	
4.6.2	Being improperly installed, altered, repaired, installed, modified, or damaged in the course of a renovation or unauthorized repair;	
4.7	Failure to maintain any covered personal asset (other than fixed asset) or fixed asset(s) according to the manufacturer's label and instructions;	
4.8	A progressive or incremental loss due to failure to maintain structural plumb, calibration, or alignment over time;	
4.9	A loss in quality or grade of property that damages or destroys it;	
4.10	Expiration of shelf-life or use-life of any personal asset (other than fixed asset) or fixed asset(s) as stated by the manufacturer;	
4.11	Wear and tear damage resulting from any alteration of any covered personal asset (other than fixed asset) or fixed asset(s) ;	
4.12	Wear and tear damage repairs that were not authorized by us or that were made by a party not explicitly authorized by us ;	
4.13	Wear and tear damage of any personal asset (other than fixed asset) or fixed asset(s) by bacterial processes brought about by certain bacteria that consume the material and produce substances, including but not limited to hydrogen sulfide, ammonia, and sulfuric acid, due to lack of cleaning, maintenance, or protection;	

(Continued on the next page)

Non-transferred risks

4.14	Rot or decomposition, hidden or visible during regular use and routine maintenance, from the actions of:
	4.14.1 Sunlight, a bacterium, or acid rain;
	4.14.2 A virus, mold , fungus, or another microorganism;
	4.14.3 Industrial or agricultural smoke or sewage or other effluents, or other chemical contamination or reaction; or
	4.14.4 Damage from the ownership, use, or keeping of any animal.

Manufacturer’s defect

The phrase manufacturer’s defect means:	
1	Any developing condition of gradual degradation;
2	Generally involving a manufacturer’s defect ;
3	Including, but not limited to:
3.1	Having been issued a warning or recall, or a voluntary recall;
3.2	A failure caused by the manufacturer’s defective design, material, assembly, chemical, formula, process, or any other manufacturing defect;
3.3	Any covered personal asset (other than fixed asset) or fixed asset(s) being assembled with or containing mismatched components with incompatible electrical or mechanical capacity ratings;
3.4	The tendency of a physical object to deteriorate because of the fundamental instability of its components or assembly method; or
3.5	Slight color differences that occur as a result of normal manufacturing operations.

Misuse hazards

The phrase misuse hazards means:	
1	Any developing condition of gradual degradation;
2	Generally involving misuse or maltreatment.

Wear and tear hazards

The phrase wear and tear hazards means:	
1	The gradual wearing of a surface by abrasion, rubbing, or friction, including, but not limited to, a reduction into small fragments and subsequently into particles;
2	Progressive or incremental loss and scouring of material from a solid surface due to erosion or any other mechanical interaction between that surface and a fluid, multi-component fluid, or solid particles carried with the fluid or wind;
3	Deformation due to sustaining a load over time, including, but not limited to, an increase in length, expansion, elastic shortening, swelling, or shrinkage;
4	Staining or discoloration by foreign matter;
5	Malfunction or reduced use of any covered personal asset (other than fixed asset) or fixed asset(s) that can be resolved by the replacement of any expendable part or recharging, including, but not limited to:
5.1	Batteries, bulbs, blades, wheels, belts, tires, filters, and bags;
5.2	Refrigerant or refrigerant reclamation;
6	Environmental exposure ;
7	Manufacturer’s defect ;
8	Lack of maintenance or protection ; or
9	Misuse hazards ;
10	Including, but not limited to any ensuing injury, loss, or damage:
10.1	Generally involving one or more wear and tear hazards ;
10.2	If such ensuing injury, loss, or damage would not have occurred, in whole or in part;
10.3	But for wear and tear hazards ;
10.4	Including, but not limited to:
10.4.1	Ensuing air gust hazards ;
10.4.2	Ensuing collapse hazards , including subsequently discovered structural deterioration hazards;
10.4.3	Ensuing extreme interior atmosphere hazards ;
10.4.4	Ensuing fire hazards ;
10.4.5	Ensuing smoke hazards ; or
10.4.6	Ensuing wildfire hazards .

Woodstove risks

Woodstove hazards

The phrase woodstove hazards means:	
1	A woodstove or pellet stove, including its venting, chimney and safety features;
2	That has been installed and operated in violation of, or out of compliance with applicable:
2.1	Manufacturer’s installation and safety instructions and operation warnings;
2.2	State, federal, and local regulatory ordinances and statutes that govern the manufacture, installation, and sale of woodstoves;
2.3	Woodstove industry standards and codes;
2.4	Including, but not limited to National Fire Protection Association 211;
3	That has not been commercially manufactured or is otherwise homemade, in whole or in part;
4	That has been commercially manufactured, but has been materially modified by you or another person that increased harmful fire , smoke, and carbon monoxide poisoning hazards ;
5	Any violation of the Environmental Protection Agency’s New Source Performance Standards that governs the manufacture and sale of residential woodstove or pellet stove concerning emissions;
6	Any violation of state, federal, and local regulatory ordinances and statutes concerning woodstove or pellet stove use, including, but not limited to emissions or nuisance laws;
7	Your failure to prevent chimney fires generally involving creosote accumulation due to your inadequate maintenance and inspection;
8	Your failure to prevent carbon monoxide poisoning hazards that are generally involving your failure to inspect and maintain the chimney and vents;
9	Regardless of:
9.1	The woodstove’s use for heating, incineration, or cooking;
9.2	The age or experience of the user or fire tender; or
9.3	The type of fuel or fuel delivery system.

4.2	With a delivery receipt request; and
4.3	At least ten days before the cancellation date, or the number of days required by state law, whichever is longer.

Lender rights

Even if we deny the first-named insured's covered claim because of the first-named insured's acts or omissions, the first-named insured's lender or loss payee has the right to receive loss payment in the order of their legal precedence as each financial interest is perfected:	
1	Even if the first-named insured's lender has started foreclosure or similar action on the covered collateralized asset;
2	Provided that the first-named insured's lender complies fully with all the following conditions precedent to payment:
2.1	It promptly pays all premiums due under the insurance at our request; It has notified us of any change in ownership or occupancy and any substantial change in a risk known to it; and
2.2	It provides a signed, sworn proof-of-loss statement within 60 days after receiving notice from us of the first-named insured's failure to submit the required information or forms.
2.3	In this case, all policy provisions will apply directly to the first-named insured's lender(s) .

Premium payment

1	The lender or loss payee's failure to promptly pay a premium shall be considered a request by the lender or loss payee for us to cancel the policy.
2	It is understood and agreed that in the event of a total loss to a covered asset under the policy, the entire policy premium for that covered asset shall be earned in full.
3	No premium refund shall be due to the lender or loss payee.

(Continued on the next page)

Policy change, cancellation, or nonrenewal	
5	Evidence of arson by a covered person(s) and organization(s) .

Fraud or material misrepresentation

Discovery of fraud or material misrepresentation or nondisclosure made by or with the knowledge of:	
1	You or your broker of record or other representative;
2	Concerning obtaining or continuing this insurance policy or a claim(s) under the policy.

Governmental actions or inactions

1	A determination of the Insurance Commissioner that the continuation of the policy would place us in violation of the insurance laws.
2	The cancellation is for all insureds under such policies for a given class of insureds.
3	If the government finds that the early cancellation of some or all of our policies is necessary to protect the best interests of the public or policyholders due to our financial impairment, lack of adequate reinsurance coverage, or placement under governmental supervision.

Increase in hazard outside of your control

1	Increased hazard or material change in the risk we assumed that could not have been reasonably contemplated by the parties at the time of assumption of the risk.
2	Material increase in exposure arising out of changes in statutory or case law subsequent to the issuance of this insurance policy or any subsequent renewal thereof.

Increase in hazard within your control

1	An increase in a hazard within your control that would produce a rate increase or underwriting rule disqualification.
2	Discovery of a willful or reckless acts, or omissions or a grossly negligent act of omission by a covered person(s) and organization(s) that noticeably increases the risks underwritten.
3	We have identified a condition as one that created an increased risk of hazard that was not disclosed in the application process for coverage; and was not the subject of a prior claim.
4	Conviction of a covered person(s) and organization(s) of a crime that is generally involving an act that materially increases the risks underwritten.

Line of insurance cancellation

We have ceased writing the particular type or line of insurance coverage contained in said policy throughout the state or should we discontinue operations within the state.	
--	--

Loss of reinsurance

Our inability to secure adequate reinsurance at terms or substantial changes in conditions that are financially affordable or are otherwise inadequate to mitigate the risks to a retention level that does not threaten our insolvency that provided coverage to us for all or a substantial part of the underlying risk insured.	
---	--

Natural disasters

We have determined that concerning naturally occurring disasters, the first-named insured has failed to take action reasonable necessary as requested by us to prevent:	
1	Recurrence of damage to the covered assets.
2	A future similar occurrence of damage to the covered asset.

Nonpayment of premiums

Nonpayment of the total premium or periodic installment when due.	
--	--

Physical asset hazards

1	Fixed and salvageable items have been or are being removed from the building and are not being replaced (other than removal that is necessary or incidental to any renovation or remodeling).
2	Physical changes in covered assets that result in covered assets becoming uninsurable under our underwriting guidelines.

Supervision, conservatorship, or receivership

We have been placed in supervision, conservatorship, or receivership, and the cancellation or nonrenewal is approved or directed by the supervisor, conservator, or receiver.	
--	--

Violation of code

The state insurance department has determined that the continuation of the policy would violate the insurance code or any other law governing the business of insurance in the applicable state.	
--	--

State of emergency allowances

1	If a state of emergency is declared by the governor and the commissioner of insurance regulation files an emergency order, and the covered dwelling asset has been damaged as a result of a widespread wildfire, wind, or hail event that is the subject of the declared emergency;
2	During the period beginning from the date the state of emergency is declared until 90 days following the repair of a covered dwelling asset or the dwelling asset is substantially restored and qualifies to be underwritten by another insurer, whichever is less;
3	We may cancel this policy only for the following reasons;
3.1	Nonpayment of premium ;
3.2	Material misstatement or fraud related to the claim;
3.3	We determine the first-named insured has unreasonably caused a delay in the repair of the covered dwelling asset ;
3.4	We have paid the first-named insured the applicable limit under this policy;
3.5	A determination of the Insurance Commissioner that the continuation of the policy would place us in violation of the insurance laws;
3.6	Our reinsurance coverage has been nonrenewed, cancelled or renewal premiums increased so that the continuation of the policy would place us in jeopardy of a loss or severe reduction in our financial ratings or insolvency.
3.7	If we can demonstrate that the first-named insured has failed to take reasonable action necessary as requested by us to prevent:
3.7.1	Recurrence of damage to the covered assets; or
3.7.2	A future similar occurrence of damage to the covered assets.

Breach of underwriting warranty option to cancel

1	If there is any breach of underwriting warranty by a covered person(s) and organization(s) , including your broker of record and your other representatives, indemnitees , or assigns;
2	We may, at our option, prospectively cancel:
2.1	The affected coverage prospectively with 10 days' notice to the first-named insured ; and/or
2.2	The entire policy with 30 days' notice to the first-named insured ; and
3	May at our option:
3.1	After giving 30 days' notice; and
3.2	Return all premiums paid by the first-named insured ;
3.3	Rescind the policy:
3.3.1	In its entirety; or
3.3.2	Partially as respect the particular coverage affected.

Reinstatement

1	After the due date, any premium payment received by us will be considered an application by the first-named insured to reinstate the lapsed policy.
2	We are under no obligation to reinstate.

Updates to payment information.....	1		

This Payment Processing Agreement (“Agreement”) is entered into between Hudson Bailey Insurance Services Inc. (“Company”), and the **first-named insured** (“Customer”), effective as of the date of acceptance.

Payment authorization

Customer authorizes Hudson Bailey Insurance Services Inc. (and its designated payment processor, Tranzpay) to initiate electronic debits or charges from the bank account, debit card, or credit card provided by Customer for payment of **premiums**, policy fees, and other charges related to Customer’s insurance policy or program subscription. This authorization includes the right to automatically process recurring payments as described below.

Payment schedule

Annual Payment Option:	
1	If Customer selects annual payment, the total annual amount due will be automatically charged in full at the beginning of each annual term. Hudson Bailey Insurance Services Inc. may automatically renew and charge the annual payment on or after each renewal date unless Customer cancels in writing at least 30 days prior to renewal.
Monthly Payment Option:	
2	If Customer selects monthly payment, the designated payment method will be automatically charged for one-twelfth (1/12) of the annual amount each month on or around the same day of the initial payment. Monthly payments will continue automatically unless canceled by electronic notice through the following email address clientservices@hudsonbaileyins.com at least 10 days before the next scheduled charge.

Failed or returned payments

If any automatic charge is declined or returned unpaid, Customer remains responsible for all unpaid amounts and may be assessed a processing or return fee of up to \$25. Hudson Bailey Insurance Services Inc. reserves the right to suspend, cancel, or terminate coverage or services until payment is successfully received please refer to any applicable policies conditions.

Updates to payment information

Customer agrees to maintain accurate payment information and to promptly notify Hudson Bailey Insurance Services Inc. of any changes to the payment method, billing address, or account status. Failure to maintain valid payment information may result in cancellation of the policy or service. Please refer to any applicable policies conditions.

Authorization duration

This authorization remains in effect until Customer provides written notice of cancellation to Hudson Bailey Insurance Services Inc., subject to the required **notice** periods above. Cancellation will not relieve Customer of payment obligations already incurred. Hudson Bailey Insurance Services Inc. may retain this authorization for record-keeping purposes as permitted by law.

Refunds and adjustments

Refunds, if any, will be issued in accordance with Hudson Bailey Insurance Services Inc.’s cancellation and refund policy, and will generally be returned to the original payment method. Tranzpay may process such refunds on behalf of Hudson Bailey. Please refer to any applicable policies conditions.

Electronic records

Customer consents to receive this Agreement and all related payment notices electronically. Electronic authorization has the same legal effect as a signed paper authorization. Copies of this Agreement are available upon request.

Governing law

This Agreement is governed by the laws of the State of [State], without regard to its conflicts-of-law principles. By selecting a payment option and submitting payment information, Customer acknowledges and agrees to the terms of this Payment Processing Agreement and authorizes Hudson Bailey Insurance Services Inc. to collect payments through Tranzpay as described herein.
